Provisions of Issue—The amount of bonds authored to be issued under this mortgage is limited so that e amount thereof at any time outstanding, plus the en outstanding prior funded debt as defined in the ortgage, shall not exceed twice the amount of the en outstanding capital stock. Bonds are issuable under the mortgage to refund the existing underlying obations and any bonds or other obligations which may reafter become underlying debt through the purchase property subject to debt. Subject to the above limition in amount, bonds are also issuable for the acquision of additional property necessary or useful in conction with the business of the Company (including ocks, bonds and securities of other corporations) and betterments; but if at any time the amount of outnding bonds secured by this mortgage, when added the prior bonded debt (if any) of the Company, all exceed the amount of the then outstanding capit stock, additional bonds will be issuable for not exeding 75% of the expenditures for such additional operty and betterments.

After $25,000,000 of bonds have been issued on acunt of the acquisition of stock or unsecured obligans of other corporations, or in respect of additions their property, where not secured by First Mortge bonds, bonds may not be issued for such purposes excess of one-third of the amount of bonds issued on ount of additional property and then outstanding. Authorized and issued Series A, $50,000,000 of which 51,400 have been retired.

The mortgage further provides that so long as the ries "A" Bonds are outstanding, no bonds will be uable, except for refunding, unless the net earnings the Company available for interest charges during twelve consecutive months out of fifteen months mediately preceding the proposed issue, shall have en not less than one and three-fourths times the erest on the outstanding bonded debt, plus the nds proposed to be issued. The bonds issuable der the mortgage may be of several series and may y as to interest rates, maturity dates, sinking fund l other provisions as may be determined by the mpany from time to time.

Approximately $24,000,000 of the proceeds of the ies "A" bonds was used to pay for the acquisition property and for the extension and improvement the Company's telephone plant and system, and balance was applied to the repayment of advances viously made for similar purposes by the American lephone and Telegraph Co.

Callability—Series "A" bonds are subject to call, in ole but not in part, on sixty days' notice on Feb. 1934, or on any interest date thereafter at the foling prices, plus accrued interest: If on or before g. 1, 1950, at 105, and if subsequent to Aug. 1, 1950, par.

Sinking Fund—Sinking fund payable semi-annually inning Aug. 1, 1924, amounts to $500,000 a year, h payments to be used in purchasing Series "A" bonds, if obtainable at not exceeding par and interest, otherwise to be used for capital expenditures with respect to property covered by the mortgage, against which expenditures no bonds under this mortgage may be issued so long as any Series "A" bonds are outstanding. If bonds are purchased for the full amount of the sinking fund payments, not less than $14,000,000 principal amount of the Series "A" Bonds will be retired by maturity.

Security—The First and Refunding Mortgage covers all the real estate, buildings and telephone plant now owned or hereafter acquired by the Company in the States of Missouri, Arkansas, Oklahoma and Texas, subject only to $8,055,900 closed mortgages which obligations, as to principal and interest, have been assumed or guaranteed by Southwestern Bell Telephone Co. The Company covenants that it will not mortgage its property in the State of Kansas, except that it may subject such property to the lien of the First & Refunding Mortgage, in which event (although no bonds under this mortgage may be issued against property in the State of Kansas in existence at the date of the mortgage) bonds may be issued against additions, betterments and improvements to such property made or acquired subsequent to the date of the mortgage.

Tax Provisions—Company does not pay Normal Federal Income Tax.

History and Properties—Incorporated Nov. 17, 1915, in New York, and purchased the going business of Western Electric Co. (incorporated Nov. 26, 1881, in Ill.). The latter company was successor to the business of the Western Electric Mfg. Co.

The incorporation of this company under the laws of the State of New York, together with the purchase of the going business of Western Electric Company an Illinois corporation) and the assumption of the latter company's obligations was in effect a reorganization and change of domicile of the latter company. The statistics following cover the operations of the two companies, thus giving the results of the continuing business without attempting to segregate that part which pertains only to the operations of the Western Electric Co., Inc.

The Company manufactures telephone apparatus, cable and switchboards used by the Bell telephone companies; also does a telephone supply business. It is the largest manufacturer of telephone apparatus in the world. Its subsidiary, Graybar Electric Company, Inc., is the largest distributor of electrical supplies in the United States.

The principal manufacturing of the Company is carried on at the Hawthorne Works, near Chicago, which covers about 200 acres. The Hawthorne Works were begun in 1903 and now comprise more than 100 buildings containing 3,797,000 square feet of floor space.

The Kearny Works which covers about 60 acres located between Jersey City and Newark, New Jersey, were begun in 1923 and the cable factory there was completed and began operations during 1925. The buildings now include 1,342,000 sq. ft. of floor area.

The Company also owns real estate used for warehouses at Pittsburgh, Atlanta, Salt Lake City and San Francisco and fixtures for warehouses in these, and 29 other cities. During 1927 new warehouse buildings were occupied at Washington, D. C., Kansas City, Mo. and Jacksonville, Fla. At the end of the year new warehouses at Chicago, Ill. and Cleveland, O. were nearing completion and plans were under way for a new warehouse at New Haven, Conn. The shops maintained at the distributing warehouses to manufacture certain special equipments and to repair materials removed from service, during 1927 handled materials valued at $34,000,000, as compared with $17,000,000 five years previous to that.

At the end of 1927 employees of Company numbered 40,565 as compared with 45,110 on the pay roll at the beginning of the year.

CENTRAL STATES ELECTRIC CORPORATION

History—Incorporated May 28, 1912, in Va., with power, among other things, to acquire and own stocks and other securities and the properties of electric power, electric lighting, gas and other public service companies.

On April 20, 1922, the Central States Electric Corporation sold its holdings of Common stock of The Cleveland Electric Illuminating Co. for 60,000 shares of North American Company, Pfd., stock and cash more than sufficient to pay off the $5,963,784 Ten-Year 5% Secured Gold Notes, due June 1, 1922.

Corporation owned as of Dec. 31, 1926 shares Common stock of The North American Co., and 9,100 shares Common stock of Pacific Gas & Electric Company. In addition, Corporation owns stocks of the following: American Power & Light Co., Consolidated Gas Co. of New York, Detroit Edison Co., Electric Investors, Inc., Middle West Utilities Co., National Power & Light Co., Northern States Power Co. (Minn.), Public Service Corp. of New Jersey, Southeastern Power & Light Co. and Washington Water Power Co.

CAPITAL STOCK

Authorized, 1,500,000 shares Common of no par value (increased from 100,000 shares of $100 par, to 150,000 shares of no par, on Jan. 29, 1924, and to 1,500,000 shares on Dec. 23, 1925); $7,543,300 7% cumulative Preferred, par, $100, and $75,000,000 6% cumulative Pfd., par $100; outstanding, Mar. 31, 1928, 1,090,380 shares Common; $7,543,300 7% Pfd. (increased from $4,543,300 in August, 1925) and $10,026,000 6% Pfd.

Subscription Privileges—Stockholders in Jan., 1924, were given the right to subscribe to 54,519 shares of Common of no par value at $20 per share on the basis of one new share for each share held. 7% Pfd. and Common stockholders of record Aug. 8, 1925, received the right until Aug. 20, 1925, to subscribe at $98 a share for 30,000 shares of 7% Pfd. stock, par, $100, on the basis of one share of 7% Pfd. for each five shares of Common and/or 7% Pfd. stock held.

7% Preferred Stock Provisions—Has preference for cumulative dividends at the rate of 7% per annum, and upon liquidation is entitled to par and accrued dividends. There is no provision for distribution in merger. Not subject to call. 7% Pfd. and Common stocks have equal voting privileges.

Purpose of Issue—The proceeds from the sale of the $3,000,000 7% Pfd. stock were used to refund in part existing obligations and for other corporate purposes.

7% Preferred Stock Offering—A. B. Leach & Co., Inc., New York, in Aug., 1925, offered the unsubscribed portion of the $3,000,000 7% cumulative Pfd. stock at $98 per share to yield about 7.22%.

6% Preferred Stock Provisions—Subject to the prior preferences of the 7% Pfd. stock of which $7,543,300 is outstanding (and of which no additional amounts are to be issued) the 6% Pfd. has preference over Common as to cumulative dividends to the extent of 6% per annum and as to assets to the extent of $110 and dividends. Except as required by statute the 6% Pfd. stock shall have no voting rights and shall have no rights to subscribe for any additional stock or convertible securities. It is subject to call as a whole or in part, on 30 days' notice at 110 and accrued dividends. So long as any 6% Pfd. stock is outstanding (a) Corporation shall not pay any cash or scrip dividend on Common stock unless after such payment net tangible assets shall be at least 150% of aggregate par value of all 6% Pfd. stock and other stock with equal or prior rank then outstanding; (b) no 6% Pfd. stock or other stock with equal or prior rank (except 6% Pfd. stock or other stock with equal rank issued upon the exercise of any conversion privilege contained in debentures issued under Indenture dated Jan. 1, 1928, or in any warrants issued upon redemption of the debentures) shall be issued unless, after giving effect to such issue, net tangible assets shall be at least 150% of the aggregate par value of all 6% Pfd. stock and other stock with equal or prior rank, then outstanding, but no stock ranking prior to 6% Pfd. stock may be issued if holders of 25% of 6% cum. Pfd. stock then outstanding shall not approve; (c) no amendment adversely affecting preferences of the 6% Pfd. stock shall be made without consent of holders of at least 80% of such stock then outstanding, but the Certificate of Incorporation may be amended to provide, with consent of the holders of only a majority of 6% Pfd. stock then outstanding, that authorized amount of 6% Pfd. stock shall be changed into stock issuable in series, with provision for variations as to dividend rates, etc., of which one series shall include the 6% Cum. Pfd. stock then outstanding and reserved for conversion of debentures.

Common Stock Purchase Warrants—Each 6% Pfd. stock certificate (offered in April, 1928), will carry a stock purchase warrant (non-detachable prior to Nov. 1, 1928) entitling holder thereof, subject to provisions of resolutions to be adopted by directors authorizing issue of such warrants, to purchase from Corporation on or before May 1, 1933, one share no par Common stock of The North American Company for each share of Pfd. stock represented by such certificate at prices determined by the order in which the warrants are exercised; the holders thereof paying $72 a share for the first 33,333 shares so purchased, $77 a share for the second 33,333 shares so purchased, and $82 a share for the remaining 33,334 shares so purchased.

Purpose of Issue—The proceeds from the sale of this issue of $10,000,000 par value of 6% Pfd. stock were used to acquire additional investments, to liquidate current indebtedness and for other corporate purposes.

Original Offering of 6% Pfd.—First publicly offered ($10,000,000 6% cumulative Pfd., par $100, with Common stock purchase warrants) in April, 1928, at 101 and accrued dividend, to yield 5.94% by Dillon, Read & Co., Stone & Webster and Blodget, Inc., E. H. Rollins & Sons, Dominick & Dominick and Shields & Co. Inc., New York.

7% Preferred Stock Exchange Offer—In Feb., 1928, Corporation offered holders of the 7% Pfd. stock opportunity to exchange for new 6% cumulative Pfd. stock on the basis of 1 3-40 shares of 6% Pfd. for each share of 7% Pfd. and in addition thereto rights to purchase on or before April 1, 1933, Common stock of North American Co. at rate of 1 3-40 shares of North American Common for each share of 7% Pfd. stock, at $65 a share for rights first exercised up to an aggregate of one-third of the total number of shares purchasable; $70 a share for the next one-third, and $75 a share for the final one-third. Offer expires March 30, 1928 and is conditioned upon its acceptance by not less than 60% of the total 7% Pfd., which is outstanding in amount of $7,543,300. If offer becomes effective exchange will be made as of April 1 and the regular quarterly dividend of $1.75, payable March 31, 1928 on the 7% Pfd. stock will be paid on March 10, 1928 while dividends on the 6% Pfd. will cumulate from April and will be payable quarterly beginning June 1, 1928. As no fractional shares of 6% Pfd. stock or warrants for purchase of fractions of shares of North American Co. Common will be issued, Corp. made arrangements with Empire Corp., 60 Broadway, New York, whereby that company will sell fractional scrip Ctfs. on the basis of $2.65 a unit of 1-40 of a share or buy at $2.60 a unit of 1-40 a share.

FUNDED DEBT

$19,974,000 5% CONVERTIBLE DEBENTURES; DUE JANUARY 1, 1948

Dated January 1, 1928.

Interest Payable January and July 1, at Dillon, Read & Co., New York City.

Denomination—Coupon, $1,000; principal may be registered.

Trustee—Central Union Trust Co. of New York.

Provisions of Issue—Authorized, $50,000,000 at any one time outstanding; issued, $20,000,000 5% Convertible Debentures Series, due 1948, of which $26,000 had been converted into an equal par amount of 6% Preferred stock to March 31, 1928. Additional issues of debentures may be 5% Convertible Debentures and/or debentures of one or more other series and any series may differ from any other series as to maturity dates, interest rates, interest payment dates, redemption provisions (if any), sinking fund, purchase fund or analogous provisions (if any), conversion provisions (if any) and in such other respects as may be permitted by the indenture. For restrictions in regards to future issues see Section 2 of "Security Paragraph" below.

Purpose of Issue—The proceeds from the sale of the $20,000,000 5% Convertible Series due 1948 were used (a) to liquidate indebtedness incurred in connection with acquisition of stocks (b) to acquire additional investments and (c) to redeem the Secured 6% Sinking Fund Gold Debentures, due Nov. 1, 1945, which were called for payment on March 24, 1928, at 105 and interest.

Callability—Subject to call as a whole or in part by lot, on 30 days' notice to and including Dec. 31, 1942, at 105 and interest, the premium thereafter decreasing 1% per annum.

Convertibility—The $20,000,000 5% Convertible Debentures are convertible on or before Jan. 1, 1938, into 6% cumulative Preferred stock, at the rate of 10 shares for each $1,000 Debentures, subject to cash adjustment for interest and dividends. In the event of redemption of these debentures before Jan. 1, 1938, warrants are to be issued to holders of debentures redeemed entitling such holders to purchase at par and accrued dividends 10 shares of such Preferred stock during a period of 5 years after such redemption, but in no event after Jan. 1, 1928; warrants so issuable, however, are subject to call on 30 days' notice (at any time on or after the date when issuable) at the rate of $10 for each share of stock purchasable under such warrants.

Purchase Fund—Indenture provides for a purchase fund of $200,000 per annum for the issue of $20,000,000 5% Convertible Debentures, available semi-annually, and to be used in the purchase of debentures of this issue if obtainable at or below 100 and interest; unexpended balances to revert periodically to Corp.

Security—A direct obligation of corporation but not secured by mortgage. The indenture provides, among other things, as more fully to be defined and stated therein, that (1) Corporation shall not create any lien (except to secure bank loans or purchase money obligations) without securing the debentures equally and ratably with any other debt secured thereby; (2) Corporation shall not issue any debentures additional to these $20,000,000 of debentures and shall not create any other debt (except (a) unsecured bank loans (b) limited amounts of unsecured short term debt and (c) for extensions, renewals and refundings) unless after such action assets shall be at least 1¾ times all outstanding debt; (3) Corporation shall be subject to restrictions (among others) against payment of cash dividends on its Common stock if after such payment assets shall be less than 1¾ times all outstanding debt, unless such dividends be replaced by capital.

The restrictions outlined in (1), (2) and (3) above (as well as the conversion of, and/or the purchase fund for, and other provisions relating to, the 5% Convertible Debentures) may be provided for in a supplemental indenture and may be limited so as to be in effect only so long as any of the 5% Convertible Debentures shall be outstanding. The Indenture or such supplemental indenture may be modified, on consent of the holders of 80% of the debentures or 80% of the 5% Convertible Debentures, respectively, then outstanding, as to certain terms and provisions thereof.

Tax Provisions—Corporation pays Normal Federal Income Tax up to 2%. Pennsylvania Personal Property Tax up to 4 mills, and Massachusetts Income Tax up to 6% refundable.

Original Offering—First publicly offered ($20,000,000 5% Convertible Series, due 1948) in Dec., 1927, at 96½ and interest to yield 5.28%, by Dillon, Read & Co., New York, etc.

BOND REDEMPTION

All the outstanding Secured 6% Sinking Fund Gold Debentures, due Nov. 1, 1945, described in the 1927 Public Utility Manual, page 358, were called for redemption on March 24, 1928, at 105 and interest.

The territory served lies in the south central part of the State of Illinois, just east and south of Springfield, and covers Christian and Montgomery Counties. The more important communities served include Taylorville, Pana, Nokomis, Morrisonville, Litchfield and Hillsboro. Connected stations, 9,341. Long distance business is handled in connection with the lines of the Illinois **Bell Telephone Co.** and the American Telephone & Telegraph Co. through a joint operating agreement.

No. of central offices, 13; private branch exchanges, 4; company stations, 9,341. Miles of pole lines, 1,039; miles of wire 9,959.

CAPITAL STOCK

Authorized, $1,000,000; outstanding, $400,000; par, $100. Annual meeting, in February. No dividends paid.

FUNDED DEBT

$499,000 FIRST MORTGAGE GOLD 6½s; DUE MARCH 1, 1944

Dated March 1, 1924.

Interest Payable March and September 1, in Chicago or New York.

Denominations—Coupon, $100, $500 and $1,000; principal may be registered.

Trustee—Chicago Trust Co., Chicago, Ill.

Provisions of Issue—Authorized issue, $2,000,000. Additional bonds may be issued to a par amount not exceeding 75% of the cost or fair value (whichever is less) of additional physical properties, extensions and improvements, and then only when net earnings of the Company including those of the properties to be acquired, after deducting depreciation computed as required by the Illinois Commerce Commission, shall have been at least 1¾ times the interest charges on all said bonds, including those proposed to be issued.

Callability—Subject to call as a whole on any interest date prior to maturity at 105 and accrued interest.

Sinking Fund—The company covenants in the mortgage to provide each year by way of sinking fund, beginning March 1, 1925, either an amount equal to 5% of the net earnings for the previous year, figured before depreciation, or an amount sufficient to retire outstanding bonds, equal to 1% of the highest aggregate principal amount of bonds at any time outstanding, whichever is the greater. In the alternative, the company may surrender to the Trustee for cancellation outstanding bonds in such principal amount, or may expend during the year a sum equal to such amount for permanent additions to or extensions of the mortgaged premises against which no bonds may be issued.

Security—Secured by a first mortgage on all the real estate, buildings and telephone properties of the Company now owned or hereafter acquired, including its rights and franchises.

Tax Provisions—Company pays Normal Federal Income Tax up to 2%. Company agrees to refund, when paid and claimed by holders, the Pennsylvania, Maryland and Connecticut personal property taxes not to exceed those now in effect, and the Massachusetts State Income Tax not to exceed 6%.

Legal Opinion—Fisher, Boyden, Kales & Bell Chicago, Ill.

Original Offering—First publicly offered ($400,000) in April, 1924, at 100 and interest, to yield 6.50%, by Chicago Trust Co.; Curtis, Stephenson & Co., Inc. Boston, and Morris F. Fox & Co., Milwaukee.

$579,000 FIRST LIEN 6% GOLD BONDS, SERIES "A"; DUE APRIL 1, 1951

Dated April 1, 1926.

Interest Payable April and October 1 at Ames, Emerich & Co., Chicago and New York.

Denominations—Coupon, $100, $500 and $1,000; principal may be registered; denominations interchangeable.

Trustee—The Foreman Trust and Savings Bank, Chicago, Ill.

Provisions of Issue—Authorized amount unlimited; issued, $579,000. Proceeds of this issue will be used to reimburse Company for part of its expenditures in connection with the acquisition, improvement and interconnection of its various properties.

First Lien Gold bonds in aggregate principal amount not exceeding the sum of $125,000 are issuable, provided the net earnings, after expenditures and charges for replacements, as defined in the Trust Agreement, are 1¾ times the interest charges on all bonds outstanding, including those the issuance of which is applied for, provided further the principal amount of First Mortgage bonds of subsidiaries pledged equals or exceeds the principal amount of all bonds outstanding under the Trust Agreement, including those then to be issued.

Additional First Lien Gold Bonds may be issued in accordance with the terms of the said Agreement (a) to refund bonds of this issue then outstanding, par for par; (b) for extensions and improvements to the properties of any subsidiary corporation, (c) for the acquisition of either the property or substantially all of the voting stock of certain subsidiaries, further defined in the said Agreement as first class subsidiaries, or for the purchase of stock and securities of certain other subsidiaries, defined in the said Agreement as second class subsidiaries, provided, however, in all cases, except where bonds are issued to refund bonds of this issue, that:

(1) First Mortgage Bonds of subsidiaries equal to or exceeding the amount of First Lien Gold Bonds issued under the said Agreement must be on deposit thereunder.

(2) No bonds may be issued in excess of 80% of the cash cost or fair value of bonds or stocks pledged, whichever may be the smaller, or in the case of additions and improvements to the properties of a subsidiary in excess of 80% of the cash cost to the subsidiary or of the fair depreciated value of the physical property acquired, whichever may be the smaller, and in determining the amount of bonds issuable on account of such property acquisitions which are subject to liens, the amount of such liens must be subtracted from the principal amount of bonds otherwise issuable.

(3) Net earnings, after deducting expenditures and charges for replacements, as defined in the said Agreement must be equal to at least 1¾ times interest charges on all bonds outstanding, including those then to be issued.

(4) Bonds issued on account of the deposit of securities of second class subsidiaries, except first mortgage bonds of such subsidiaries, must not exceed 25% of the total bonds outstanding under the Agreement and are subject to certain other limitations set forth in the said Agreement.

Callability—Subject to call on any interest date upon 30 days' notice at 105 and interest on or before April 1, 1931; thereafter at 104 up to and including April 1, 1936; thereafter at 103 up to and including April 1, 1941; thereafter at 102 up to and including April 1, 1946; thereafter at 101 up to and including April 1, 1950; thereafter at 100.

Security—Secured by deposit of all the First Mortgage bonds and all the capital stock, except directors' qualifying shares, of the principal subsidiary corporations. Company owns or controls physical properties which have a reproduction value as appraised by J. G. Wray & Co., independent engineers, without any allowance for going value or working capital, of more than twice total bonded debt outstanding. The depreciated reproduction value of the physical properties, as appraised, is in excess of 160% of the bonds issued.

Tax Provisions—Company pays Normal Federal Income Tax up to 2%.

Legal Opinion—Chapman, Cutler & Parker, Chicago, Ill.

Original Offering—First publicly offered ($450,000) in June, 1926, at 99 and interest to yield over 6.05%, by Ames, Emerich & Co., New York, etc.

INTERNATIONAL RAILWAY COMPANY

History—Incorporated Feb. 20, 1902, in N. Y.; consolidation of a number of smaller companies (see Manual for 1910, page 1778). In 1912 the Electric City Ry. was merged and in 1913 the Crosstown Street Ry. was also merged with the International Ry. Co. (see Manual for 1912, page 1841). A plan of reorganization was adopted by Protective Committee for International Traction Co. Collateral Trust 4% bonds —see details in 1923 Public Utility Manual, page 705.

Franchises—The majority of the franchises under which the roads operate in Buffalo are practically perpetual, and none in Buffalo or other cities and towns have an unexpired term of less than 40 years (from 1906) with the exception of the Fillmore Avenue franchise for an extension of 6½ miles on the east side in the city of Buffalo and parts of certain other streets, which is limited to 25 years.

Mileage—The company owns a complete system of urban and interurban electric railways comprising about 408 miles of single track operating in and between the cities of Buffalo, Niagara Falls, Lockport, North Tonawanda and Tonawanda, and connecting the village of Depew and Lancaster with Buffalo. Of this mileage 234 miles are in the City of Buffalo. It also owns the **Park and River Electric Ry.** (Canada), which traverses the entire length of the Queen Victoria Niagara Falls Park and is connected with the American trolley system by tracks over the steel Arch Bridge at Niagara Falls and the Suspension Bridge between Queenston, Ontario, and Lewiston, N. Y. Through a traffic agreement with the Niagara Gorge R. R., cars of the International Ry. operate over its eight miles. Company operates a high-speed interurban line, located entirely on private right-of-way, for express service between Buffalo and Niagara Falls, a distance of approximately 16 miles.

Company's subsidiary, the International Bus Corp. operates bus lines in the City of Buffalo, also between Buffalo and Niagara Falls, N. Y. and from Tonawanda to the Buffalo city line and between Kenmore and Tonawanda.

Equipment—Passenger cars, 885; service cars, 168; electric locomotives, 3—total, all cars, 1,056. Car stations, 6. Sub-stations, 12. Power furnished by the Niagara Falls Power Co., Buffalo, General Electric Co., and Tonawanda Power Co.

Fare Increase—Company was granted permission June 8, 1927, by the New York Public Service Commission to increase its fare from 8 cents to 10 cents, with three tokens for 25 cents, effective July 1, 1927.

CAPITAL STOCK

Authorized, 175,000 shares Common of no par value (changed from $100 par value Feb. 23, 1928) and $2,000,000 7% cumulative Pfd., par $100; outstanding, March 1, 1928, 167,075 shares Common.

Subscription Privilege—Common stockholders of record February 29, 1928 received the right to subscribe to $2,000,000 7% Pfd. stock at $100 per share in the ratio of 1 share of Pfd. for each 8 35/100 shares of Common held. Right to subscribe expired March 1, 1928.

Preferred Stock Provisions—Pfd. stock has preference for cumulative dividends and in the event of liquidation, either voluntary or involuntary, to assets to the extent of par and accrued dividends. It is subject to call as a whole or in part on 30 days' notice at par and accrued dividends. Without the consent of holders of the Pfd. stock, the Company cannot create any class of stock having priority over this Pfd. stock except for the purpose of acquiring or retiring securities having prior claim upon the earnings of the company. Pfd. stock has no voting rights except in the event of default in two semi-annual dividend payments, in which event the rights shall continue until all dividends have been paid in full.

Voting Trust—The capital stock of the Company is held in a voting trust expiring January 15, 1936. Voting Trustees; Nelson Robinson, New York City; Carl J. Weber, Buffalo, N. Y., and Coleman J. Joyce, Philadelphia.

Annual Meeting—Last Tuesday in March.

OSLO GAS AND ELECTRICITY WORKS

(Oslo Gas og Elektricitetsverker)

History and Business—Organized October 14, 1920, by resolution of the Municipal Council of the City of Oslo, approved by the Royal Norwegian Government, for the purpose of combining under one management the gas and electric producing and distributing systems formerly operated by the Municipal government. The Works has a governmental monopoly of the gas and electric business in the City of Oslo, serving a population estimated at 260,000.

The electric generating plants operated by the Works have an aggregate installed capacity of approximately 101,000 horse-power, of which approximately 90% is hydro-electric. Such plants are as follows: Solbergfos Hydro-Electric Station, 80,000 h.p.; Hammeranlegget Hydro-Electric Station, 7,000 h.p.; Oslo Steam Generating Station, 14,000 h.p.—total 101,000 h.p.

The City of Oslo owns outright the Hammeranlegget hydro-electric and the Oslo steam generating stations, and controls the Solbergfos Station, owned jointly by the City and the Norwegian Government in the proportion of two-thirds to the City and one-third to the Government. In addition, the City owns outright four well located water-power sites which have been estimated as being capable of development to an ultimate capacity of 272,000 horse-power. The Works now obtains a part of its supply of electric energy from four other hydro-electric plants under favorable contracts which provide for the purchase of up to 54,000 kw. The plants operated by the Works, being municipally owned, are not subject to the Norway Concession Law, and are therefore not liable for payment of royalties to, nor to ultimate recapture by the Norwegian Government.

The electric distribution system includes eight principal sub-stations, and transmission and distributing lines having a total circuit length of 2,220 miles. The gas properties operated by the Works comprise plants having a total generating capacity of 2,450,000 cubic feet per day, gas-holders having an aggregate capacity of 2,540,000 cubic feet and 133 miles of street mains (service pipe not included).

Sales of electricity have increased from 170,650,000 k.w.h. in 1922 to 379,185,000 k.w.h. in 1927 and the maximum load from 41,650 k.w. to 76,000 k.w. in the same period. Electric energy is sold for domestic and industrial purposes, and for operation of street railways in the City. Such latter sales, however, represent less than 5% of the total electrical output of the Works.

Surplus earnings are disposed of by the City, after deduction of all operating expenses, taxes, interest, depreciation and amortization and after one-fifth of such surplus earnings has been set aside as a reserve fund until such reserve fund is equal to 20% of the book value of the properties operated. Generally surplus earnings are transferred to Works' regulation fund after deduction of amount corresponding to ordinary city income tax.

Rates for the sale of gas and electricity are regulated by Municipal authority to the end that the revenues of the Works shall be at least adequate to cover all operating expenses, interest and amortization of loans, depreciation and other proper charges.

THE HOME TELEPHONE & TELEGRAPH COMPANY

(Fort Wayne, Ind.)

History and Property—Incorporated in 1896, in Ind., and is now operating under an indeterminate permit granted by the Public Service Commission of Indiana. It was in competition with the Bell Telephone Co. in Fort Wayne, Ind., and surrounding territory until 1917, when it purchased the property of the Bell Telephone Co. in Fort Wayne and entered into an agreement with that company, by the terms of which the long distance lines of the Indiana Bell Telephone Co. and the American Telephone & Telegraph Co. were connected with the local switchboards of The Home Telephone & Telegraph Co. By virtue of this arrangement the long distance service of the independent and the Bell long distance lines is now offered to all of its subscribers.

Owns the telephone exchanges in Fort Wayne, Harlan, Leo, Huntertown, Churubusco, Roanoke and New Haven, Ind., and long distance lines radiating from Fort Wayne in all directions for a distance of 25 to 50 miles, which lines in turn are connected with other independent lines. No. of telephones in use, Feb. 29, 1928, 32,738, compared with 29,496 on Dec. 31, 1926. Population served, in excess of 147,000. Prices: Business, $72 and $60; residence, $33 and $21 per annum.

Valuation—The value of the Company's property for rate making purposes was fixed by the Public Service Commission of Indiana as of May 1, 1923, at $2,440,000 and subsequently approximately $2,353,166 has been expended for extensions and improvements making a total to Dec. 31, 1927, of approximately $5,068,997.

CAPITAL STOCK

Authorized, $1,000,000 Common and $2,000,000 cumulative Pfd., (changed from $750,000 Common and $1,500,000 Pfd. in 1925); outstanding, $1,000,000 Common and $1,750,000 7% cumulative Pfd.; par, $50.

Preferred Stock Provisions—The shares are fully paid and non-assessable. They are preferred as to cumulative dividends over the Common stock, and in case of liquidation or dissolution are entitled to payment of $50 per share and all accumulated or accrued or unpaid dividends before any distribution of assets is made to the Common stock. In case the sale, liquidation or dissolution be voluntary, a premium of $2 per share in addition shall be paid to holders of Pfd. stock. The Pfd. stock is callable as a whole or in part Jan. 1, 1933, at 105% and accrued dividend, and at 105% and accrued dividends less ½ of 1% of the par value on any dividend date for each year thereafter until July 1, 1943, and thereafter at par and accrued dividends upon thirty days' written notice.

MERIDIONALE ELECTRIC COMPANY

(Societa Meridionale di Elettricita)

History and Business—Company was organized in Italy in 1899. Together with its subsidiaries, it is the largest producer and distributor of electric energy in southern Italy and owns the most important concessions of developed and undeveloped hydro-electric power sites. The territory in which these companies operate, or have rights to operate, comprises fourteen provinces having a total area of over 25,000 square miles, or nearly one-quarter of the total area of Italy, including 1,545 separate communities and a total population in excess of 9,000,000. Service is extended to over 375,000 consumers in 518 separate communities having an aggregate population of approximately 5,000,000, including the City of Naples which with its environs has a population of more than 1,000,000. Of the total communities served, 140, with a combined population in excess of 800,000, are supplied at wholesale and they are treated as individual power users in the above number of consumers, regardless of the customers connected in each of these places.

The properties of the Company and its subsidiaries comprise generating plants of 275,000 h.p. capacity, of which approximately 190,000 h.p. is hydro-electric, 26 principal sub-stations and 2,400 miles of transmission lines, of which 593 miles are 60,000 and 150,000 volt construction, connecting the various plants with the distribution centers. Practically all of the main plants contain electric installations of modern design and construction. In addition there are under construction and proposed new hydro-electric plants having a total capacity of 160,000 h.p., sub-stations and 200 miles of high tension tranmsission lines.

The properties of the Meridionale Electric Co. proper consist of the Lete, Matese and Tusciano hydro-electric developments whose respective generating capacities are 10,000, 25,600 and 12,800 h.p., new steam turbo-generators in Naples of 40,000 h.p. capacity with an additional 20,000 h.p. unit now (April, 1927) being installed, twelve principal sub-stations and 650 miles of transmission lines ranging from 30,000 to 150,000 volts, connecting the various plants with the distribution centers. Distribution is effected almost wholly through subsidiary distributing companies which serve their own respective territories. The steam power unit at Naples was placed in operation in March, 1926, and serves as an auxiliary to the hydro-electric plants. The Meridionale Electric Co. owns on an average over 90% of the capital stock of the electric producing and distributing companies.

Subsidiaries—Subsidiary companies, the property of which is subject to the below described First Mortgage, may be summarized as follows:

Societa Forze Idroelettriche Meridionali, (Sfim) owning two important hydro-electric plants of Aventino and Tanagro having respective capacities of 12,800 h.p. and 15,500 h.p. which are operated by the parent company.

Societa Generale per la Illuminazione owning a reserve steam generating station in Naples of 6,000 h.p. capacity and a local distribution system supplying principally lighting service to over 46,000 customers. The company has the concession for street lighting in the City of Naples.

Societa Napoletana per Imprese Elettriche Anonima, one of the most important of the operating subsidiaries, distributes power and light in the City of Naples and its suburbs to more than 114,100 customers. Company also owns a steam turbine generating station of 16,000 h.p. capacity used for reserve purposes, and 182 miles of high tension transmission lines. Together with the Societa Generale per la Illuminazione it serves a population of more than 1,000,000.

Societa Elettrica della Campania distributes electricity in the Province of Caserta serving 39,130 customers in a total population of more than 830,000. Company also owns four small generating plants totaling 1,250 h.p. capacity and 265 miles of high tension transmission lines.

Societa per Applicaziani di Energia Electtrica and its Subsidiary, Societa Sorrentina per Imprese Elettriche, distributes light and power in the southern part of the Province of Naples serving 34,000 customers in a total population in excess of 300,000. The companies own hydro and oil engine plants totaling 2,710 h.p., 40 miles of 12,000 volt transmission lines and local distribution and street lighting systems.

Societa Elettrica del Sannio and its subsidiaries Societa Elettrica Sannitica Irpina-Anonima ed Anche Sesia, Societa Elettrica Irpina and Societa Idroelettrica del Medio Calore supply electric light and power in Benevento and Avellino Provinces serving over 24,300 customers in a total population in excess of 350,000 and have the right to serve 68 additional communities in Campobasso Province, having a total of 192,000 inhabitants. The property comprises hydro and oil engine plants totaling 2,200 h.p., and 273 miles of high transmisison lines together with distribution and street lighting systems.

Societa Generale Pugliese di Elettricita, which distributes electricity in the four Provinces of Puglia, is still in the process of development and is now engaged in the construction of new lines and in the absorption of small local electric companies, the plants of which will ultimately be supplanted with power from the Meridionale Electric Co.'s hydro-electric plants. The Pugliese Company owns 420 miles of high tension transmission lines and in addition owns or has contracted for the acquisition of distribution and street lighting systems supplying over 16,400 customers in 11 communities, having a population of about 250,000. Pending the perfection of title to that part of the distribution systems held under contract and the mortgaging thereof, as required by the Indenture, an amount of cash equivalent to their appraised value will be held by the Trustee.

Societa Elettrica delle Calabrie, and its subsidiaries Societa Idrotermoelettrica Calabria and Societa Elettrica Rinascenza (Seri) will eventually be merged and will distribute electricity generally throughout the Calabria Provinces. The property of the companies comprises two hydro-electric plants and oil engine plants totaling 3,370 h.p. capacity, 253 miles of high tension transmission lines and distribution and street lighting systems. It serves over 18,440 customers in 52 separate communities having a combined population in excess of 320,000.

Additional Properties—The Meridionale Electric Company, in addition to the eight subsidiaries mentioned above, owns or controls, among others, the following additional subsidiary companies:

Societa Forze Idrauliche Della Sila owns the concession for water power in the mountainous region of southern Calabria. The natural conditions make possible the construction of large reservoirs at minimum expense, thus insuring an abundant supply of water power, the flow of which may be easily regulated. The Sila Company plans to construct five hydro-electric plants having an installed capacity of approximately 268,000 h.p. and production capacity of about 800,000,000 k.w.h. per annum, of which about one-half will be available to Meridionale. The construction of the first plant, which will have an ultimate capacity of 140,000 h.p., is well under way and 70,000 h.p. was expected to be put into operation during 1927.

The Meridionale Electric Co. owns 70% of the capital stock, and (the remaining 30% being owned by the "Montecatini,") covenants to maintain ownership of the voting control of the Sila Company and not to permit the sale or other disposition or mortgage or other encumbrance except as permitted under the

terms of the indenture of any substantial part of the property of the Sila Company, except that the Meridionale Company may sell said control or pemit such disposition or encumbrance provided it delivers evidence to the Trustee accompanied by certificates of engineers, approved by the Trustee, that it has made adequate advantageous power contracts with the Sila Company or other source of supply.

Societa Italiana di Elettrochimica (65% owned) owns three hydro-electric plants totaling 68,600 h.p. capacity and electro-chemical factories for the production of sodium, cellulose, aluminum, etc. Practically the entire output of one of the hydro-electric plants of the Elettrochimica Company having a capacity of 45,000 h.p. is purchased by the Meridionale Electric Co. under the terms of a contract which is effective until 1977 at prices slightly in excess of the actual cost to produce.

Compagnia Napoletana d'Illuminazione e Scaldamento Col Gas (approximately 90% owned) owns and operates artificial gas plants and distribution systems in the cities of Naples, Castellammare and Salerno, which have a combined population of approximately 730,000, exclusive, of the outlying districts.

Societa Strade Ferrate Secondarie Meridionale (approximately 55% owned) operates a high speed electric railway between Naples, Vesuvius and Pompeii.

Societa Mediterranea di Elettricita (32% owned) ultimately to be 48% owned) has hydro-electric developments totaling 8,000 h.p. in operation and one of 20,000 h.p. under construction. The Meridionale Electric Co. expects to contract for the purchase at cost of one-half of the energy production of the Mediterranea Company plants.

Purpose of Issue—Proceeds from the sale of $10,750,000 Series "A" 7s were used for new and recently made improvements, extensions and additions to the properties, and for other corporate purposes.

Callability—Subject to call for the sinking fund on April 1, 1928, and on any interest date thereafter at 100 and accrued interest. Subject to call as a whole or in part, other than for the sinking fund, on any interest date on 60 days' notice, on or before April 1, 1932, at 103; thereafter and on or before April 1, 1937, at 102½, and thereafter and on or before April 1, 1942, at 101¾; thereafter and on or before April 1, 1947, at 101¼; thereafter and on or before April 1, 1952, at 100½; thereafter at 100, plus accrued interest in each case.

Sinking Fund—Indenture provides that beginning Oct. 1, 1927, and semi-annually thereafter, Company will pay to the Trustee an amount for the payment of interest and sinking fund on these bonds, which it is calculated will be sufficient to retire all of these Series "A" bonds on or before maturity. The Company shall have the right to make sinking fund payments in bonds at par, in lieu of cash. To the extent that sinking fund payments shall not be paid in bonds, available moneys are to be applied to the purchase of bonds at not exceeding 100 and accrued interest, or, if not so obtainable, to the redemption of bonds to be called by lot at 100 and accrued interest.

Security—Secured by a direct first mortgage (after the satisfaction of certain existing liens, as hereinafter provided for) on the entire mortgageable properties of the Meridionale Electric Co. proper and also, to the extent of the present appraised valuation thereof, of certain of the subsidiaries above mentioned which include five principal hydro-electric plants and steam plants and other equipment having a total generating capacity of over 148,000 h.p. and an additional 20,000 h.p. steam unit under installation, the entire system of 1,995 miles of high tension transmission lines, twelve principal sub-stations and distribution systems and all other fixed property appurtenant thereto. These properties have recently been given a depreciated reproduction value of over $25,000,000 by Day & Zimmermann, Inc., Engineers.

The Indenture provides for the release, upon the retirement of bonds otherwise than through the sinking fund, of mortgaged property valued at not exceeding twice the amount of bonds, so retired, provided that the then appraised value of the remaining mortgaged property shall be at least twice the amount of bonds then outstanding, and provided that the substantial integrity of the property remaining subject to the mortgage as complete operating units will be maintained after such release.

The Corporation had certain obligations (directly and as guarantor) to Italian Banks amounting to approximately $3,580,000 guaranteed by the Italian Government, which, until discharged, constituted a first lien on certain of the mortgaged properties. These $3,580,000 obligations had all been discharged as of Dec. 31, 1927. There are also outstanding on certain properties subjected to the mortgage, mortgage bonds to the extent of approximately $247,000.

The Corporation covenants that, except as to the Sila Company, it will not permit any subsidiary corporation, as defined in the Indenture, to incur any indebtedness, except to the Company, other than in-

debtedness maturing within one year incurred in connection with the usual requirements of the current business of such subsidiary corporation and except any outstanding indebtedness of any subsidiary corporation acquired subsequently to the date of the Indenture.

Tax Provisions—Free from any taxes now or at any time hereafter levied by or within the Kindom of Italy.

Legal Opinion—Hornblower, Miller & Garrison, New York and Paris, and Giuseppe Marchesano, Rome (for the Bankers) and Camillo Giussani, Milan and Eduardo Marino, Naples (for the Company).

Original Offering—First publicly offered ($5,350,000) in April, 1927, at 95½ and interest to yield over 7.35%, by Marshall Field, Glore, Ward & Co., Blair & Co., Inc., Blyth, Witter & Co., and Banca Commerciale Italiana Trust Co., New York, etc. $3,500,000 bonds of this issue were withdrawn for public issue in Switzerland by the Union Financiere de Geneve, and approximately $1,900,000 were withdrawn for private sale in England and other European countries.

History—The Chicago North Shore and Milwaukee Railroad Company was incorporated in Illinois, July 1, 1923, as a reorganization of the Chicago North Shore and Milwaukee Railroad, which latter company was incorporated in Illinois on June 12, 1916 to acquire all the property, rights and franchises formerly belonging to both the Illinois and Wisconsin corporations known as the Chicago & Milwaukee Electric R.R. Co., sold at foreclosure May 1, 1916 (see Manual for 1916, page 4426, or apply to our Information Department). There is pledged in the interest of company, as additional security for its First Mortgage bonds, the entire capital stock of the **Chicago & Milwaukee Electric Ry. Co. of Wisconsin**, which owns the terminal facilities in the city of Milwaukee used by the Chicago North Shore & Milwaukee R. R. Co.

Reorganization Plan—Stockholders on Feb. 27, 1923, ratified a plan for the financial reorganization of the Company, which plan went into effect, July 1, 1923. A new corporation was formed under the name of the Chicago North Shore & Milwaukee Railroad Company

with an authorized capital stock distributed as follows: $10,000,000 Prior Lien 7% cumulative stock, $5,000,000 6% non-cumulative Pfd. stock and $5,000,000 Common stock. All of the 6% Pfd. and Common stock, together with $2,684,208.07 of 5-year non-interest bearing Promissory Notes were delivered to the Participation Shareholders in exchange for their shares in the proportion provided for in the Trust Agreement under which the Participation Shares were issued.

Chicago North Shore and Northern Railroad—Formed in 1923 with a nominal capital of $50,000 to build a line of railroad from a connection with the tracks of the Chicago Rapid Transit Company (Elevated Lines), just north of Howard St., the city limits between Chicago and Evanston, running west for a distance of 4.96 miles and then northerly and northeasterly through the Skokie Valley for a distance of 21.34 miles, to a connection with the "Shore" line at North Chicago Junction. All the capital stock was owned by the Chicago North Shore and Milwaukee R. R. Co. The Northern Railroad issued its First and Refunding Mortgage, dated Oct. 1, 1924, which was later adopted by the North Shore Company as its own First and Refunding Mortgage. At meeting of stockholders of both companies, held Oct. 6, 1924, a consolidation of the two companies was effected under the name of Chicago North Shore and Milwaukee Railroad Company. The construction of the above mentioned line was completed and opened for operation from Howard St., Evanston, to Dempster St., Niles Center, on March 28, 1925, and from Niles Center to a connection with the "Shore" line at North Chicago Junction on June 5, 1926.

Property Owned and Operated—Owns and operates high-speed electrically operated railroad linking the heart of Chicago, Illinois, with the heart of Milwaukee, Wisconsin, with branch line extending from Lake Bluff, Illinois, to Mundelein, Illinois, (formerly known as Area, Illinois), and line in the Skokie Valley extending from Howard Street, Evanston, via Niles Center, to connection with the "Shore" line division at North Chicago Junction, embracing 112.88 miles of road and 257.61 miles single track equivalent.

†Jointly with the Chicago Rapid Transit Co. *Chicago Rapid Transit Co., which owns and operates all the elevated railway lines in Chicago, operates over the Company's line to Dempster Street in Niles Center through lease and traffic arrangement, paying a rental sufficient to cover its proportionate share of fixed charges.

Rolling Stock—Rolling stock on Dec. 31, 1927, consisted of 189 passenger cars, 57 merchandise despatch cars, including 14 special flat cars, 5 refrigerator cars, 221 freight cars, 5 electric locomotives, 19 work cars, and 46 motor coaches, and a large number of motor trucks, trailers, etc.

Territory Served—By Railroad: The principal communities served are Evanston, Wilmette, Winnetka, Glencoe, Highland Park, Lake Forest, Lake Bluff, North Chicago Junction, Waukegan, Zion, Niles Center, Libertyville and Mundelein, Illinois; Racine, Kenosha, South Milwaukee and Milwaukee, Wisconsin. Through lease and traffic agreements, the company operates into the "Loop District" of Chicago, Ill., and south to 63d Street, in the South Division of Chicago, rendering a complete service to its patrons.

By Motor Coaches: On Aug. 12, 1922, Company commenced operation of motor buses, the initial route being between Kenosha and Lake Geneva, Wis. Subsequently other routes were added, so that on Dec. 31, 1927 Company was operating between the following municipalities: Kenosha and Lake Geneva, Wis.; Waukegan, Ill., and Kenosha, Wis.; Waukegan and McHenry, Ill.; Highland Park and Wilmette, Ill.; Waukegan and Antioch, Ill.; Glencoe and Wheeling, Ill.; Wheeling, Fox Lake, Libertyville and Antioch, Ill.; Evanston and Niles Center, Ill., and Niles Center, Wauconda, and Volo, Ill.

Operating Statistics—In 1927, Company carried a total of 19,161,925 passengers on its rail and motor coach lines, a decrease of 299,501 under 1926. Of that number 10,865,823 passengers were carried on the main line, an increase of 151,365 over 1926. The Milwaukee City line carried 2,907,647, a decrease of 105,129 under 1926, and the Waukegan City lines, including the auxiliary motor coach service, supplied in that city, carried 4,701,301 passengers, a decrease of 143,983 under 1926. Including the Waukegan City service the motor coach lines carried 1,757,109 passengers during 1927.

The merchandise despatch and freight business of the company for 1927 amounted to 843,000 tons, an increase of 186,000 tons over the business of 1926.

Franchises—The Company owns its own right of way in the State of Wisconsin until it reaches the city limits of Milwaukee, and is therefore independent of municipal franchises to that extent. The franchise of the Milwaukee city line expires Dec. 31, 1934. The right of way in Illinois outside of corporate limits is owned by the Company. Within corporate limits the Company also owns its right of way to a considerable extent, and the remainder is covered by various municipal franchises.

Passenger Rates—At the beginning of the year 1927 passenger rates were on the basis of 3 cents a mile. After application to, and the filing of tariffs with the Interstate Commerce Commission, authority was granted to increase interstate rates to 3.6 cents a mile in March, 1927. The intrastate rates remained at 3 cents a mile, but on a further application to the Interstate Commerce Commission an order was issued Dec. 12, 1927, directing the Company to increase its intrastate rates to 3.6 cents a mile to end the discrimination against the interstate passenger. This order was made effective Jan. 15, 1928.

$9,649,500 FIRST AND REFUNDING MORTGAGE 6% GOLD BONDS, SERIES "A," DUE JANUARY 1, 1955

$2,657,700 FIRST AND REFUNDING MORTGAGE 5½% GOLD BONDS, SERIES "B"; DUE APRIL 1, 1956

Dated Series "A," January 2, 1925; Series "B," April 1, 1956.

Interest Payable on Series "A" January and July 1, and on Series "B" April and October 1, at Halsey, Stuart & Co., Inc., New York, and Central Trust Co. of Illinois, Chicago.

Denominations—Coupon $100, $500 and $1,000 (interchangeable); principal may be registered.

Trustee—Central Trust Co. of Illinois, Chicago and Aksel K. Bodholdt.

Provisions of Issue—Authorized amount unlimited. Issued, $12,700,000 ($9,950,000 Series "A" 6s and $2,750,000 Series "B" 5½s), of which $300,500 Series "A" 6s and $92,300 Series "B" 5½s retired through sinking fund. The proceeds of $7,000,000 Series "A" 6s were used to refund $3,500,000 one year notes due June 15, 1925, for the retirement of $2,721,700 additional amount of funded obligations, and for other corporate purposes and proceeds of $2,950,000 Series "A" 6s and $2,750,000 Series "B" 5½s applied on construction of line from Niles Center to point on main line near Lake Bluff, Ill., and other corporate purposes.

Additional bonds of any series, with such provisions as authorized at the time of issuance, may at any time be issued (a) in equal amount against the deposit of cash or U. S. obligations, or the pledge or refundment of underlying bonds, or bonds of a subsidiary, as defined in the Mortgage, and to pay or refund other series issued under the Mortgage, and (b) to the extent of 75% of the cost of additions, betterments and new property, coming under the lien of the Mortgage, or of the mortgage of a subsidiary, or of the cost of the stock of a subsidiary pledged under the Mortgage, provided that mortgage bonds of such subsidiary be pledged in an amount equal to not less than the principal amount of bonds so issued, and that the amount of such bonds of each subsidiary pledged plus its then mortgage indebtedness outstanding in the hands of the public shall not exceed 75% of the value of such subsidiary's property. Additional bonds issuable on account of expenditures made for additions or betterments or purchased property of the Company or of a subsidiary or for the refundment at a higher interest rate of bonds issued under the Mortgage or upon the property of a subsidiary (except at or within one year of maturity) or on account of the acquisition of the stock of any subsidiary, may not be issued unless the net earnings, as defined in the mortgage, of the Company and its subsidiaries during 12 consecutive calendar months ending within 60 days next preceding the date of issuance shall have been at least twice the interest charges on all bonds then issued and outstanding under the Mortgage and those then proposed to be issued, and on all bonds then outstanding in the hands of the public of any of its subsidiaries or, prior in lien on any part of the property of the Company.

Callability—Subject to call as a whole or in part on any interest date upon 60 days' published notice at the following prices and accrued interest:

Series "A"—Prior to Jan. 1, 1935, at 105; on and from Jan. 1, 1935 to Jan. 1, 1940, at 104; on and from Jan. 1, 1940 to Jan. 1, 1945, at 103; on and from Jan. 1, 1945 to Jan. 1, 1950, at 102½; thereafter less ½ of 1% during each succeeding year to Jan. 1, 1954, and on and subsequent to Jan. 1, 1954, at 100.

Series "B"—Prior to April 1, 1936 at 105; on and from April 1, 1936 to April 1, 1946 at 103; on and from April 1, 1946 to April 1, 1951 at 102½; on April 1, 1951 at 102 and thereafter at 102 less ½ of 1% for each full year elapsed after March 31, 1951. Subsequent to March 31, 1955 they will be redeemable at par.

Sinking Fund—Sinking fund beginning Dec. 1, 1925, with semi-annual payments equal to ½% of the principal amount of bonds then outstanding under the Mortgage and underlying bonds at such times in the hands of the public, is to be applied to the purchase and retirement of First and Refunding or underlying bonds in the order named, if obtainable at or below the then redemption price, or, if not so purchasable, used against capital expenditures which might otherwise have been made the basis for the issuance of additional bonds under the Mortgage.

Maintenance Fund—Commencing with the calendar year 1925, and annually thereafter a reserve will be established amounting to not less than 16% of total operating revenue derived from operation of physical properties subject to Mortgage, to be expended for maintenance, renewals, replacements, betterments or improvements which shall not be made the basis for the certification of additional bonds, or for the retirement of bonds issued under the Mortgage. The above percentage is subject to periodical redetermination.

Security—Secured, (a) by a direct first mortgage on the extension from Howard Street, Chicago, to main line near Lake Bluff, Ill., the first section of which is in operation, (b) by the pledge of $5,500,000 First 5s, due July 1, 1936, being approximately 58% of such bonds outstanding, and (c) by a direct mortgage lien on all of the Company's physical prop-

erty now owned or hereafter acquired, subject only to prior lien bonds from time to time outstanding.

Tax Provisions—Company pays Normal Federal Income Tax up to 2%. Pennsylvania and Connecticut Four Mills and Maryland 4½ Mills Taxes; District of Columbia Personal Property Taxes not exceeding 5 mills per dollar per annum, and Massachusetts Income Tax on the interest not exceeding 6% of such interest per annum, refunded on request if made within 60 days of payment.

Original Offering—First publicly offered ($7,000,000 Series "A" 6s) in Dec., 1924, at 98 and interest, yielding about 6.15%, by Halsey, Stuart & Co., Inc., and The National City Co., New York, etc. $2,950,000 additional Series "A" 6s offered in June, 1925 at 99½ and interest, yielding over 6% by the same companies. $1,250,000 Series "B" 5½s offered in May, 1926 at 96½ and interest, to yield about 5¾%, and $1,500,000 additional Series "B" 5½s offered in Sept. 1926, at 98½ and interest, to yield about 5.60% by the same bankers.

the Pacific Lighting Corporation, including electric meters, 593,140 meters in service.

In 1925 acquired outstanding stock of Madera Gas Co. and Turlock Gas Co. Owns jointly, with interests controlling Midway Gas Company, the Ventura Fuel Company. Also owns large interest in Common stock of Pacific Gas & Electric Company.

Pacific Lighting Corporation, through Los Angeles Gas & Electric Corp., Southern Counties Gas Co. and its other subsidiaries, supplies gas and electricity in the City of Los Angeles, and gas in 68 other municipalities, 45 of which are in Los Angeles County, 9 in Orange County, 8 in Ventura County, 4 in Santa Barbara County, 1 in Stanislaus County, 1 in Madera County, and many consumers in unincorporated territory. When the Los Angeles gas business was first acquired in 1889, artificial gas only was supplied. Pacific Lighting Corporation's companies now own pipe lines bringing natural gas from more than ten distinct fields to Los Angeles and adjacent territory. In addition, the Corporation, through subsidiaries, has acquired underlying contracts for the purchase of gas on large acreages in important proven gas and oil fields in order to insure a reliable supply of natural gas.

At the present time, both artificial and natural gas are served by the companies' systems, the former being manufactured by plants which have a present generating capacity of over 100,000,000 cubic feet per 24 hours, while the latter is obtained from the prolific gas and oil fields, to which reference is made above. The Corporation operates the largest oil gas generating plant in the world and the gas works properties occupy 27½ acres. It also has in the heart of Los Angeles one of the largest gas compressor plants in the world, with a capacity of 210,000,000 cubic feet per day. The gas distributing facilities include 16 modern holders, with a combined capacity of 74,878,000 cubic feet, the largest of which is the "waterless" type, having a capacity of 15,000,000 cu. ft. and is largest of its kind in the world.

There are in service 4,576 miles of pipe of which 439 miles are high pressure gathering and distributing mains. The total combined compressor capacity of the systems is in excess of 400,000,000 cubic feet per day.

Industrial Fuel Supply Co.—This Company owns a gathering and transmission system in and adjacent to the territory served by the Southern Counties Gas Co. of California and is engaged in the purchase and sale of natural gas. All its 20,000 shares of Common stock are owned by Pacific Lighting Corp., which received them upon liquidation of the Los Angeles Suburban Gas Corp. in the latter part of 1926 (see below).

Los Angeles Suburban Gas Corp.—This company (see 1926 Public Utility Manual, page 498) formerly held all the issued Common stock of the Southern Counties Gas Co. of California and all the outstanding Common stock and bonds of Industrial Fuel Supply Co. Its outstanding First Lien Collateral Trust 7% Sinking Fund Gold bonds, due March 1, 1938, were called for payment on Sept. 1, 1926 at 105 and interest at Central Trust Co. of Illinois, Chicago. Subsequently in 1926 all of its assets were distributed to the Pacific Lighting Corp., as sole owner of its 54,000 Common shares.

CAPITAL STOCK

Authorized, 7,000,000 shares Common, 2,500,000 shares $6 dividend Pfd. and 500,000 shares $5 dividend Pfd., all of no par value; outstanding, Feb. 29, 1928, 1,127,459 shares Common, 99,001 shares $6 dividend Pfd. and 999 shares $5 dividend Pfd.

Capital Stock Changes—Subscription Privilege—Stockholders on Aug. 10, 1927 approved a change in the capital stock from 700,000 shares Common, 50,000 shares 5% cumulative Pfd. and 250,000 shares 6% cum. Pfd., all of $100 par value to the amounts stated above. On Nov. 15, 1927, the Common stock was, in effect, split ten for one, through the payment of a 900% stock dividend, and about the same time each stockholder of record Nov. 1, 1927, was given the opportunity of purchasing one share of Common stock at $50 per share for each ten shares held. This offer brought in a sum in excess of $5,000,000, the larger part of which was used on Feb. 1, 1928, to redeem the total issue of Pacific Lighting Corp. 6% Secured Gold bonds, which left the corporation free from funded and floating debt on that date, except to its affiliated corporations.

Preferred Stock Provisions—Dividends on both classes of Pfd. shares are cumulative. The $6 dividend Pfd. stock is subject to redemption in whole or in part on any dividend date at $105 per share and accrued dividends, and the $5 dividend Pfd. stock at $100 per share and accrued dividends, upon not less than 60 days' notice in each case. In the event of voluntary or involuntary dissolution or liquidation holders of both classes of Pfd. stock shall be entitled to $100 per share and dividends. Except as to dividend rate and rate of redemption, no distinction exists between the $6 Pfd. stock and the $5 Pfd. stock. Every share of stock, whether Pfd. or Common, has the same voting power.

Transfer Office—Stock transferred at Company's office, 433 California Street, San Francisco, Calif.

Registrar—Wells Fargo Bank & Union Trust Co., San Francisco, Calif.

Annual Meeting—Third Wednesday in March.

Listed (All Classes)—San Francisco Stock Exchange; the 6% Pfd. stock on Los Angeles Stock Exchange. Common shares and $6 Pfd. shares are traded in on the New York Curb Market.

$10,000,000 LOS ANGELES GAS AND ELECTRIC CORP. FIRST AND GENERAL MORTGAGE GOLD BONDS, SERIES OF 5s DUE 1961; DUE SEPTEMBER 1, 1961

Dated September 1, 1926.

Interest Payable March and September 1, at American Trust Co., San Francisco, Security Trust and Savings Bank, Los Angeles, and The Pacific Coast Trust Co., New York.

Denominations—Coupon, $500 and $1,000; principal may be registered.

Trustees—American Trust Co., San Francisco, and Security Trust and Savings Bank, Los Angeles.

Provisions of Issue—First and General Mortgage bonds may be issued up to a present authorized amount of $150,000,000, including bonds reserved for the retirement of underlying bonds, in various series, with such maturities, rates of interest, redemption and other features as may be determined from time to time. Bonds may be issued par for par for the redemption of bonds of any other series under this mortgage. Outstanding $10,000,000 Series 5s, due 1961, the proceeds of which were used to redeem all the outstanding Series "B" 7s and Series "C" 7s General and Refunding Mortgage bonds which were called for payment June 1, 1927 at 104½ and interest; to retire $1,895,500 Series "I" 5½% General and Refunding Mortgage bonds; and for extensions, additions and improvements to the plants and system. Bonds additional to this series may be issued for 75% of actual expenditures for permanent extensions, enlargements and additions to the properties of the Corporation, or any subsidiary, provided net earnings for a period of 12 months ending not more than 60 days prior to application for issuance of the additional bonds have been equal to at least 1¾ times annual interest charges on total aggregate funded indebtedness, including the bonds proposed to be issued. Bonds may be issued for 80% of such expenditures provided net earnings equalled at least twice interest charges. The Trust Indenture contains provisions permitting its modification, except in certain important particulars, with the consent of the holders of 4/5 of the aggregate principal amount of the bonds outstanding thereunder.

Callability—Series 5s due 1961 are subject to call, as a whole or in part, on any interest date on 60 days' no

tice, at 105 and interest until and including 1941, the premium decreasing thereafter ¼ of 1% for each year.

Sinking Fund—The Indenture provides for the payment of an annual amount to the sinking fund, beginning Sept. 1, 1927, equivalent to ½ of 1% of the par value of the largest amount of bonds at any time outstanding, including all underlying and additional bonds. Corporation may credit its sinking fund with any payment made under the terms of the sinking fund of any underlying mortgage.

Security—The First and General Mortgage bonds are secured by a direct first mortgage on real estate holdings in the County of Los Angeles, appraised in excess of $1,200,000, which have been acquired for the purpose of establishing its principal gas manufacturing plant; and by a direct mortgage on all properties of Corporation, now owned or hereafter acquired, subject only to the prior liens of underlying mortgages. So long as any of these bonds remain outstanding and unpaid, no debt, lien or other obligation which would be a prior charge, may be created. The Trust Indenture also provides that no additional bonds may be issued under any of the underlying mortgages, except for sinking fund purposes.

Tax Provisions—Company pays Normal Federal Income Tax up to 2% required to be withheld at the source. Exempt from California Personal Property Tax.

Legal for Savings Banks in California.

Original Offering—First publicly offered ($10,000,000 Series 5s, due 1961) in Feb., 1927, at 98½ and interest, yielding over 5.09%, by Bond & Goodwin & Tucker, Inc., Los Angeles, etc.; E. H. Rollins & Sons and Blyth, Witter & Co., Los Angeles, New York, etc.; Mercantile Securities Co. of Cal., San Francisco; Harris, Forbes & Co., New York; Harris, Forbes & Co. Inc., Boston; Harris Trust & Savings Bank, Chicago; and Harris, Forbes & Co., Ltd., Montreal.

Price Range—1927: High, 102½; low, 100⅞.

SOUTHERN COUNTIES GAS COMPANY OF CALIFORNIA

(Controlled by Pacific Lighting Corporation)

History and Property—Incorporated Feb. 27, 1911, in Cal., to combine under one management several contiguous gas properties in Los Angeles and Orange Counties.

Company acquired and now owns the entire properties of Piedmont Gas Co.; Covina Gas Co., and Orange County Gas Co., and the gas plants and distributing systems of the Southern California Edison Co. at Santa Ana and Whittier. In 1916 acquired the property of the Long Beach Consolidated Gas Co. and the gas properties of the Southern California Edison Co. located in the Santa Monica Bay district, also the Pomona district. In 1919 acquired the properties of the Ontario-Upland Gas Co. and the gas properties of the Southern California Edison Co., located in Santa Barbara and Montecito, and the gas properties located in Ventura County. In 1922 acquired the Municipal Gas Distributing System of the City of Newport Beach and now supplies 67 cities and towns in Los Angeles, Orange, San Bernardino, Santa Barbara and Ventura Counties. The business field of the company comprises practically all of the suburban territory adjacent to Los Angeles, with the exception of Pasadena and Redondo. Of the above mentioned properties company sold in 1924, to the City of Long Beach all of the gas distributing system, holders, equipment and real estate within the city limits of Long Beach, and are now wholesaling to the city large quantities of gas which this municipality distributes. Estimated population served 605,000.

The entire system is served with natural gas from the natural gas fields in this district, and carries a calorfic value of 1100 B. T. U. Its distributing system includes 28 compressor units with a combined capacity of 27,000,000 cu. ft. of gas per day; a holder capacity of 8,157,000 cu. ft., and 12,670,967 feet of mains.

Company serves 21 communities in Orange County, 3 in San Bernardino County, as well as wholesaling to other Companies serving 6; 31 in Los Angeles County as well as wholesaling to City of Long Beach for distribution by that municipality, and to other companies serving Los Angeles, Pasadena and other cities on system of Los Angeles Gas & Electric Corp.; 11 in Ventura County, and 4 in Santa Barbara County, making the total communities served, 76. Through contractual arrangements, and by connecting pipe line

systems, Southern Counties Gas Co. can, in any emergency, draw upon the facilities of Los Angeles Gas & Electric Corp., which operates the largest gas generating plant on the Pacific Coast.

Franchises—The Company operates for the most part under perpetual rights arising under the constitution of California, the balance of the properties being operated under favorable long-term franchises.

Bonds may be issued par for par for the redemption of bonds of any other series. Bonds may be issued for 75% of the actual expenditures for permanent extensions, enlargements and additions to properties of the Company, provided net earnings for a period of twelve months ending not more than sixty days prior to the application for issuance of the additional bonds, have been equal to at least 1¾ times the annual interest charges on the total aggregate bonded indebtedness of the company, including the bonds proposed to be issued. Bonds may be issued for 80% of such expenditures provided net earnings equal at least twice interest charges.

Purpose of Issue—Proceeds were used for the purpose of redeeming on May 1, 1928, all the outstanding First Mortgage 5½% bonds, due May 1, 1936, and for the retirement of $2,500,000 General and Refunding Mortgage bonds, due Nov. 1, 1945.

Callability—Subject to call on any interest date on 60 days' notice to and including May 1, 1933, at a premium of 2%, and on any interest date of any year thereafter until maturity at a premium computed at the rate of ¼ of 1% for each five years or fraction thereof, of the then unexpired term.

Sinking Fund—Indenture provides for annual sinking fund payments to be made to the trustee equivalent to ½ of 1% of the total outstanding bonded indebtedness as of the preceding March 1, less any payment made to the sinking fund of any underlying mortgage (in the event the Company should hereafter acquire properties of any other company subject to an outstanding bond issue). In lieu of depositing cash or bonds in the sinking fund the Company may be given credit for an equivalent amount expended during the preceding twelve months for additions, enlargements and betterments against which no bonds have been issued, or deposited cash paid out.

Security—Secured by a first mortgage on all of the Company's properties, including real estate, plants, pipe lines, gas mains, distributing facilities and storage equipment, now owned or hereafter acquired. These Series 1968 bonds are issued under the Trust Indenture securing an authorized issue of $100,000,000 General and Refunding Mortgage Gold Bonds, which provides: Whenever this Indenture shall have become a first lien, subject only to liens for taxes and local assessments, upon substantially all the property, real and personal, of the Company, the Company, at its option and upon complying with the terms hereof may thereafter designate all bonds of each and every series issued hereunder as its "First Mortgage Gold Bonds."

Tax Provisions—Company pays Normal Federal Income Tax up to 2%. Exempt from Personal Property tax in California.

Legal Opinion—LeRoy M. Edwards, Los Angeles and Heller, Ehrman, White & McAuliffe, San Francisco.

Original Offering—First publicly offered ($12,000,000) in Feb., 1928, at 94¾ and interest to yield about 4.80% by Bond & Goodwin & Tucker, Inc., Blyth Witter & Co., American National Co., Peirce, Fair & Co. and E. H. Rollins & Sons.

BONDS CALLED

All of the outstanding First Mortgage 5½% Gold Bonds, due May 1, 1936, were called for redemption on May 1, 1928, at 102½ and interest at Central Trust Co. of Illinois, Chicago, or at Los Angeles-First National Trust & Savings Bank, Los Angeles.

All of the outstanding General and Refunding Mortgage 6% Gold Bonds, Series of 1945, due November 1, 1945, were called for redemption on May 1, 1928 at 105 and interest at American Trust Co., San Francisco, or Los Angeles-First National Trust & Savings Bank, Los Angeles.

RHINE-RUHR WATER SERVICE UNION

(Wasserwirtschaft im Rheinisch-Westfaelischen Industriegebiet (Ruhrkohlenbezirk) G.m.b.H.)

History and Business—Organized to promote the mutual interests and to provide means of facilitating financing of the five individual Associations which comprise the Union. These Associations are obligated to pay to the Union their proportionate share of the amounts necessary to meet the interest, sinking fund and principal of these Debentures.

The Associations comprising the Union are all corporate bodies of a public character having exclusive and perpetual franchises and were created by special Prussian Laws to meet the problems of water-supply, purification and drainage in the Rhine-Westphalia region of Germany, which is one of the most important industrial sections of Continental Europe.

All charges for interest, amortization and operation of the several Associations are assessed upon each Association's members, which include counties, municipalities and industries in the respective territories served. These assessments are enforceable by administrative proceedings, as in the case of taxes, and each member is liable not only for its proportionate amount, but also to further assessments to meet any unpaid assessments on other members of the same Association. This liability of each member is limited only by the extent of the total indebtedness of the individual Association. The Associations are not liable for a payments under the Dawes Plan and the Union on nominally so liable.

Members of the Respective Associations inclu Governmental bodies, counties, municipalities, wat works companies, electric power companies, and t larger industrial enterprises located throughout t Rhine-Westphalia region, the more important which are enumerated below:

Ruhrtalsperrenverein—Organized in 1898. To members—185, with 249 waterworks, belonging part to corporations and partly to cities. Among these a the waterworks of Essen, Duisburg, Bochum a Hamm; the largest waterworks in Germany kno as the waterworks for the North Westphalian C District; and the waterworks of the German Railro Company, Friedrich Krupp and United Steel Worl The total output of these waterworks is approximate 600,000,000 cubic meters annually.

Emschergenossenschaft—Organized in 1904. To members—230, including the German Railroad Co pany; Provinces of Rhineland and Westphalia, counties; 68 communities, including municipalities Bochum, Essen, Dortmund, and Gelsenkirchen; 1 coal mines, including mines of Friedrich Krupp, Thy

sen, Hoesch, Nordstern, and Mathias Stinnes; 26 iron and steel works, including Friedrich Krupp, Goodhope Steel Works, United Steel Works, August Thyssen, Bochumer Verein, Dortmunder Union, and Mannesmann Tubeworks; 14 other large industrial works, including Tarutalization Company, Ruetgerswerke, Goldschmidt Chemical Works, Rhine-Westphalia Electric Power Co., and Westphalian United Electric Power Corp.; also 9 waterworks, including those of the largest cities.

Ruhrverband—Organized in 1913. Total members—239, including the Ruhrtalsperrenverein, which represents 249 waterworks; the German Railroad Company, the Province of Rhineland; the cities of Duisburg, Oberhausen, Muehlheim-Ruhr, Essen, Bochum, and Hagen; the United Steel Works; the Lothringen Mining Company, the Goodhope Coal Mines, and the Mansfelder Coal Mines.

Linksniederrheinische Entwaesserungsgenossenschaft—Organized in 1913. Total members—104, including communities in parts of counties of Moers, Geldfrn, Cleve, Kempen and Krefeld-land; mines, and larger industrial enterprises, including Haniel Mines, German Solvay Works, United Steel Works, Friedrich Krupp Gewerkschaft, Diergart Mines, and Friedrich Heinrich, A. G., etc.

Lippeverband—Organized in 1926. Total members —70, including the German Reich as the owner of navigable canals receiving water from the Lippe River, Prussian State; counties, communities; mines, industrial enterprises, electric works and waterworks, including, among others, Gelsenkirchen Mines, Harpener Mines, Hoesch Steel Works, Kloeckner, A. G., Phoenix, A. G., and Buderus Iron Works.

The plants and works of the Associations comprise dams, reservoirs, hydro-electric plants, purification plants and pumping stations, including the largest sewerage pumping station on the Continent. In addition the Associations own an extensive system of streams and river beds which have been formed into canals having a total length of approximately 250 miles.

THE AVALON TELEPHONE COMPANY, LTD.

History and Property—Incorporated in 1919, in Newfoundland, for the purpose of reconstructing and extending the telephone system of St. John's and vicinity (Avalon Peninsula). The company was granted an exclusive franchise subject to the rights of the Anglo-American Telegraph Co., Ltd., whose system it immediately acquired. Property consists of telephone exchange at St. John's and trunk lines to thirteen exchanges within a radius of 100 miles. Population served, 100,000. No. of telephones in use, 5,300. An increase in rates, effective Jan. 1, 1927, has been granted. These rates are as follows: Business, $54; residence—1-party, $39; 2-party, $30; 4-party, $24.

Franchises—By franchise agreement made under authority of an Act of the Legislature of Newfoundland the Company was granted the exclusive right for thirty years, dating from Sept. 2, 1919, to operate a telephone service in the electoral districts of Ferryland, St. John's East and West (except Bell Island), Harbor Main, Port de Grave, Harbor Grace, Carbonear and Bay de Verde, and, by subsequent Act, the right for thirty years from Sept. 2, 1919, to install telephone service in the districts of Bell Island, South Side of Trinity Bay from Old Perlican to Chapel Arm Whitbourne, Placentia Junction, towns of Placentia and Argentia and St. Mary's Bay; subject to the right of the Government, upon one year's notice, to purchase the Company's plant at any time after the expiration of fifteen years from the date of the franchise, at the fair value of the property for the purpose of its use.

CAPITAL STOCK

Authorized, $300,000 Common and $400,000 7% Participating non-cumulative Pfd.; outstanding, $236,350 Common and $400,000 Pfd.; par, $25. Annual meeting, in March.

Dividends—Dividends have been regularly paid on Pfd. semi-annually Jan. and July 1. On Common % was paid in 1922; 4% in 1923; none since.

FUNDED DEBT

394,000 6% FIRST MORTGAGE 20-YEAR SINKING FUND GOLD BONDS, SERIES "A"; DUE DECEMBER 1, 1946

Dated December 1, 1926.

Interest Payable June and December 1 in Canadian old coin or its equivalent at Canadian Bank of Commerce, St. John's, Newfoundland, Halifax, St. John, N. B., Charlottetown, Montreal, Toronto, Winnipeg and Vancouver.

Denominations—Coupon, $500 and $1,000; principal may be registered.

Trustee—Montreal Trust Company, Montreal.

Provisions of Issue—Authorized and issued, Series "A," $400,000 of which $6,000 redeemed to Dec. 31, 1927. Additional bonds in addition to the Series "A" bonds and ranking pari passu therewith, may be issued only to the extent of 66 2/3% of the cost or fair value (whichever is less) of extensions and additions made subsequent to Jan. 1, 1928, after due allowance for depreciation, as more particularly provided for in the Trust Deed, and then only when net earnings for 12 consecutive months out of the preceding 15 months shall have been equal to not less than twice the annual interest charges on all bonds outstanding and those about to be issued.

Purpose of Issue—Proceeds from the Series "A" bonds were used to refund $141,000 First Mortgage bonds, Series "A," and $73,500 6% First Mortgage bonds, Series "B," together with premiums and accrued interest payable thereon, and to fund expenditures made or to be made for construction of toll line extensions and plant additions, and for the general purposes of the Company.

Callability—Subject to call as a whole or in part at any time before maturity on 60 days' notice at 105 and interest.

Sinking Fund—As an annual cumulative sinking fund, Company shall pay to the Trustee on the first day of December, 1927, and annually thereafter, a sum equal to 1½% of the aggregate principal amount of bonds of Series "A" previously issued, together with a sum equal to the interest on all Series "A" bonds previously redeemed through the sinking fund or otherwise. This sinking fund is to be used by the Trustee for the purchase of Series "A" bonds. Should sufficient bonds not be so acquired, the Trustee shall employ the sinking fund moneys in the redemption of bonds as provided in the Trust Deed.

Security—Secured by a specific mortgage and charge on all properties, equipment and other fixed assets and franchises of the Company now owned or hereafter acquired and by a floating charge as to all other assets.

Legal Opinion—Higgins, Hunt & Emerson, St. John's, Newfoundland, (for the Company) and McLennan, Mitchell, Casgrain, McDougall & Stairs, Montreal (for the Bankers).

Original Offering—First publicly offered ($400,000) Dec., 1926, at 100 and interest, to yield 6% by Royal Securities Corp., Ltd., Montreal, etc.

Offer for Stock—In Sept. 1926 The Koppers Co Pittsburgh, Pa. offered for each share of capital stoc of the New Haven Gas Light Company one share o 12% Pfd. stock and one-half Common share o **Connecticut Gas & Coke Securities Co.,** which holdin company was incorporated in Conn., Oct. 11, 192 to acquire New Haven Gas Light Co., and an interes in Hartford City Gas Light Co. The offer was con

ditioned upon deposit of 100,000 shares New Haven Gas Light stock on or before Sept. 30, 1926 (extended to Oct. 31, 1926). The above mentioned holding company issued 200,000 $3 dividend (quarterly, J, A, J & O) no par cumulative Pfd. shares (callable at $65 and dividends and entitled to $60 and accrued dividends in case of liquidation in priority to the Common stock), and 300,000 no par Common shares. 200,000 of these Common shares were issued to Koppers Co. in exchange for 20,000 shares of stock of New Haven Gas Light Co. and 14,000 shares of Hartford City Gas Light Co., for which the Koppers Co. had paid cash. Koppers Co. guaranteed the $3 dividend on the Pfd. stock on Connecticut Gas & Coke Securities Co. for 25 years with the provision that it may substitute the guaranty of the coke company when that company is ready to supply gas to the New Haven Gas Light Company. During 90 days from and after the time when this supply begins, Koppers Co. agrees to purchase such Common stock in the holding company as may be offered at $25 per share. In October, 1927, The United Gas Improvement Company of Philadelphia purchased the interests of The Koppers Company in The Connecticut Gas & Coke Securities Company.

LAURENTIDE POWER COMPANY, LTD.

(Controlled by Laurentide Co., Ltd.)

History, Property, Etc.—Incorporated Oct. 15, 1915, in Canada, to take over from the Laurentide Co., Ltd., all of its property and plant necessary for the develop- of water power of Grand Mere Falls on the St. Maurice River at Grand' Mere, Que. The Company owns a modern hydro-electric plant with an installed capacity of 165,000 horse-power at Grand' Mere on the St. Maurice River, Province of Quebec. Power is developed under a normal head of over 76 feet, and the Company has the advantage of extraordinary natural conditions favorable to its operation. The plant was put in operation in the Spring of 1916. The ownership in fee of the lands and water rights on both banks of the river, and for eight miles or more above the site of the power plant, has made possible a great storage of water immediately available at the power site. The La Loutre Storage Dam, which had been under construction during the previous two years under supervision by the Provincial Government, was completed in Dec., 1917, and is operating satisfactorily.

Management—The actual operation of the plant has been assumed by the Shawinigan Water & Power Co., thus giving to the Laurentide Power Co., Ltd., the advantage of a management and organization of wide experience at nominal cost.

Market for Power—The Laurentide Co., Ltd., operating paper mills at Grand' Mere immediately adjoining the power plant, is now purchasing from the Power Company under a 50-year contract, 37,500 h.p. The Shawinigan Water & Power Co. entered into a 50-year contract for the purchase of 50,000 h. p. This contract also gave to the Shawinigan Water & Power Co. an option to July 1, 1918, on an additional 37,500 h. p., and further option on 12,500 h. p. under option to the Laurentide Co., Ltd. if not exercised by them. Both options have been exercised by the Laurentide Co., Ltd. and Shawinigan Water & Power Co.

The power purchased under this contract is taken by the Shawinigan Water & Power Co., Ltd., at the Laurentide Power Co.'s station at Grand' Mere, and distributed over their transmission lines, thus entirely relieving the Laurentide Power Co., Ltd., of the capital expenditure and operating expenses of transmission system.

The Shawinigan Company's system embraces over 700 miles of lines, covering a radius of 100 miles east, west and south from Shawinigan Falls, including Montreal, Quebec, Three Rivers, Thetford Mines and thirty other smaller cities or towns in the Province of Quebec. By this arrangement the power furnished by the Laurentide Power Co., Ltd., reaches the largest industrial centers in the Province of Quebec, from which there is a constantly increasing and unusually diversified demand for electric power.

CAPITAL STOCK

Authorized and outstanding, $10,500,000; par, $100. The Laurentide Co., Ltd., owns $7,200,000 of the stock. Annual meeting, third Tuesday in February.

Dividends—Initial quarterly dividend of 1% was paid April 15, 1919, which rate was regularly paid thereafter until April 15, 1922, on which date the rate was increased to 1¼% and has been paid regularly since; payments, J, A, J & O 15.

MIDLAND UTILITIES COMPANY

(See Accompanying Map)

History—Incorporated under laws of Delaware and began business in June, 1923. The company was originally organized as the Public Service Investment Company, but the name was changed to the Midland Utilities Company in August, 1924. The Midland Utilities Company is an investment company engaged in acquiring and holding securities of public utility companies. It controls by stock ownership the utilities in which it is interested which are located, principally in northern Indiana and western Ohio.

The principal public utility subsidiaries of the Midland Utilities Company are:

Northern Indiana Public Service Company
Indiana Service Corporation
Chicago South Shore and South Bend Railroad
Kokomo Gas and Fuel Company
Public Service Pipe Line Company
West Ohio Gas Company
Gary Railways Company
East Chicago Gas Company
Berrien Gas & Electric Company
The Rockford Light & Power Company

In addition to the above public utility companies, Midland Utilities Company controls Indiana By-Product Gas Company, which operates a 10,000,000 cubic foot gas holder in East Chicago, in which is stored surplus gas purchased form the steel mills in the territory.

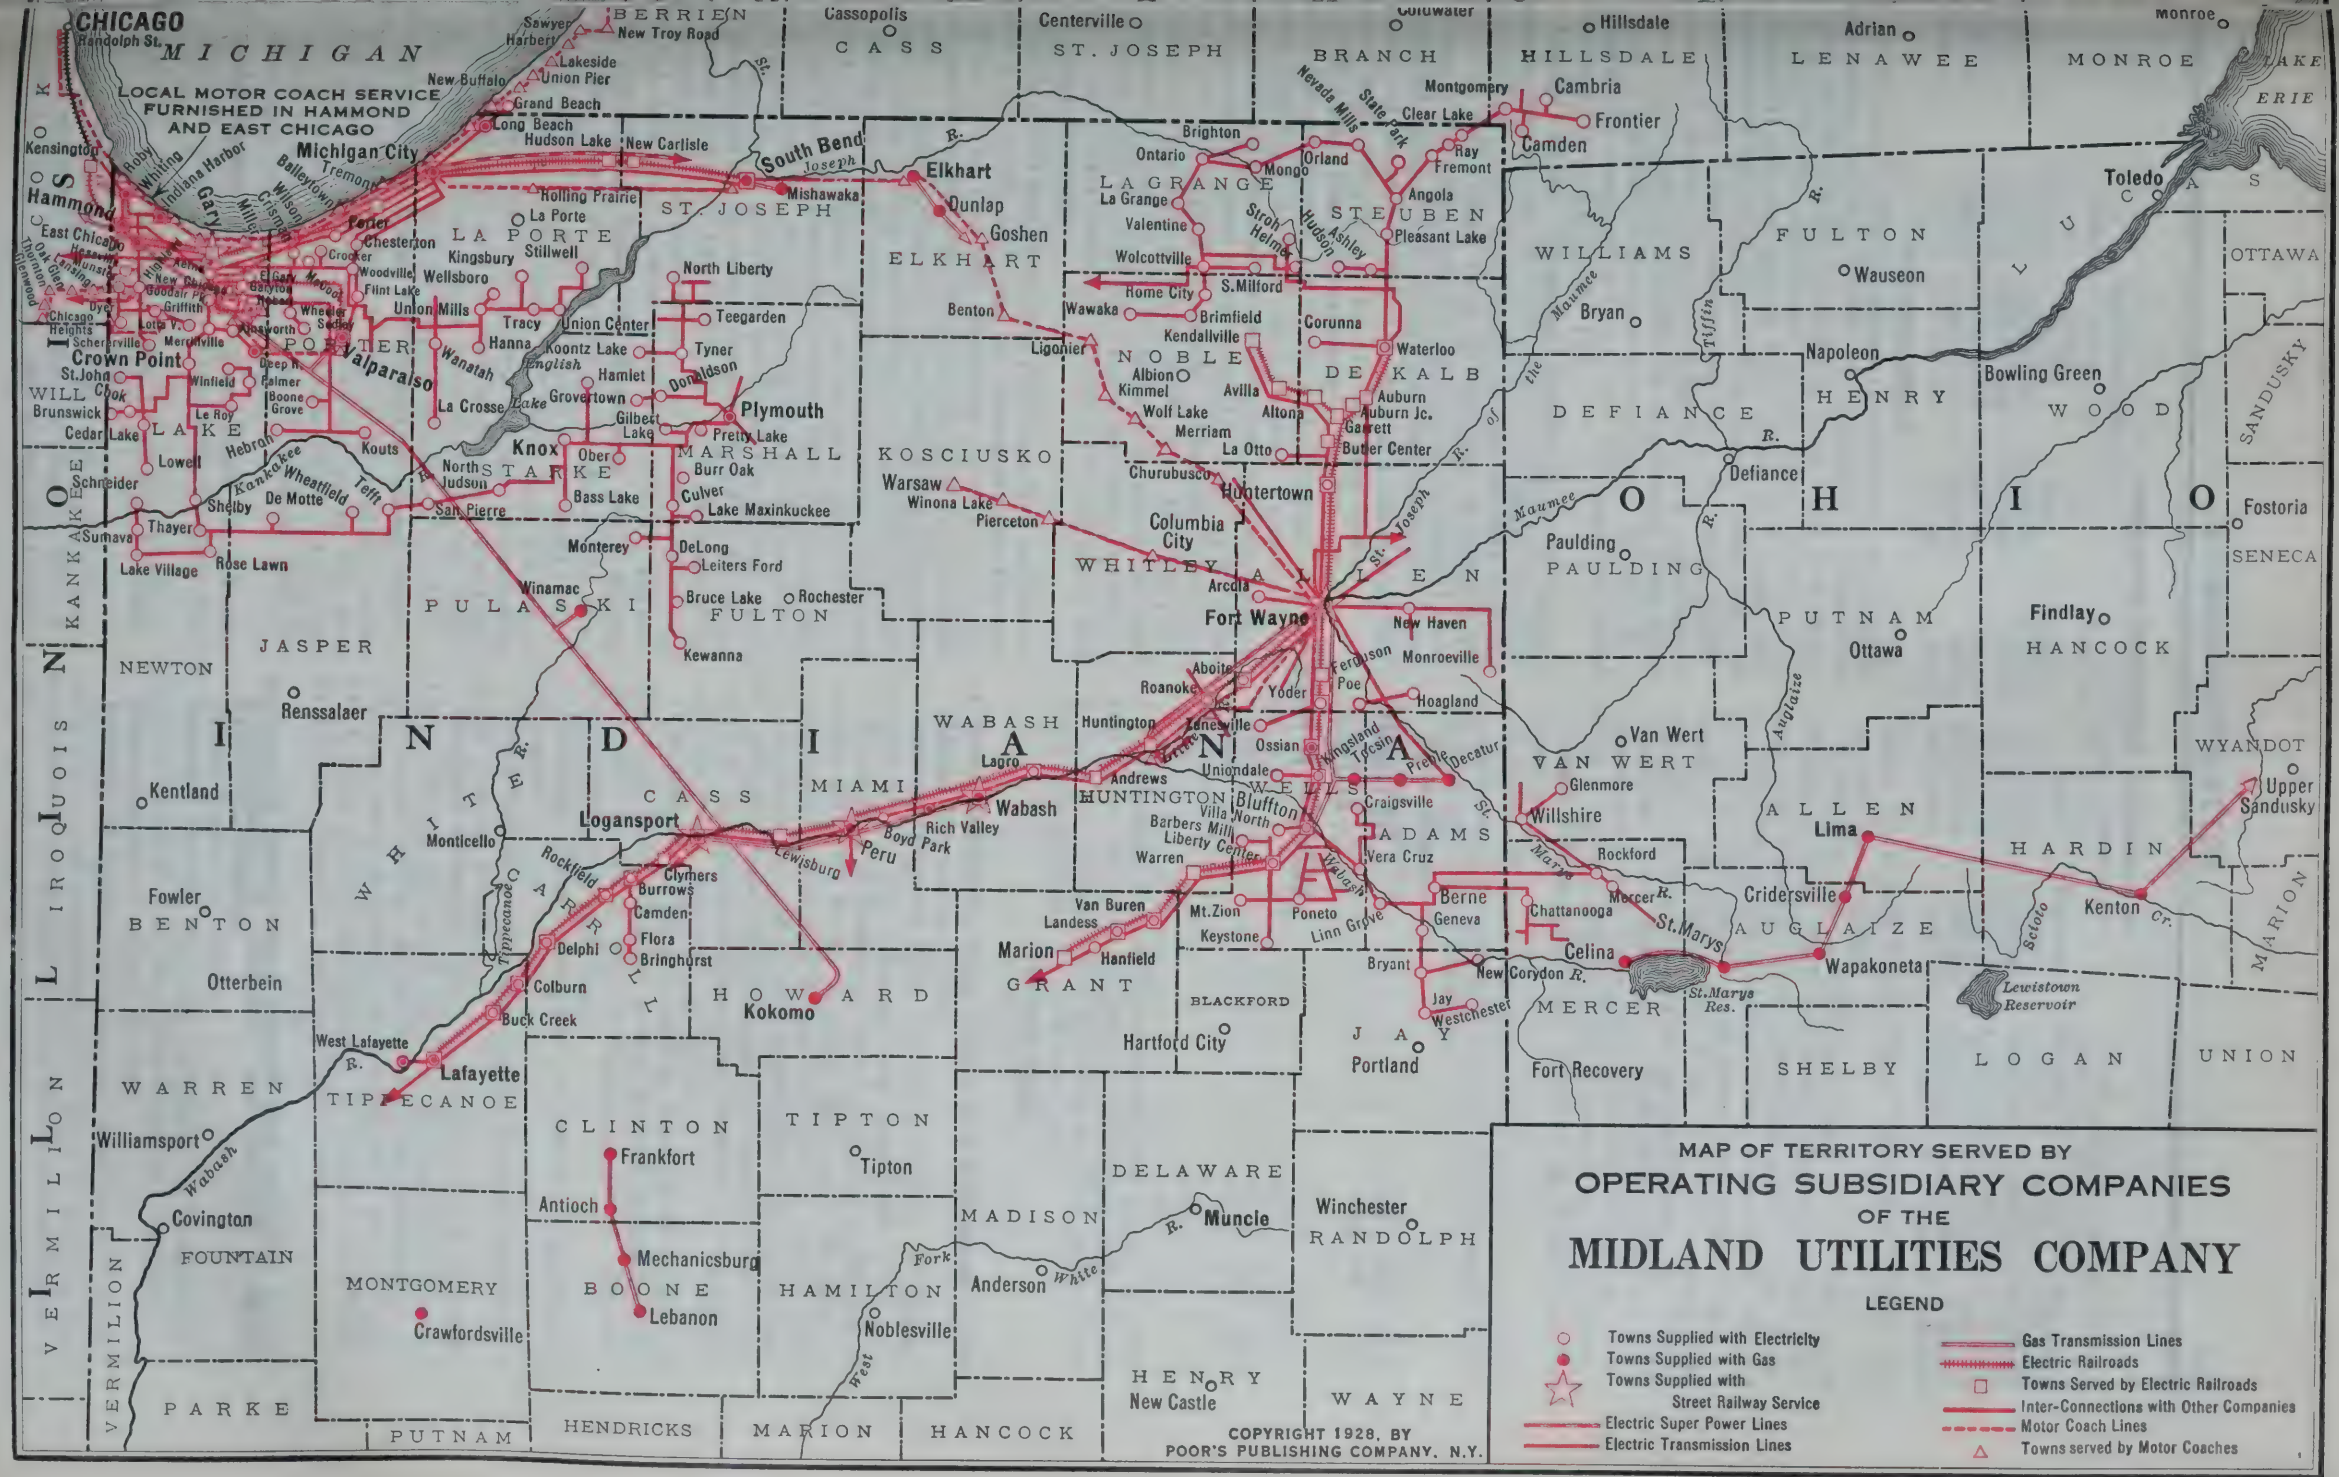
Other subsidiaries are as follows: Indiana Industrial Land Co., Farina's Bus Line & Transportation Co., Midland Cooperative Investment Co., Midland Stock Transfer Co., Midland Utilities Co. of Indiana, South Bend Masonic Temple Association, and Red Line Co.

Except in the case of one subsidiary and of directors' qualifying shares, Midland Utilities Company owns or controls the entire outstanding Common stock of all of its subsidiaries. Of this subsidiary over 98% of the stock is owned or controlled.

The operating subsidiaries render service in 232 communities in Indiana, Ohio, Michigan, and Illinois including the densely developed industrial district of northern Indiana which has been called "The Workshop of America." These subsidiaries furnish public services in such important manufacturing centers as Hammond, East Chicago, Fort Wayne, Whiting, Michigan City, South Bend, Elkhart, Kokomo and Logansport, Indiana and Lima, Ohio. Electric light and power is furnished to 162 communities, gas service to 39, street railway or local motor coach service to 7 and interurban railway or interuban motor coach service to 82. The population served is approximately 1,024,000.

Properties—The subsidiary companies own 7 steam electric generating stations with a total capacity of 76,625 k.w. and 5 hydro stations with a total capacity of 540 k.w., a combined generating capacity of 77,165 k.w. The two largest steam plants are located at Fort Wayne and East Chicago, Ind. In addition there is available through connections with associated and connecting companies 147,500 k.w., making the total supply available 224,665 k.w. The electric systems are interconnected through a 132,000 volt steel tower transmission line with the systems of the Commonwealth Edison Company of Chicago, Public Service Company of Northern Illinois, Indiana & Michigan Electric Co., Northern Indiana Power Co., Wabash Valley Electric Co., and Indiana Hydro Electric Co.

The 14 gas generating plants have a total daily capacity of 29,980,000 cu. ft. The principal plants are located at Fort Wayne, South Bend, Hammond, Peru and Kokoma, Ind., and Lima, Ohio. The gas transmission and distribution systems are connected through four pipe lines with the gas system of The Peoples Gas Light and Coke Company of Chicago. Miles of gas mains, 1,960.8.



The railway system consists of 390.71 miles of first main track, 63.84 miles of second main track and 46.46 miles of sidings, a total of 501.01 miles. Equipment: Motor cars (passenger, 310; freight, 14; service, 30), 354; non-motor cars (passenger, 39; freight 120; service, 34), 193; locomotives, 6—total, 553.

Customers served with electricity numbered 94,163 and those furnished with gas service totaled 154,189 on Dec. 31, 1927. During the year 5,652 new electric users and 5,704 new gas customers were added to the subsidiary companies' lines and mains, an increase over the preceding year of 6.39% and 3.84% respectively.

Sales of electricity in 1927 amounted to 284,573,805 kilowatt hours, a gain of 4.74% over 1926. In addition, 59,655,452 kilowatt hours were supplied to electric railways operated by subsidiaries of the Midland Company. During the same period, approximately, 9,247,541,724 cubic feet of gas were sold, an increase of 7.20% over the sales in 1926.

Revenue passengers carried in 1927 totaled 49,918,797 compared with 42,371,129 in 1926, an increase for the year of 17.81%. Passenger car miles operated were 21,733,085, which was an increase of 66.59% over the 13,045,658 operated in 1926.

Control—The Class "B" Pfd. and Common stocks of the Midland Utilities Company are mainly held by The United Gas Improvement Company, the Commonwealth Edison Company, The Peoples Gas Light and Coke Company, the Public Service Company of Northern Illinois, and the Middle West Utilities Company.

GARY RAILWAYS COMPANY

(Controlled by Midland Utilities Company)

History—Incorporated Sept. 26, 1917, under the laws of Indiana as the Gary Street Railway Company. On Aug. 15, 1925, it acquired all the physical assets of Gary and Valparaiso Railway Company, Gary Connecting Railroad, and Gary & Hobart Traction Co. (for latest statement, see 1925 Public Utility Manual). Coincidentally, the name of the Company was changed from Gary Street Railway Company to Gary Railways Company.

Business—Gary Railways Company owns and operates the street railway in Gary and portions of the street railway systems in East Chicago and Hammond, Indiana. In addition it owns and operates interurban lines furnishing service to Gary, Valparaiso and Hobart, Indiana.

Miles of single track operated by the Company total 73.19, of which 61.24 miles are first main track, 10.66 miles second main track, and 1.29 miles sidings, etc.; 22 miles of road is constructed on privately owned right-of-way. Equipment consists of 87 motor passenger cars, 13 trailer passenger cars and 6 non-motor service cars, a total of 106 cars. No. of motor coaches, 5. Passengers carried: 1927, 17,235,744.

Company owns a half interest in Shore Line Motor Coach Co. of Indiana (52,228 shares Common stock outstanding), Shore Line Motor Coach Co. of Illinois (200 shares Common stock outstanding), and Shore Line Motor Coach Co. of Michigan (40,000 shares Common stock outstanding), the other half interest being owned by Chicago South Shore & South Bend Railroad.

CAPITAL STOCK

Authorized, 275,000 shares Common, no par value, $1,275,000 Pfd. Class "A" cumulative 7.2% stock, and $475,000 Pfd. Class "B" cumulative 7.2% stock, both $100 par; outstanding, 264,232 shares Common, $835,500 Pfd. Class "A," and $271,500 Pfd. Class "B." In addition $7,600 Class "A" Pfd. has been subscribed for. All of the Common stock and Class "B" Pfd. stock is owned by Midland Utilities Co.

Class "A" Preferred Stock Provisions—The authorized amount of Class "A" Pfd. stock is $1,275,000 with additional provision for conversion of Class "B" Pfd. stock to the amount of $475,000 into Class "A" Pfd. stock making a total of $1,750,000. It is subject to call in whole or in part at any time at 110 plus accrued cumulative dividends, and has preference over Common stock and Class "B" Pfd. stock both as to assets and dividends. The Class "B" Pfd. stock is subject to call as a whole at any time or in part from time to time at $110 plus unpaid cumulative dividends.

Transfer Agent—Midland Stock Transfer Co., Chicago, Ill.

Registrar—Illinois Merchants Trust Co., Chicago, Ill.

Dividends—Dividends on Class "A" Pfd. stock are now paid quarterly at the rate of $1.80 per share on M, J, S & D 1 to stock of record the 20th day of the preceding month. Monthly dividends of 60 cents per share were formerly paid. Dividends on Class "B" Pfd. stock are payable monthly, quarterly, or semi-annually as the Board of Directors may from time to time determine.

Annual Meeting—Third Tuesday in March.

INDIANA SERVICE CORPORATION

(Controlled by Midland Utilities Company)

History—Incorporated January 15, 1920. Acquired all of the property of the Fort Wayne and Northern Indiana Traction Company and the Wabash Valley Utilities Company with the exception of the Lafayette Street Railway property. On October 1, 1924, the company acquired the property of the Fort Wayne and Northwestern Railway Company operating the line from Fort Wayne to Kendallville and Waterloo. Control was acquired by Midland Utilities Company, the property being acquired as of Jan. 1, 1925.

On August 1, 1926, the Company purchased the electric light and power properties of the Bryan Electric Co., Berne Electric Light Co. (see 1926 Manual, page 1027) and Wells County Electric Co. and the electric and transportation systems of the Marion and Bluffton Traction Co. (see 1926 Public Utility Manual page 1026). These properties are physically interconnected and occupy territory contiguous to district previously served by the Corporation.

INDIANA SERVICE CORP.

ESTABLISHED 1880
NEW YORK BOSTON CHICAGO
Members New York, Boston, Chicago, Detroit and Hartford Stock Exchanges

This Company furnishes electric light and power service in the City of Fort Wayne and 42 other communities located chiefly in the Wabash Valley between Fort Wayne and Lafayette.

Street railways are operated in Fort Wayne, Logansport, Wabash, and Peru. Three electric interurban railways are operated terminating in Fort Wayne and running to the north, southwest, and south of that city. These roads furnish efficient electric transportation to 37 communities. One of these lines runs from Fort Wayne to Lafayette, by way of Huntington, Wabash, Peru and Logansport; another runs south to Bluffton and west to Marion; and the third runs north to Kendallville and Waterloo. Through an operating agreement with other electric lines the company maintains a fast limited train service between Fort Wayne and Indianapolis. In addition to the interurban rail lines, bus transportation service is furnished over three routes radiating from Fort Wayne. Estimated population served by electric light and power or railway transportation Jan. 1, 1928, was 278,000.

Property—The Company owns and operates a 31,000 k. w. steam power plant located in Fort Wayne at the junction of the St. Joe and Maumee Rivers. It owns 353 miles of 33,000-volt high tension transmission lines and 818 miles of lower voltage transmission and distribution lines. The railroad property includes 240 miles of first main track, 19.28 miles of second main track, and 24.84 miles of sidings, etc. The Company operates 188 motor passenger cars and 35 freight and miscellaneous motor cars, 2 passenger non-motor cars, 90 freight and miscellaneous non-motor cars. The Company also operates 20 motor coaches.

History—Incorporated in 1912 in Indiana as the Calumet Electric Company; assumed name of Calumet Gas and Electric Company in 1924. Name changed to Northern Indiana Public Service Company, Jan. 28, 1926. In 1923 control of the Company was acquired by the Midland Utilities Company.

In Sept., 1924, the properties of the 14 following Indiana public utility companies were purchased by the Calumet Gas and Electric Company:

Elkhart Gas and Fuel Co.
Gary Electric Light and Power Co.
Monterey Light and Power Co.
North Judson Electric Co.
Plymouth Electric Light and Power Co.
Porter County Light and Power Co.
Valparaiso Lighting Co.
Consumers Electric Co.
La Motte Utilities Co.
Peru Light and Power Co.
Winnekakee Valley Electric Co.
Wingsbury Light and Power Co.
Union Electric Co.
Winnamatah-La Crosse Electric Co.

In June, 1925, the properties of the following public utility companies were purchased: C. F. Cain Power & Light Co., Hawks Brothers Company, Orland Light & Power Co., Bass Lake Electric Light and Power Co., Nevada Mills Electric Co., and the Indiana properties of the Indiana Electric Utilities Company.

In July, 1925, this company purchased the property of the Calumet Power Company. Through the acquisition of this property the company became the owner of the 132,000 volt superpower line extending from the Illinois-Indiana state line to Aetna, east of Gary. This line has been extended east to New Carlisle, Ind., where it connects with similar system extending eastward into seven states.

On June 3, 1926, the Company absorbed by merger the Northern Indiana Gas and Electric Co. (see 1926 Public Utility Manual, page 1018). The merger agreement provided for the conversion of the shares of the Class "A" Pfd. and Common stock of Northern Indiana

Denominations—Coupon form interchangeable denominations of $100, $500 and $1,000, registerable as to principal only.

Trustee—Illinois Merchants Trust Co., Chicago.

Provisions of Issue—Additional bonds of any series bearing such rates of interest, maturing at such times, and having such other provisions as the Board of Directors at the time of issuance may determine, may be issued (a) par for par against the deposit of cash or United States obligations or against the deposit or discharge of underlying bonds, if any, or to refund, pay or cancel bonds of other series issued under the Mortgage, (b) to the extent of 75% of expenditures for additions and betterments, and to the extent of 75% of the cost or value (whichever is less) of purchased property, and (c) provided bonds secured by mortgage upon the property of a subsidiary, as defined in the Mortgage, shall be pledged in an amount equal to all expenditures made or indebtedness discharged and also provided that the total amount of bonds issued under the Mortgage in respect of any subsidiary, together with the principal amount of all mortgage indebtedness upon such subsidiary outstanding in the hands of the public, shall not exceed 75% of the value of the property of such subsidiary, additional bonds may also be issued to 75% of expenditures made for stock of such subsidiary, and for additions and betterments to its property and purchased property acquired by the subsidiary; and to refund par for par its indebtedness. Bonds issued on account of additions or betterments or purchased property of the Company or of any subsidiary or the stock of any subsidiary, or to refund bonds of other series issued under this Mortgage bearing a lower rate of interest, or the indebtedness of a subsidiary, may not be issued unless the net earnings, as defined in the Mortgage, of the Company and its subsidiaries, during 12 consecutive calendar months ending within 60 days next preceding the date of issuance shall have been at least 1¾ times the interest charges on all bonds then issued and outstanding under the Mortgage and those then proposed to be issued, and on all bonds, if any, then outstanding in the hands of the public prior in lien on any part of the property of the Company or any of its subsidiaries.

Callability—Subject to call as a whole or in part upon 30 days' published notice at the following prices and accrued interest: Series "B," prior to July 1, 1935 at 105; on and after July 1, 1935, at 104 less 1% for each full five-year period elapsed after June 30, 1935; and on and subsequent to July 1, 1955, at 100.

Series "C," prior to Nov. 1, 1941 at 105; on and thereafter up to Nov. 1, 1951, at 104; on and thereafter up to Nov. 1, 1961 at 103; on Nov. 1, 1961 at 102½, less ½ of 1% for each full year elapsed after Oct. 31, 1961 to Nov. 1, 1965; on Nov. 1, 1965 and thereafter to maturity at 100.

Maintenance and Depreciation—The Mortgage provides that the Company shall expend during the year 1927 and annually thereafter an amount equal to not less than 12½% of the gross operating revenues derived from the operation of the mortgaged properties for repairs, renewals and replacements or for additions, improvements or acquisitions, which shall not be made the basis for the certification of additional bonds, or for the retirement of bonds issued under the Mortgage.

The above percentage is subject to periodical redetermination.

Security—The mortgage under which these bonds are issued covers all fixed property now owned or hereafter acquired by the company, subject to the outstanding divisional bonds, if any, on properties at the time of their acquisition and those thereafter issued for pledge under the mortgage. The mortgage is a direct first lien on all physical property owned by Company previous to its acquisition of the Northern Indiana Gas and Electric Co., and in addition will share to the extent pledged, in the lien of underlying divisional bonds on other important fixed property.

Tax Provisions—Company pays Normal Federal Income Tax up to 2%, and agrees to reimburse the holders, if requested within 60 days after payment, for the Pennsylvania and Connecticut four mills, and for the Massachusetts Income Tax on the interest not exceeding 6% of such interest per annum. In addition holders of the Series "B" bonds will be reimbursed for the Maryland 4½ mills tax and the District of Columbia 5 mills Personal Property Tax.

Original Offering—First publicly offered ($2,500,000 Series "A" 6s) in October, 1924, at 97 and interest, yielding over 6.20%, by Halsey, Stuart and Company, Inc., New York, Chicago, etc. $2,700,000 Series "B" 5½s were offered in July, 1925 at 98½ and interest, yielding about 5.60%, and $11,500,000 Series "C" were offered in Oct., 1926 at 98½ and interest, by the same bankers.

Additional bonds of any series bearing such rates of interest, maturing at such times, and having such other provisions as the Board of Directors at the time of issuance may determine, may be issued (a) for par against the deposit of cash or United States obligations or against the deposit or discharge of underlying bonds, if any, or to refund, pay or cancel bonds of other series issued under the Mortgage, (b) to the extent of 75% of expenditures for additions and betterments, and to the extent of 75% of the cost or value (whichever is less) of purchased property, and (c) provided bonds secured by mortgage upon the property of a subsidiary, as defined in the mortgage, shall be pledged in an amount equal to all expenditures made or indebtedness discharged and also provided that the total amount of bonds issued under the mortgage in respect of any subsidiary, together with the principal amount of all mortgage indebtedness upon such subsidiary outstanding in the hands of the public, shall not exceed 75% of the value of the property of such subsidiary, additional bonds may also be issued to 75% of expenditures made for stock of such subsidiary, and for additions and betterments to its property and purchased property acquired by the subsidiary; and to refund par for par its indebtedness. Bonds issued on account of additions or betterments or purchased property of the Company or of any subsidiary or the stock of any subsidiary, or to refund bonds of other series issued under this mortgage bearing a lower rate of interest, or the indebtedness of a subsidiary, may not be issued unless the net earnings, as defined in the mortgage, of the Company and its subsidiaries, during 12 consecutive calendar months ending within 60 days next preceding the date of issuance shall have been at least 1¾ times the interest charges on all bonds then issued and outstanding under the mortgage and those then proposed to be issued, and on all bonds, if any, then outstanding in the hands of the public prior in lien on any part of the property of the Company or any of its subsidiaries.

Callability—Subject to call as a whole or in part at any time on 30 days' published notice, to Dec. 1, 1953 at 107½ and accrued interest less ¼% for each full year elapsed after Nov. 30, 1924, and subsequent to Nov. 30, 1953, they will be redeemable at 100 and accrued interest.

Maintenance and Depreciation—The mortgage provides that the Company shall expend during the year 1925 and annually thereafter an amount equal to not less than a certain percentage of the gross operating revenues derived from the operation of the mortgaged properties for repairs, renewals and replacements or for additions, improvements or acquisitions, which shall not be made the basis for the certification of additional bonds, or for the retirement of bonds issued under the mortgage. The percentage figure will be 12½% for the first five year period and thereafter will be subject to periodical redetermination.

Security—The mortgage under which these bonds are issued covers all fixed property now owned or hereafter acquired by the Company, subject to the outstanding divisional bonds, if any, on properties at the time of their acquisition and those thereafter issued for pledge under the mortgage. The mortgage is a direct first lien on all physical property now owned by the Company.

Tax Provisions—Company pays Normal Federal Income Tax up to 2%. The Company agrees to reimburse the holders of Series "A" Bonds, if requested within 60 days after payment, for the Pennsylvania and Connecticut 4 mills and Maryland 4½ mills taxes, and for the District of Columbia Personal Property Taxes not exceeding 5 mills per dollar per annum, and for the Massachusetts Income Tax on the interest not exceeding 6% of such interest per annum.

WESTERN UNITED CORPORATION

(Operated Under Supervision of Samuel Insull and Associates)

History and Properties—Incorporated in 1913 in Illinois as Illinois Commercial & Mining Company; took over Western United Gas & Coal Company of West Va., known as Rex Mine, in 1917. This mine consists of 1,050 acres of high volatile coal used for manufacture of gas. The estimated available tonnage is 7,500,000.

In 1920, Illinois Commercial & Mining Company purchased 2 Pocahontas coal mines, namely, Black Wolf Coal & Coke Company and Eclipse Pocahontas Coal Company, both located in West Va., and 1 bituminous coal mine in Illinois, formerly the Gus Blair Big Muddy Coal Company. Name of the latter company was changed to Western United Gas Coal Company of Illinois. Practically all of the coal produced by the mining company was sold to Western United Gas and Electric Company, Coal Products Manufacturing Company, and Southern Illinois district (formerly Southern Illinois Gas Co.) of Western United Gas and Electric Company. On July 23, 1926, and Aug. 23, 1926, respectively, the Company disposed of the Eclipse Pocahontas Coal Fuel Company mine in West Virginia, and Western United Gas Coal Co. of Illinois.

In April, 1918, the Mid Egypt Gas and Oil Company was organized. This company owns and operates gas and oil wells in Jackson County, Illinois. The output of the gas wells is sold to the southern division of the Western United Gas and Electric Co. and the output of the oil at present is sold to the Coal Products Manufacturing Co. All capital stock is owned by the Western United Corporation.

In June, 1921, the name of the Illinois Commercial & Mining Company was changed to Western United Corporation, and Company acquired all of the Common stock of Western United Gas and Electric Company, and all of the capital stock of Coal Products Manufacturing Company, Mid Egypt Gas and Oil Company and Southern Illinois Gas Co., the latter being now a part of the present Western United Gas & Electric Co.

In January, 1923, Mid-Egypt Pipe Line Company was organized to build, own, and operate an oil pipe line from the natural gas and oil fields of Mid-Egypt Gas and Oil Company to Ava, Ill. All the capital stock is owned by Western United Corporation.

In November, 1923, Fox River Electric Company was incorporated to build, own, and operate a high tension transmission line from the power station of the Western United Gas and Electric Company, located in Aurora, Ill., to sub-stations of Aurora, Elgin and Fox River Electric Company at Elgin and intermediate points.

As of Jan. 1, 1924, Aurora, Elgin and Fox River Electric Company acquired by purchase all of the property of the Fox River division of the Aurora, Elgin and Chicago Railroad Company.

In November, 1924, Pier Process Corporation was incorporated to acquire the patents on and to develop and license the use of "Pier Process" for manufacture of water gas.

In January, 1926, Western United Corporation was reorganized and property of Southern Illinois Gas Company, Fox River Electric Company, and the lighting department of Aurora, Elgin and Fox River Electric Company were consolidated with Western United Gas and Electric Company. The latter company also acquired control of the Aurora, Elgin and Fox River Electric Co., which operates railway business in Aurora and Elgin, Ill., and an interurban railway business connecting these cities and intermediate points together with co-ordinated bus service.

FUNDED DEBT

$2,946,000 THIRTY-YEAR 6½% SINKING FUND COLLATERAL TRUST GOLD BONDS, SERIES "A"; DUE DECEMBER 1, 1955

Dated December 1, 1925.

Interest Payable June and December 1, at The Bank of America, New York.

Denominations—Coupon $500 and $1,000; principal may be registered; denominations interchangeable.

Trustee—Bank of America, New York.

Provisions of Issue—Authorized amount, unlimited. Issued, $3,000,000 Series "A" 6½s; outstanding, Dec. 31, 1927, $2,946,000. Proceeds were used in part for the acquisition of Western United Gas & Electric Co. and for other corporate purposes.

Additional bonds of Series "A" or any other series, bearing such interest and otherwise of such tenor as directors may from time to time determine may be issued against the acquistion of additional securities and for cash when consolidated net earnings for a period of 12 consecutive calendar months within 15 calendar months immediately preceding shall have been equal to not less than 3 times annual interest charges on all bonds outstanding and those proposed to be issued. Bonds may also be issued, without earnings restrictions, against retirement of previously issued bonds, unless retired through sinking fund. Indenture also provides that with respect to additional Series "A" bonds, or bonds of any other series (issued while any Series "A" bonds are outstanding) maturing more than 5 years from date of issue, provision shall be made for retirement (on par basis) at or before maturity by sinking fund or otherwise.

Callability—Subject to call as a whole or in part on the first day of any month, on 30 days' notice, to and including Dec. 1, 1936, at 105 and interest and thereafter at par and interest, plus a premium of ¼ of 1% for each year or fraction thereof of unexpired term.

Sinking Fund—Indenture provides for semi-annual sinking fund payment to the Trustee beginning Dec. 1, 1926, to be applied to the retirement of Series "A" bonds by purchase in the open market or by call. It is estimated that this fund will retire all outstanding Series "A" bonds by maturity.

Security—These bonds constitute the only funded debt of Corporation and are secured by deposit with the trustee of (a) 200,000 shares, being all the Common stock of Western United Gas & Electric Co. of Illinois and (b) 1,750 shares of Common stock of Western Public Service Co. (of Illinois).

Tax Provisions—Corporation pays Normal Federal Income Tax up to 2%, and agrees to reimburse holders if requested within 60 days after payment, for the California, Connecticut and Pennsylvania personal property tax not exceeding 4 mills, the Maryland personal property tax not exceeding 4½ mills, the District of Columbia personal property tax not exceeding 5 mills per annum and for the Massachusetts Income tax on the interest, not exceeding 6% of such interest per annum.

Original Offering—First publicly offered ($3,000,000) in February, 1926 at 99½ and interest to yield over 6.50%, by E. H. Rollins & Sons and Spencer Trask & Co., New York.

COAL PRODUCTS MANUFACTURING COMPANY

(Controlled by Western United Gas and Electric Co.)

History and Property—Incorporated Jan. 17, 1911, in Ill. Produces coke, gas, tar and sulphate. The site of Company's plant is at Joliet, Ill., on a tract of land of about 100 acres, of which 45 acres are owned in fee and the balance leased for 99 years. The property has a frontage of over 1,000 feet on the Chicago Lakes to Gulf Deep Water Way.

The plant consists of 53 modern coke ovens; each oven is 35 feet long, 9 feet 10 inches high, and has a capacity of 13½ tons of coal every 18 hours. The plant has a daily coal capacity of 1,000 tons producing over 5,000,000 cu. ft. of gas and 650 tons of coke. The ovens are charged and drawn by electrically operated machines. Electric coal and coke handling machinery and traveling bridge facilitate operations and in connection with the business 3½ miles of railroad track and two locomotives are required. The power house contains engines and generators of 750 kilowatt capacity, furnishing electric energy for the operation.

The Company is at the present time operating under contract the 5-11 ft. water gas sets (capacity 17,500,000 cu. ft.) owned by the Western United Gas & Electric Co. located on land leased from this Company adjacent to its own plant.

The Company sells its entire output of gas to the Western United Gas & Electric Co. for distribution by the latter company, and the coke is marketed by the latter company.

CALGARY POWER COMPANY, LIMITED

History and Properties—Incorporated Oct. 20, 1909, under the laws of the Dominion of Canada. The Company holds under lease from the Dominion Government for four consecutive periods of 21 years each all the water power of the Bow River at Horseshoe Falls and Kananaskis Falls, Province of Alberta, at a nominal rental of $101 annually, and has the right, under similar terms, to store and regulate the discharge of water in Lake Minnewanka. The Company also holds under perpetual lease from the Dominion Government and the Stony Indians adjacent lands at a rental of $300 annually. Hydraulic developments comprise two concrete dams, one 45 feet high and 300 feet long and the other 40 feet high and 400 feet long, each making a sufficient pond for 12 hours storage with a head at the power house of 72 feet. Six generating units are installed with a total capacity of 31,500 horse power. For about 4 or 5 months of the year, the available output is reduced to an average of about 15,000 horse power. Power is transmitted 50 miles to Calgary over three 55,000 volt transmission lines on separate pole lines and eight miles to Exshaw over 12,000 volt triplicate lines. The Company has a contract with the City of Calgary for the supply of up to 60,000,000 k.w.h. per annum, or such further amount as the City may require and the Company is willing to supply; and the City agrees to purchase and take delivery of at least 90% of its electric energy requirements during such time as the Company can supply it. This power is used by the City for the operation of its municipally owned street railway, electric light and power departments. The balance of the power is sold by the Company for industrial purposes. The contract with the City of Calgary is dated Aug. 6, 1923, and is for a period of five years, to be extended for a further period of two years in the event of failure to reach agreement regarding a new contract before Aug. 6, 1928.

THE COLUMBUS, DELAWARE AND MARION ELECTRIC COMPANY

History and Business—Incorporated June 12, 1917, in Ohio, to take over the properties of The Columbus, Delaware and Marion Railway Company. During 1926 Company acquired The Richwood Light, Heat & Power Co., and The Caledonian Electric Light Co.

Owns and operates without competition all of the property incident to the central station electric light and power business in Marion, Bellepoint, Caledonia, Essex, Lewis Center, Flint, Powell, Warrensburg, Richwood and Magnetic Springs, Ohio. Owns and operates the interurban railroad between the cities of Columbus, Delaware and Marion, Ohio, and also the street railway in the city of Marion. Also owns the majority of the Common stock of **The Mt. Gilead Water, Light, Heat and Power Company** and **The Morrow Public Service Company,** which companies buy electrical energy from it and retail same to Mt. Gilead, Cardington, Edison and Ashley, Ohio. The Mt. Gilead company also furnishes water to Mt. Gilead. The earnings applicable to these Common stocks are not included in the company's earnings statement. It also wholesales electrical energy to the city of Delaware, Ohio, and the villages of Stratford, Kirkpatrick, Green Camp, Owens, Meeker, Agosta, Waldo, LaRue, Morral, Marseilles, Fulton, Marengo, Radnor, Norton, Prospect and Sparta. Total population served by the railroad department, including terminal cities, is in excess of 350,000; population served by electric light and power department is in excess of 50,000.

Company has a complete electric distribution system in the City of Marion, Ohio. The steam power station, which is situated 7½ miles south of Marion, Ohio, at Scioto Station, has a capacity of 34,666 h.p.

The street and interurban railway system aggregates 54.97 miles of single track equivalent, all of which is owned by the company. The interurban runs from the center of Columbus over the tracks of the Columbus Ry., Power & Light Co., to the intersection of Indianola Avenue and the Company's private right-of-way, and thence through North Columbus, Worthington, Delaware and Prospect into Marion. Over 89% of its own interurban track is on private right of way. The interurban connects at Columbus with electric lines for Indianapolis, Cincinnati, Dayton, Springfield, Fort Wayne, Toledo, Chillicothe, Lancaster, Zanesville and Newark; at Marion with electric lines for Bucyrus, Mansfield, Galion and intervening points to Cleveland. The company furnishes local street car service in Marion.

Equipment—The rolling stock includes 19 city passenger cars, 9 interurban passenger cars, 3 parlor cars, freight and express cars, 11 freight box car trailers, 20 flat dump and work cars, and 2 motor snow plows. Also a complete railway high tension transmission and feeder system with the necessary substations. The maximum rate for electrical energy is 8 cents with a 5% penalty if not paid within 10 days, and the railway rates are approximately 2½ cents per mile.

CAPITAL STOCK

Authorized, 150,000 shares Common, and 30,000 shares $7 dividend cumulative Pfd., both of no par value; outstanding, Dec. 31, 1927, 60,420 shares Common and 15,000 shares Pfd. Common stock was changed from $3,000,000 (par, $100) authorized and 1,200,000 (par $100) outstanding to present amounts in 1925, five shares of new no par stock being issued in exchange for one share of $100 par stock. Pfd. stock was changed from shares of $100 par value to shares of no par value in 1927.

Preferred Stock Provisions—Pfd. stock has preference for assets and dividends and is redeemable as a whole or in part at $115 and accumulated dividends. The present authorized issue of 30,000 shares Pfd. stock cannot be increased except with the consent of the majority of the Pfd. stock, and no stock having priority over it can be authorized except with the consent of 75% of the Pfd. stock. The holders of the preferred stock have no right to subscribe to any issues of Pfd. or Common stock and have no voting power for the election of directors unless there is a default in the payment of four quarterly dividends, in which case the Pfd. stock has exclusive voting power for the election of directors so long as there are any unpaid accrued dividends.

Transfer Agent and Registrar—First National Bank, Boston.

Dividends—Pfd. dividends have been regularly paid quarterly, J, A, J & O 1. None paid on Common.

FUNDED DEBT

$1,250,000 FIRST MORTGAGE GOLD BONDS, 5% SERIES DUE 1958; DUE FEBRUARY 1, 1958

Dated February 1, 1928.

Interest Payable February and August 1, at Bankers Trust Co., New York.

Denominations—Coupon, $500 and $1,000, interchangeable. Fully registered bonds in denominations of $1,000 and $5,000. Coupon bonds in denominations of $1,000 and fully registered bonds interchangeable.

Trustee—Bankers Trust Company, New York.

Provisions of Issue—Authorized amount, not limited; issued, 5% Series due 1958, $1,250,000. Additional bonds may be issued in one or more series, bearing such rates of interest, such maturity dates and such other provisions within the limitations of the Mortgage as the Board of Directors may from time to time determine. The Mortgage provides that additional bonds of the 5% Series due 1958 or other series may be issued in accordance with the restrictions provided in the Mortgage, as follows: (a) $250,000 against the properties of the Company as they existed on Dec. 31, 1927. (b) To refund, in whole or in part, an equal principal amount of bonds of any series issued under the Mortgage. (c) To not exceeding 75% of the cost or fair value to the Company, whichever is less, of property additions as defined in the Mortgage, to the properties of the Company made or acquired after Dec. 31, 1927. (d) For cash. Additional bonds may not be issued, except for refunding purposes, unless net earnings, as defined in the Mortgage, for twelve consecutive months within the fifteen calendar months immediately preceding the month in which the application for issue is made, shall have been at least equal to twice the annual interest requirements on all bonds issued and outstanding under the Mortgage, including those proposed to be issued, and on all prior lien bonds, as defined in the Mortgage. The $250,000 principal amount of bonds referred to in (a) above may not be issued unless such net earnings shall have been at least equal to three times the amount of such annual interest requirements. Not more than 15% of such net earnings shall consist in the aggregate of (a) Net non-operating income; and (b) net income directly derived from the operation of properties not subject to the lien of the Mortgage.

No bonds issued under this Mortgage may be issued against property additions subject to prior liens. The Mortgage contains a clause subjecting fixed property acquired after the date of the Mortgage to the lien thereof subject to liens existing on said property at the time of acquisition and subject to the provision that when property is acquired by the Corporation subject to a lien prior to the lien of this Mortgage and because of the restrictions of this Mortgage said property cannot be used as a basis for the issue of bonds thereunder, then and in that case the Corporation shall have the right to place a mortgage or mortgages on said property and additions thereto which shall have priority to the lien of this Mortgage.

Purpose of Issue—Proceeds from the sale of these bonds were used to retire all present outstanding bonds and notes, to reimburse the Company for expenditures incurred for construction, and for other corporate purposes.

Callability—Subject to call as a whole or in part on any interest payment date, upon 30 days' notice at 105 during the first fifteen years, at ½% less each suceeding year up to and including Feb. 1, 1952, and thereafter at 100, in each case with accrued interest.

Sinking Fund—None provided.

Security—Secured by a direct first mortgage on all present fixed assets of the company.

Tax Provisions—Company pays Normal Federal Income Tax up to 2%. Pennsylvania four mills tax refundable upon proper application, within 60 days after payment.

Legal Opinion—Winthrop, Stimson, Putnam & Roberts, New York.

Original Offering—First publicly offered ($1,250,000) in March, 1928, at 99½ and interest to yield over 5% by Bonbright & Co., Inc., and W. C. Langley & Co., New York, etc.

LOS ANGELES RAILWAY CORPORATION

History and Property—Incorporated Nov. 7, 1910, in Cal.; successor to the Los Angeles Ry. Co., (see Manual for 1910, page 1856). Has acquired all the city narrow-gauge lines owned by the Pacific Electric Ry. Co., and the Los Angeles Interurban Ry. Co., and those portions of the Los Angeles & Redondo Ry., and California-Pacific Ry., lying north of an east and west line running through Hawthorne and Athens, thus comprising all the street railway business of Los Angeles, Cal. Over 25% of trackage is on private right of way and 90% of routes are double tracked. All main line and practically all down-town line franchises extend beyond 1940. Miles of track operated 406.71. Gauge, 3 ft. 6 in. Rail, 60, 72, 87 lb. T and 116 lb. girder. Operated by overhead trolley. Cars, owned and operated—motor, 1,290; non-motor, 75. Sub-stations, 16. Street railway service is supplemented by bus service. Owns the entire $5,000,000 capital stock of City Ry. Co. of Los Angeles.

Increased Fare Denied—Holding the 5-cent fare of Corporation to be "not unreasonable" the California RR. Comm. in a decision made public on March 26, 1928, unanimously denied Corporation's application for an increase from the present 5-cent fare to a 7-cent fare or four rides for 26 cents. Application for the increase was made to the Commission on Nov. 17, 1926. A valuation of the properties made by the Commission was declared to amount to $42,000,000. This was used as a rate base. The figure includes undepreciated cost of properties with land at present values; also an allowance of $750,000 for materials and supplies on hand and of $250,000 for work in progress. On April 14, 1928 the Corporation filed a petition for a rehearing and claiming that a continuation of the 5-cent fare amounted to a confiscation of its property.

CAPITAL STOCK

Authorized and outstanding, $20,000,000; par, $100. Entire stock, except directors' qualifying shares, owned by Henry E. Huntington. No dividends paid since 1913.

BERLIN ELECTRIC ELEVATED AND UNDERGROUND RAILWAYS CO.

(Gesellschaft fuer Elektrische Hoch- und Untergrundbahnen in Berlin)

History and Properties—Organized in 1897 as a private corporation to construct and operate electric elevated and underground lines in the City of Berlin and its suburbs, and began operation in 1902. Owns about 28.7 miles of elevated and underground lines and operates a total, including connecting lines, of about 33.1 miles. These lines constitute the entire electric rapid transit system now in operation in the City of Berlin, the third largest city of the world, with about 4,000,000 inhabitants.

The rapid transit system owned includes 6 miles of elevated and 22.7 miles of underground lines with a total of about 71.5 miles of track. These lines are of standard gauge and are equipped with automatic signals. Furthermore, the Company owns a surface railway extension about two miles in length. The Company owns its power plant with a capacity of 32,500 K.W., which generates most of the electric current required, the remainder being supplied chiefly by the Berlin City Electric Company, all the capital stock of which is owned by the City. The equipment includes about 800 cars. Plant and equipment are modern and have been maintained at a high standard of operating efficiency. The cost of the existing properties was over $60,000,000 and the cost of reproduction is estimated at over $100,000,000.

In addition to its own lines the Company operates about 4.4 miles of connecting lines under favorable contracts.

Franchises—None of the franchises expire before 1975. While the City has the right to acquire certain lines of the Company in 1937 and at intervals of ten years thereafter, such purchase can only be made subject to the mortgage securing Company's First Mortgage bonds. The franchises are free from burdensome restrictions.

TRAFFIC STATISTICS

The traffic of the entire rapid transit system operated by the Company has been as follows:

Year	Length of Lines (miles)	Number of Passengers
1903	7.0	29,628,463
1913	17.2	71,525,370
1921	23.5	95,928,574
1922	23.5	121,186,650
1923	28.0	167,547,008
1924	29.0	183,070,192
1925	29.0	172,531,558
1926	29.0	163,180,978

Control by City of Berlin—The City of Berlin, directly or through a corporation wholly owned by the City, owns more than a majority of the capital stock of the Company, viz., 97,000,000 Reichsmarks ($23,095,238) par value, including 62,000,000 Reichsmarks ($14,761,905) par value on which 50% has been paid, the balance being subject to call. Furthermore, over 69,000,000 Reichsmarks ($16,428,571) par value, or about seven-eighths of the remaining stock outstanding, has been deposited under an Agreement which provides that the City has the right to acquire all of the deposited stock on or after April 1, 1931 and is obligated to buy any part thereof on or after April 1, 1936, on the demand of the owner. For granting this right to the City, the depositing stockholders are to receive warrants for an amount equal to 20% of the par value of the deposited stock (such warrants to be redeemed by the City in five annual instalments beginning in 1927) and, upon acquisition of the stock, the City will pay the par value thereof, the total payments by the City thus aggregating 120%. Until acquired, the City will pay interest on the par value of the deposited stock at the rate of 7% per annum.

CAPITAL STOCK

Authorized and issued, 175,244,000 Reichsmarks ($41,724,762) including 62,000,000 Reichsmarks ($14,761,905) par value, capital stock, 50% paid, the balance being subject to call. There are also outstanding 1,250 profit sharing certificates (no par value), the holders of which are entitled to one-quarter of the net profits after payment of dividends at rate of 8% on the stock of Company.

Listed—Berlin Stock Exchange.

Dividends—Annual dividends have been paid since 1903 (the first complete year of operation), with the exception of 1923; the dividend rate was 5% for 1924, 7% for 1925 and 5% for 1926.

Provisions of Issue—Authorized, $25,000,000 (or equivalent in Reichsmarks); issued, $15,000,000. The remaining bonds may be issued for additions, betterments, extensions, etc. under restrictions set forth in the Indenture, for an amount not to exceed 60% of the cost or fair value (whichever is less), but only if for a period of twelve consecutive months (within the fifteen months preceding application for such issue) net earnings as defined in the Indenture shall have equalled at least one and one-half times the annual interest and sinking fund requirements on all Bonds issued under the Indenture and on the Bonds then to be issued.

Purpose of Issue—Proceeds will be used for betterments, additions and equipment, for the payment of floating debt incurred in the construction of lines acquired from the City and of extensions recently placed in operation, for the redemption of 13,463,700 Reichmarks ($3,205,261) par value of the Company's outstanding Bonds and other obligations, and for other corporate purposes.

Callability—Subject to call as a whole or in part on any interest date upon three months' notice at 102½ and interest, up to and including Oct. 1, 1931, and thereafter at par and interest.

Sinking Fund—As provision for payment of interest and as a sinking fund for retirement of the bonds at or prior to maturity, Company on March and Sept. 15, in each year commencing with 1927, so long as any of the bonds are outstanding, agrees to pay to Speyer & Co., as Fiscal Agent, in gold coin of the United States of America, sums calculated to be sufficient to provide for payment of interest and for retirement through sinking fund, at or prior to maturity, of all of the bonds. Payments are to be applied by the Fiscal Agent to payment of interest on the bonds and the balance to purchase and/or redemption of bonds in the open market or at private sales, at or below par and int. If on Aug. 1 of any year there shall remain in the sinking fund account, an amount sufficient to redeem $10,000 or more of the bonds, the Fiscal Agent shall select by lot between Aug. 1 and 15, a sufficient number of bonds for redemption at principal amount thereof on Oct. 1 to exhaust the sinking fund moneys as nearly as possible. Notice of redemption of bonds selected is to be published not less than 30 days prior to redemption date.

Security—Secured by a direct first mortgage on all the elevated and underground railway properties of the Company, including equipment and power plant, subject only to the charges under the laws enacted to give effect to the Dawes Plan, payments in respect of which (on the basis of present assessments) are conservatively estimated at not exceeding $225,000 in any year. It is estimated that the principal amount on which charges are computed will not exceed $3,750,000. Company covenants to extend the lien of this mortgage to all property hereafter acquired with the proceeds of bonds issued thereunder. The City of Berlin which directly or through corporation wholly owned by the City, owns a majority of the capital stock of the Company, has entered into an agreement with the Company providing that fares will be maintained adequate to ensure earnings which will cover operating expenses, interest and sinking fund on all loans and proper provision for depreciation and other necessary reserves, and that if, for any reason, the fares should not be maintained at rates adequate to ensure sufficient earnings available for such purposes, the City will provide the funds necessary therefor.

Tax Provisions—Free from any present or future German taxes.

Legal Opinion—Sullivan & Cromwell, New York, and Albert & Westrick, Berlin.

Original Offering—First publicly offered ($15,000,000) in Nov., 1926, at 94½ and interest to yield about 6.95% by Speyer & Co., The Equitable Trust Co. and Blyth, Witter & Co., New York, etc. $3,000,000 bonds of this issue were withdrawn for sale in Holland by Hope & Co., Teixeira de Mattos Brothers and Deutsche Bank, Amsterdam.

Listed—New York and Boston Stock Exchanges.

*The inclusion of the net profits of the Nordsudbahn and the Schenneberger Bahn, both of which were taken over in 1926 by the Company would increase this figure approximately $708,800, that is, to an approximate total of $3,271,000.

NOTE—Conversions from German to United States currency have been made at 4.20 Reichsmarks to the Dollar.

Depreciation Policy—The rate of depreciation for the railway system, the power plant and operating equipment and the surface line are based upon the number of car kilometers run, or what is known as the car kilometer. The reserves are placed in a special account designated "renewal reserves" and all expenses for renewals are charged to it. The renewals and other special sums written off for the railway, the power plant, operating stations and equipment of the surface line are calculated at approximately 7½ pfennigs per car kilometer.

EVANSVILLE & OHIO VALLEY RAILWAY COMPANY

History—Incorporated in Dec., 1918, in Indiana, and on Feb. 20, 1919, acquired the properties of the Evansville Railways Co. (see 1918 Public Utility Manual, page 184), in accordance with the Plan of Reorganization dated Jan. 24, 1917, with the exception that the plan as revised by the Public Service Commission of Indiana provided for the issuance of only $300,000 Common stock and $200,000 Pfd. stock, instead of $1,000,000 Common and $500,000 Pfd. stock as originally planned. Company also acquired in fee all the properties of the Evansville, Henderson & Owensboro Ry. Co. (see 1918 Public Utility Manual, page 187). Controls by stock ownership the properties of the Owensboro City R.R. Co. (see statement appended) and Crescent Navigation Co. This latter company owns three passenger boats and two large terminal wharf boats at Owensboro, Ky., and Rockport, Ind.

Mileage—Operates between Mt. Vernon, Evansville, Henderson, Richland, Newburg and Grandview, Ind. Total mileage operated, 70.68, of which 56 miles are owned in fee, 7.22 miles are leased, and 7.46 miles are operated under trackage rights. Sidings, etc., 4.32 miles; total mileage, 75 miles. Gauge, standard. Rail, 70 lb. T. Passenger cars, 14; freight cars, 121; service cars, 2; motor freight cars, 3; electric locomotive, 1—total, 141. Also operates bus lines.

Receivership—W. A. Carson was appointed Receiver Oct. 25, 1927.

Sub-Company Receivership—On Sept. 29, 1923, W. A. Carson was by mutual agreement, appointed Receiver of the Owensboro City R.R. Co. (for further details see statement of Owensboro City R.R. Co.).

Henderson Traction Co.—This Company ceased operations on July 17, 1923, and on Oct. 27, 1923, its property was sold by Court order to W. H. McCurdy, Evansville, Ind., for $6,800.

CAPITAL STOCK

Authorized, $1,000,000 Common and $500,000 6% non-cumulative Pfd.; outstanding, $287,875 Common and $224,110 Pfd.; par, $100. Annual meeting, first Monday in March. No dividends paid.

FUNDED DEBT

(1)

$179,000 First Gold 6s; dated Jan. 1, 1919; due Jan. 1, 1949; int. Jan. and July 1, at Continental National Bank & Trust Co., Chicago, Trustee. Authorized issue, $200,000. Sinking fund of $2,500 per annum starts in 1929 and continues for ten years, thereafter the sinking fund will be $5,000 per annum. Subject to call at 103 during the first ten-year period, 102 during the second ten-year period, and 101 during the third ten-year period. Company pays Normal Federal Income Tax up to 2%.

(2)

$1,034,200 First and Refunding 5s; dated Jan. 1, 1919; due Jan. 1, 1949; int. Jan. and July 1, at American Trust & Savings Bank, Evansville, Ind., Trustee, or the Hanover National Bank, New York. Authorized issue, $1,200,000.

Default—The interest due Jan. 1, 1928, was not paid on these bonds.

Sinking fund same as above if none of the First Mortgage bonds are issued. If they are issued sinking fund applies only to the First Mortgage bonds. Subject to call as a whole or in part on any interest date at 102½ and interest. Of the bonds outstanding, $747,800 were issued under the Plan, as follows: $660,-100 (50%) to holders of the old First Mortgage bonds, $7,500 (50%) to holders of Mount Vernon interest coupon notes, and $76,000 (50%) to old First Mortgage bondholders for defaulted interest in 1917 and 1918, two years at 5%. In addition, $59,900 were issued as collateral security for 10-year notes and $226,500 for Evansville, Henderson & Owensboro Ry. Co. Pfd. stock. Additional bonds may be issued for improvements, betterments and other property at not exceeding 80% of the actual cost of same, providing, however, that no bonds shall be issued for this purpose unless net earnings for the preceding 12 months are sufficient to cover interest charges on all bonds then outstanding and the additional bonds proposed to be issued. These bonds are a first lien on about 56 miles of main line and 5 miles of sidings, subject only to the First Mortgage (closed) bonds outstanding. Company pays Normal Federal Income Tax up to 2%.

(3)

$747,400 General Mortgage Non-Cumulative Income Bonds; dated Jan. 1, 1919; due Jan. 1, 1949. These bonds are registered and contain no coupons, and do not draw interest unless earned and then not to exceed 5% per annum. Mercantile-Commercial Bank, Evansville, Ind., Trustee. Authorized, $750,000. Of the $747,400 bonds outstanding, $747,400 were issued under the plan as follows: $663,900 (50%) to holders of old First Mortgage bonds, $7,500 (50%) to holders of Mt. Vernon interest coupon notes, and $76,000 (50%) to old First Mortgage bondholders for defaulted interest in 1917 and 1918, two years at 5%.

It is agreed that the net earnings of the Company after the payment of interest on First Mortgage

Bonds, if any are issued, First and Refunding Bonds and Ten-Year Notes sold and outstanding to the amount of $92,900, shall be applied one-half to the payment of interest on the General Mortgage Income Bonds, and the remaining one-half toward the payment of interest and principal of the Bills Payable secured by Ten-Year Collateral Notes. Adjustment to be made semi-annually and that portion which applies on the payment of interest of the General Mortgage Income Bonds shall be deposited with the Trustee and distributed by it to the said bondholders as and when the Board of Directors direct, but in any event the distribution to the said bondholders shall be made when the amount so deposited is equivalent to 1% of the General Mortgage Income Bonds outstanding. Company pays Normal Federal Income Tax up to 2%.

(4)

$2,600 6% Collateral Trust Coupon Notes; dated Dec. 1, 1918; due Dec. 1, 1928; int. M & N 1. Mercantile Commercial Bank, Evansville, Ind., Trustee. Authorized, $300,000; issued, $150,000, of which $2,600 are outstanding in hands of the public, and the balance held in Company's treasury. Of the notes originally outstanding $92,900 were issued to holders of an equal amount of old 5-year notes. Of this latter amount $90,300 were taken up and First and Refunding bonds and Pfd. stock issued in lieu thereof. Company pays Normal Federal Income Tax up to 2%.

SAN FRANCISCO-SACRAMENTO RAILROAD COMPANY

History—Incorporated Jan. 2, 1920, in Cal., and effective Jan. 26, 1920, purchased the properties of the Oakland, Antioch & Eastern Ry., Oakland & Antioch Ry., and the San Ramon Valley R. R., under the modified plan for the reorganization of properties, dated Dec. 19, 1919 (see 1921 Public Utility Manual, page 1374, or apply to our Information Department).

Properties—Owns and operates an electric freight and passenger railroad connecting San Francisco, Oakland and Sacramento, together with branch extending from West Pittsburg to Pittsburg, comprising 87.54 miles of main and branch lines, practically all on private right of way. In addition, there are 11.89 miles of second track, sidings, turn-outs, etc. San Francisco passengers are conveyed to and from 40th Street and Shafter Ave., Oakland, in Company's own cars over the Key Route tracks, direct to the San Francisco bay ferry under a satisfactory contract. The Company owns a steel ferry steamer, the "Ramon," with a capacity of six passenger cars, for ferrying trains across the Suisun Bay. Estimated population served, over 1,000,000.

Equipment—Passenger coaches (of which 20 motor equipped), 38; freight locomotives, 6; freight cars, 74; cabooses, 3; construction and work cars, 14. Substations, 6. Power is furnished to the Company by the Great Western Power Co.

Franchises—Practically the entire mileage is located on private right of way. Where franchises are required they contain no burdensome restrictions, and without exception extend beyond the 1940 maturity of the bonds. The life of the franchises varies from 1946 to 1964, and the shortest, covering only about 5 miles, expires in 1941.

Refinancing Arrangement—It was announced in Jan., 1926, that Company, in order to protect its traffic contract with Western Pacific RR. and to finance extensions to care for Columbia Steel Co. at Pittsburgh, Cal., and enter the Holland land area, had arranged refinancing which will retire outstanding 6% bonds, replacing them with 6½s. Total authorized issue will be cut from $3,000,000 to $2,000,000. Bondholders will receive 2% premium for assent to exchange and banking syndicate handling exchange 2½% commission. Bankers include Harris Trust & Savings Bank, E. H. Rollins & Sons and Blyth, Witter & Co. Estimated extensions to be financed will double net freight revenue of Company.

New Holding Company—Feb. 1, 1927, the **Sacramento Company** was incorporated in Delaware with 10,000 shares of capital stock of no par value to take over the 40,000 shares of Common stock of San Francisco-Sacramento R.R. Co. purchased recently by Arthur Curtis James and Western Pacific RR. interests.

INTERNATIONAL POWER COMPANY, LIMITED

History—Incorporated in Feb., 1926, under laws of the Dominion of Canada, as a public utility holding and operating company. Controls public utility properties which have been in successful operation for many years, in Bolivia, British Guiana, Newfoundland, Porto Rico, Salvador and Venezuela. The combined population served by its properties is approximately 1,000,000, and the number of light and power customers is in excess of 70,000.

The company has acquired all the securities of the **Venezuela Power Company, Ltd.**, and a majority of the stock of **The Porto Rico Railways Co., Ltd., The San Salvador Electric Light Company, The Newfoundland Light & Power Company, Ltd., The Bolivian Power Co., Ltd.**, the **Oruro Light & Power Co.**, and 81% of the outstanding 5% First Mortgage bonds and 90% of the Common stock of the **Demerara Electric Company, Ltd.** Their field embraces public and private lighting, power, tramway and telephone services in fifty-nine communities, all served without competition.

The San Salvador Electric Light Company was incorporated under the laws of the Republic of Salvador, and operates the electric lighting and power services in the City of San Salvador and sixteen adjoining municipalities. San Salvador is the capital and principal commercial and financial center of the Republic. The total population served, including adjoining muni-

cipalities, is about 130,000. Customers served approximate 7,200. The Company owns two hydro-electric developments with a combined capacity of 3,300 horsepower, and a complete electrical distribution system, for the most part of steel pole construction. It also owns and operates a well equipped ice plant of 20 tons daily capacity, and possesses extensive repair shops, as well as office and stores buildings. The property has been in successful operation for over 20 years.

The Venezuela Power Company, Limited was incorporated under the laws of the Dominion of Canada, and, with its predecessors, has operated for many years the light and power businesses of Maracaibo and Barquisimeto, Venezuela, under favorable concessions extending until 1976 and 1963 respectively—subject, in the case of Barquisimeto, to the right of the municipality to purchase the property in 1938 at a value to be fixed by arbitration.

Maracaibo is the largest port and second largest city of Venezuela, and is also the chief financial and distributing center of one of the world's most important oil producing districts. The normal growth of the City during recent years has been greatly accelerated by the extensive development, largely by British and American companies, of the Lake Maracaibo oil field. The combined population served by the Company is approximately 150,000 and the number of its customers about 7,900.

THE PORTO RICO RAILWAYS COMPANY, LIMITED

(Controlled by International Power Co., Ltd.)

History and Properties—Incorporated Aug. 29, 1906, in Canada. Owns and operates the Porto Rico Ry., Light & Power Co. and the **Porto Rico Construction Co.** The former company is a consolidation of the San Juan Light & Transit Co., Porto Rico Power & Light Co., and Cagus Tramway Co. The Company owns and operates electric lighting and power distribution systems in San Juan, the capital and largest city of Porto Rico, and the principal municipalities in the eastern section of the island, including San Turce, Rio Piedras, Fajardo, Caguas, Humacao, Bayamon, Vega Baja, Comerio and Manati. The combined population served is approximately 468,000. The Company also operates the entire tramway system in San Juan and suburbs, together with a steam railway connecting the terminus of this tramway at Rio Piedras with Caguas, 18 miles distant. The total number of its light and power customers exceeds 35,000.

The Company owns hydro-electric plants having a combined installed capacity of approximately 10,600 horsepower, together with an auxiliary steam plant having a capacity of 4,000 horsepower.

Light and power franchises in San Juan, San Turce and Rio Piedras are perpetual. Water power, steam railway and other electric light franchises extend for 99 years from 1906.

In March, 1911, a complete reorganization of the subsidiary companies was effected. Instead of three companies as heretofore, one new company, the Porto Rico Ry., Light & Power Co., was incorporated under the laws of the Island taking over all the assets of the old companies, thus simplifying operations. The Insular Government, desiring that the operating company as a public service corporation, should confine itself strictly to public service, the **Porto Rico Construction Co.** was incorporated to carry on the work of construction, etc., for the operating company, with power to carry on business as contractors and engineers. All the capital stock of the construction company is held by The Porto Rico Railways Company, Ltd.

New Control—Holders of Common stock of Company received an offer to exchange their holdings for stock of Internatonal Power Co., Ltd., on the basis of two shares of 7% First Pfd. of $100 par value and two shares of no par Common for every three shares of The Porto Rico Railways Co., Ltd. Common, or alternatively, a cash offer of $70 for each share of Porto Rico Common.

History—Incorporated April 1, 1851, in New York, as the New York & Mississippi Valley Printing Telegraph Co.; name changed to present title in 1856.

Since incorporation to the present date the company has acquired and controls by purchase, lease or stock ownership, some 536 telegraph corporations and properties, of which about 58 corporations maintain their corporate identities and organizations. In the published balance sheet of the Western Union system, practically all the properties of acquired corporations are merged and comprehended in the General Property Account stated and the stocks and bonds of these merged companies outstanding in the hands of the public are shown at par as capital liabilities; in cases where the properties of controlled companies are not so merged, the stocks, etc., owned are stated as assets at appraised values, and the outstanding capital securities of such companies are not set up as capital liabilities of the Western Union system.

The Interstate Commerce Commission has placed a tentative valuation of $84,744,565 on the total owned and $84,995,384 on the total used telegraph property of Company in the United States as of June 30, 1919. The valuation does not include the cable property of Company. Cost of reproduction new of total owned property was fixed at $109,978,826, and of total used property at $110,406,220; while cost of reproduction, less depreciation, of the total owned was placed at $72,859,100, and of total used at $73,099,462. This tentative valuation covers only the physical property within the United States as of June, 1919, thus omitting plant additions of nine years and the entire property without the United States. Final values will only be reached after judicial determination of the basic principles underlying values.

Under an arrangement with the La Compagnia Italiana dei Cavi Telegrafici Sottomarini (The Italian Submarine Cable Co.), the Western Union completed the laying of a cable from New York to Horta, in the Azores, the Italian Company providing a cable from the Azores to Spain and Italy, thus establishing for the first time direct cable connection between the United States and these two important countries. This line is one of the longest and highest capacity direct cable across the Atlantic. The speed of operation has been established at something more than 1,500 letters per minute, for which the cable was designed. It is operated in five printing telegraph channels, the equivalent of five singly worked wires. This cable was completed during 1924, and began operating on Jan. 18, 1925. It connects for direct operation, with the German Atlantic Cable Company's permalloy cable (connecting Horta with Emden, Germany), which was laid during 1926 and formally opened for business on March 4, 1927.

The successful tests of the permalloy loaded cable between New York and Horta decided the laying of a cable of the same type from New York to Penzance, England, via Bay Roberts, Newfoundland. This new cable, with a speed of about 2,400 letters per minute, was placed in operation Sept. 21, 1926.

Western Telegraph Co., Ltd.—In July, 1919, a contract was entered into with the Western Telegraph Co., Ltd., which operates a comprehensive telegraph and cable system in South America. This contract provided for a connection at Barbados, thus establishing a direct route between the United States, Brazil, Uruguay and Argentina, and to points on the west coast, as far north as Lima, Peru. The cable laid from Miami, Fla., connecting at Barbados, was opened for service on Aug. 29, 1922. Concessions were granted by the Chilean and Peruvian Governments for the landing of ocean cables, which opened the way for a complete and direct route from the United States to all points on the west coast of South America.

Mexican Telegraph Co.—In Dec., 1926, The Western Union Telegraph Co. acquired a controlling interest in this company, which owns and operates three submarine gulf cables between the United States and Mexico and connecting landlines into Mexico City and other important Mexican cities.

Other Foreign Affairs—The Company's office in the Stock Exchange at Amsterdam, Holland, has been opened, thus establishing direct service between Amsterdam and New York. This was the first office opened and operated by a private cable company on the Continent of Europe. Pursuant to an arrangement with the Belgian Government, the Company has established its own cable offices in Brussels and Antwerp, where it now deals directly with the public. A Western Union public cable office has also been opened at Belfast, Ireland.

Through an arrangement made during 1924 with the Commercial Cable Co. (and other companies concerned) The Western Union Telegraph Co. participates for the first time in far eastern cable traffic.

A direct Western Union cable connection has been established for the first time between New York, Havre and Paris; the new route was opened in December, 1927. An agreement was made with the French Cable Company for the acceptance, at Western Union offices in the United States, of cable messages routed by their senders via the French Company's cable, and for the transfer by the French Company to Western Union lines at New York City of a reciprocal volume of west bound cable business.

The growth of cable traffic with Italy, Spain, Germany and the Far East requires additional cable facilities. The Company has arranged to lay a high-speed permalloy cable between Bay Roberts, Newfoundland, and Horta, Azores Islands, which will supplement the present high-speed permalloy New York-Azores cable laid in 1924.

American District Telegraph Co. of New Jersey—The Western Union Telegraph Co. owns a substantial share in the American District Telegraph Co. of New Jersey and its controlled companies, doing a general fire alarm, burglar alarm and sprinkler supervisory business throughout the United States. During 1924, the system of over 100,000 messenger call boxes and other equipment owned by this company was purchased by The Western Union Telegraph Co.

Rate Reductions—Effective Aug. 1, 1927, substantial reductions of approximately 16% were made in cable rates between United States and South American points. The cable rate on press cables between New York and Great Britain was reduced, effective Feb. 15,

Agreement With Radio Corp. of America—The

Company and Radio Corporation of America reached an agreement effective January 1, 1928, whereby the two Companies will jointly handle all radio messages between ships at sea and the United States.

AMERICAN TELEGRAPH & CABLE COMPANY

(Leased to The Western Union Telegraph Co.)

History—Incorporated January 18, 1881 under laws of New York, to operate ocean cables. Owns two cables extending from Sennen Cove, England, to Dover Bay, Novia Scotia. By contract with the English Postal Department the company operates special wires in England connecting its cables with London and Liverpool. In the United States, under contract with the Western Union Telegraph Company, and through that company's contract with the Great Northwestern Telegraph Co., connection is made over the whole of the United States and Canada. This company's two cables and equipments are leased to the Western Union Telegraph Co. for 50 years from May, 1882, at rental of 5% on the $14,000,000 outstanding stock, the lessee to maintain, operate and renew the cables and equipment. Stockholders at a meeting Dec. 7, 1923, accepted offer of Western Union Tel. Co. to advance funds to pay Federal Corporation income taxes commencing Dec. 15, 1923, and continuing during unexpired term of lease, to be repaid at expiration of term with interest at 6% compounded semi-annually.

Stockholders' Committee—In Feb., 1928, the Committee named below requested stockholders to deposit their stock under the terms of a Deposit Agreement dated Jan. 26, 1928 with the U. S. Mortgage & Trust Co., New York, Depositary, the depositary to issue transferable receipts therefor. The Committee stated that the properties of Company are leased to the Western Union Telegraph Co. under lease which expires in May, 1932, and which provides, in substance, for the payment of a rental equal to 5% on the outstanding $14,000,000 par value stock of the American Telegraph & Cable Co. There is no provision in the lease for renewal and the charter of Company will expire on Jan. 16, 1930. There should be united action by stockholders and it would be unwise to await the date of expiration of the charter or the expiration of the lease, if the charter should be extended, before commencing negotiations in an attempt to devise some plan for the protection of the interest of stockholders.

The personnel of the Committee is as follows: Henry R. Ickelheimer, Chairman; Frank B. Hiscock, James B. Mabon and Robert F. Brown, 55 Cedar St., New York, Secretary. White & Case, New York, Counsel.

DOMINION TELEGRAPH SECURITIES, LIMITED

(Affiliated With The Western Union Telegraph Co.)

History—Inc. in Canada, in 1924 and purchased entire assets of Dominion Telegraph Co. The latter company was incorporated in Canada in 1868 and, on June 12, 1879, leased its entire telegraph system as of July 1, 1879, for a period of 99 years to the American Union Telegraph Company at an annual rental of $50,000. In 1881 this rental was, by the terms of the original lease, increased to $62,500 annually, and this sum will continue to be paid until June 30, 1978.

In 1881 the American Union Telegraph Company assigned its lease to the Western Union Telegraph Company, which in turn assigned the lease to the Great North Western Telegraph Company, in so far as that portion of the system lying west of the province of New Brunswick is concerned. The Great North Western Telegraph Company is now a part of the Canadian National Telegraphs, which in turn is part of the Canadian National Railway system, and the latter has acknowledged and reaffirmed the assignment of the lease and the payment of the annual rental of $62,500 during the currency of the lease. The Great North Western Telegraph Company, one of the lessees, has paid to the Dominion Telegraph Company a sum of money in full discharge of any and all claims which Dominion Telegraph Company might make in 1978 in respect to the return of the said company's property under the terms of the lease.

FUNDED DEBT

$1,000,000 FIFTY-THREE YEAR 5½% SINKING FUND MORTGAGE BONDS (SERIES "A" AND "B"); DUE FEBRUARY 2, 1978

Dated February 2, 1925.

Interest Payable February and August 2, at the Bank of Montreal, Toronto, Canada.

Denominations—Coupon, $100, $500, and $1,000 (Series "A"); $500, and $1,000 (Series "B"); both Series registerable as to principal only.

Trustee and Registrar—The Royal Trust Company, Toronto.

Provisions of Issue—Authorized, $1,000,000; issued for the purpose of retiring entire outstanding capital stock of Dominion Telegraph Company amounting to $1,000,000.

Callability—Bonds of Series "A" are callable at par and accrued interest on any interest date on thirty days' notice. Bonds of Series "B" are callable at par and accrued interest on any interest date after February 2, 1955 on thirty days' notice.

Sinking Fund—The Company has deposited with Royal Trust Company, Toronto, $56,500 par value of Dominion Telegraph Securities, Ltd., 5½% Sinking Fund Mortgage Bonds, and the income derived from these is sufficient, together with the interest on bonds from time to time called for the Sinking Fund, to retire the outstanding issue of Series "A" and Series "B" bonds at or before maturity.

Security—Secured by deposit with the Trustee of sufficient bonds of this issue, which with interest earnings thereon, will retire the entire issue at or before maturity. Due to the callable features of Series "A" and subsequently Series "B" bonds the Sinking Fund is assured earnings at the rate of 5½% per annum.

Legal Opinion—Arthur W. Holmsted, of Messrs. Holmsted & Sutton (for the Company); Kilmer, Irving & Davis (for the bankers).

Original Offering—First publicly offered ($1,000,000) in March, 1925, at 104 and interest for bonds of Series "B," yielding about 5.25%, by Cochran, Hay & Co., Ltd., Toronto, Ont.

on any dividend date upon 30 days' prior notice at $110 a share and accrued dividends. Dividends exempt from present Normal Federal Income Tax.

This stock is the senior security of the Corporation, having first call on the Corporation's net earnings available for dividends, and first call on the Corporation's assets in the event of either voluntary or involuntary liquidation of the Corporation. In the event of voluntary liquidation, holders of this Pfd. stock are entitled to $110 a share and any accumulated dividends before holders of any of the other stocks of the Corporation are entitled to any part of the assets of the Corporation. In the event of involuntary liquidation, holders are entitled to $100 a share and any accumulated dividends before the holders of any of the other stocks of the Corporation are entitled to any part of the assets of the Corporation. The amount of this stock that can be issued is restricted by the Corporation's charter to an amount not to exceed the aggregate issue price of all the other outstanding stocks of the Corporation subordinate to this Pfd. stock. The aggregate amount of this 7% cumulative First Pfd. stock outstanding at any time cannot, therefore, exceed one-half the total amount at issue price, of all the outstanding capital stock of the Corporation. This stock is entitled to one vote a share on the question of amending the charter of the Corporation so as to change the priority or preference of this stock, or to change the authorized amount of this stock, and to one vote a share in the event of and during default of payment of five quarterly dividends.

The State of Delaware does not assess an estate or inheritance tax upon stock held in a Delaware Corporation by either a resident or a non-resident of Delaware, therefore this stock is free of any inheritance tax by the State of Delaware.

Class "A" Stock Provisions—The Class "A" stock is entitled after payment of dividends on 7% First Pfd. stock to quarterly cumulative dividends at the rate of $3.50 per share a year (7% on $50 a share) before any dividends may be paid upon the Common stock. This stock is also entitled to additional participating dividends up to an additional $1 a share a year (9% total on $50 a share), participating with the Common stock of the Corporation as follows: If and when dividends are paid amounting to 70c a share on the Common stock (issue price $10 a share) additional dividends cannot be paid on the Common stock in the same calendar year until an additional 1% (50c a share) shall have been paid upon the Class "A" Participating stock, and when thereafter an additional 70c a share shall be paid upon the Common stock, no further dividends may be paid thereon in the same calendar year unless and until an additional 1% (50c a share) shall be paid upon this Class "A" Participating stock. This Class "A" Participating stock is redeemable on any interest date after 30 days' prior notice at the price of $60 a share, and accrued dividends, and in the event of liquidation, it is entitled to receive from the Corporation's assets $60 a share and accrued dividends if the liquidation be voluntary and $50 a share and accrued dividends if the liquidation be involuntary before any distribution be made to the Common stock. This stock is entitled to one vote a share on the question of amending the charter of the Corporation so as to change the priority or preference of this stock, or to change the authorized amount of this stock, and to one vote a share in the event of and during default of payment of five quarterly dividends.

History—Incorporated July 1, 1909, in California as successor to The Edison Electric Company, Los Angeles; incorporated originally in 1896 as a California corporation, and in 1902 as a Wyoming corporation. On May 26, 1917, the company purchased the physical properties of the Pacific Light & Power Corp. (see Manual for 1917, page 916, or apply to our Information Department) together with the controlling interests in other smaller companies. Controls through stock ownership the San Joaquin & Eastern R. R. Co.

and Santa Barbara & Suburban Ry. Co. (see statements appended). In December, 1917, purchased the physical properties of Ventura County Power Co. (see Manual for 1917, page 646). The properties of the Pacific Light & Power Corp. were acquired subject to its outstanding funded debt. The Southern California Edison Co. acquired all of the stock of the Pacific Light & Power Corp., except: $382,500 First Pfd., $314,800 Second Pfd. and $91,000 Common. Also owns all the capital stock of **The Shaver Lake Lumber Co.** ($400,500); Edison Securities Co. ($500); Santa Barbara & Suburban Ry. Co. ($500,000), and San Joaquin & Eastern RR. Co. ($1,000,000). The latter company owns all the $25,000 capital stock of Huntington Lake Hotel Co.

In June, 1920, took over as part of the Edison system the properties of Mount Whitney Power & Electric Co., which had theretofore been operated as a subsidiary. In connection with the taking over of these properties, the Southern California Edison Co. assumed the payment of the Mt. Whitney outstanding First Sinking Fund Gold 6s, due Oct. 1, 1939. The Mt. Whitney Power & Electric Co. therefore, while its corporate existence is still maintained, is an inactive company, owning no property and having no earnings, its corporate existence being maintained only to facilitate the release of property from the Mt. Whitney mortgage when the Mt. Whitney bond issues have been paid. On Nov. 1, 1921, the company took over all the assets and assumed all the liabilities of the Santa Barbara Electric Co., which had been operated as a subsidiary prior to that time. (see 1921 Public Utility Manual, page 1273, or apply to our Information Department.) In the early part of 1919 the Company sold its Santa Barbara and Ventura gas properties to the Southern Counties Gas Co., and the proceeds were used in the purchase of Santa Barbara Gas & Electric Co. bonds, and to pay for additions to property.

Franchises—The franchise rights of the company, in municipal corporations, are unlimited as to time on streets occupied on Oct. 10, 1911, and are conferred by Section 19, Article XI, of the California Constitution, as it existed prior to its amendment, Oct. 10, 1911.

As to rights-of-way for transmission lines not upon public highways, the Company either has perpetual easements or owns the property in fee. As to substantially all lines on public highways outside the limits of municipal corporations, the Company holds satisfactory franchises which expire between 1930 and 1976.

During 1914 the United States Supreme Court rendered a decision, with reference to the rights of holders of constitutional franchises, under which this company secures in perpetuity a blanket franchise in all the incorporated cities in which it was operating prior to Oct. 10, 1911.

Territory Served—The Southern California Edison Co. and its controlled companies operate electric properties throughout Southern California and in the San Joaquin Valley. This territory, with a population of over 2,900,000, includes ten counties with a combined area greater than that of New Hampshire, Vermont, Massachusetts, Rhode Island, Connecticut, New Jersey and Delaware.

The Company serves 360 cities and towns with electricity for power, light and heat, either directly or at wholesale, the most important being Los Angeles, Pasadena, Riverside, Santa Ana, San Bernardino, Santa Barbara, Long Beach, Santa Monica, Redlands, Oxnard, Ventura, and in the San Joaquin Valley the cities of Visalia, Tulare and Porterville. Los Angeles, the principal city served, is one of the largest and most important cities on the Pacific Coast, with a present population of over 1,325,000.

Property—Capacity of the Company's generating plants totals 816,100 h.p., of which 465,700 h.p. is located in 20 water power plants and 350,400 h.p. in 4 steam plants. These several plants are interconnected by high voltage transmission lines into one unified system, susceptible of maximum flexibility and economy in operation. There are 2,200 miles of transmission lines and 10,800 miles of distribution lines.

Big Creek-San Joaquin River Development—During 1927 the sum of $9,829,307 was expended on the development work on this project. It further included scheduled work on the Shaver Lake project consisting of the completion of the following:

1. Mono and Bear Creek (tributaries of the South Fork of San Joaquin River) diversion into Florence Lake Tunnel.
2. Huntington Lake-Shaver Lake Tunnel and Conduit.
3. Shaver Lake Reservoir.
4. Construction work on Big Creek No. 2-A.

All of this construction is scheduled for completion in time for the 1928 spring runoff. The diversion of water from Mono Creek and Bear Creek will make approximately 50% more water available for storage and ultimate use through the chain of power plants below Huntington Lake and Shaver Lake reservoirs. Shaver Lake dam, 183 feet in height, 2,222 feet at crest and 123 feet in width at base, containing 285,000 cubic yards of concrete, has been completed, and increased the storage capacity of Shaver Lake to 135,190 acre feet compared with 88,834 acre feet at Huntington Lake reservoir and 64,406 acre feet at Florence Lake reservoir. Water from Shaver Lake will be utilized in Power Houses Nos. 2-A, 8 and 3. Power House No. 2-A, the fifth Big Creek power house, is a new plant located adjacent to Power House No. 2 and will be ready for operation about July 1, 1928 with a total rated capacity of 107,200 horsepower in two generating units. These units operating under a total head of 2,419 feet will be the largest impulse hydraulic units in the world. The addition of this plant to the system will give the Company 572,900 h.p. of water power capacity.

Long Beach Steam Plant Development—The installation of the third steam turbine generator of 80,000 h.p. in Long Beach Plant No. 2, was completed on schedule and put into operation in July, 1926. Work on the new plant designated Long Beach Plant No. 3 is well advanced and the first unit of 125,000 h. p. will be ready for operation about July 1, 1928. The total operating capacity of the Long Beach development is now 288,000 h.p. The output has averaged 358.04 k.w.h. per barrel of fuel oil or gas equivalent as compared with 240 k.w.h. per barrel of fuel in the original Long Beach Steam Plant No. 1, installed only a few years ago and now operating as standby.

The Company has initiated a comprehensive steam power development project adjacent to its present Long Beach development. It is planned to install eight turbine units in this plant, from time to time as the territory grows, with an ultimate capacity in excess of 1,000,000 h.p. at a cost including transmission to load centers of $100,000,000. This new plant is designed to burn as fuel either oil, natural gas or eventually coal. An extensive land site has been acquired together with requisite rights of way, and the first step of this development is in progress. It will consist of the installation of two units of 125,000 h.p. each to be housed in a structure 184 feet long, 240 feet wide and 105 feet high, at an estimated cost of $15,000,000. The first unit is expected to be in operation by midsummer of 1928 and the second possibly the following year, contingent upon load requirements. The main generators of the units now on order are individually the largest in the world both in capacity and physical dimensions. Turbines operate under steam pressure of 400 pounds and steam temperature of 725° fahrenheit. Three complete boilers and furnaces are to be installed for the first unit. Each boiler will have a heating surface of 34,000 square feet, the boiler and furnace together standing 69 feet high, 34 feet wide and 26 feet deep.

Capital Stock Changes—Stockholders at annual meeting held March 16, 1928, voted to reduce the authorized amount of Common stock from $125,000,000 to $100,000,000 and increase the authorized amount of Series "C" 5½% Pfd. from $20,000,000 to $45,000,000. The stockholders also authorized the issuance of $5,000,000 additional Common which was offered to holders of Original Pfd. and Common as stated below.

Subscription Privileges—Preferred and Common stockholders of record July 31, 1923, were given the right to subscribe on or before Aug. 15, 1923, at par ($100) to 50,000 shares of Pfd. 7%, in the ratio of one new share for each ten shares held. Pfd. and Common stockholders of record April 25, 1924, were given the privilege of subscribing to 100,000 shares 6% Pfd. Stock Series "B" at $90 per share.

Preferred and Common stockholders of record Dec. 15, 1924 were given the right to subscribe for as many shares of the 100,000 shares 7% cum. Pfd. Series "A" authorized by the California Railroad Commission in December, 1924, as they desired, subject to the right of the corporation to issue to each stockholder his pro rata share. Price fixed was $102 a share payable in full or $103 a share in installments as follows: $35 a share with subscription, $34 a share on or before three months and $34 a share on or before six months from date of subscription. Any stock not subscribed for by stockholders prior to Jan. 15, 1925 was to be publicly offered.

Preferred and Common stockholders of record May 15, 1925, were given the right to subscribe for Pfd. 6%, at $92 per share in the ratio of one new share for each eight shares held.

Preferred and Common stockholders of record Dec. 15, 1925, were given the right until Jan. 15, 1926, to subscribe to 100,000 shares, Series "B," 6% Pfd. stock at $96 per share in the ratio of one new share for each ten shares held. No fractional shares were issued, but any stockholders entitled to a fractional share could subscribe to a full share for each such fractional share.

Preferred and Common stockholders of record Oct. 20, 1926, had the right until Nov. 30, 1926, to subscribe to 400,000 shares of 6% Pfd. stock, Series "B," par $25, at a price of $24.25 per share on the basis of one share of Pfd. "B" stock for each 12 shares held. No fractional shares were issued and to purchase one share, a stockholder was required to have one full right.

Holders of Original Pfd. and Common stock (but not other classes) of record April 9, 1927, were offered the right to subscribe for 170,732 shares of Common stock at par, $25 per share, on the basis of one additional share for every twelve shares of Common and/or Original Pfd. stock held. Subscriptions were payable in full between April 25, 1927, and June 1, 1927, inclusive.

Holders of Original Pfd. and Common stock of record March 30, 1928, were given the right to subscribe for 219,314 shares of Common stock in the ratio of one new share for each 10 shares held, at par, $25 per share. Subscriptions were payable in full between April 21, 1928, and May 15, 1928.

Stock Sales Authorized—In March, 1928, the California Railroad Commission authorized Company to issue and sell on or before Dec. 31, 1928, at not less than $25 per share, $5,482,850 Common stock, the proceeds to be used to finance additions and betterments. The stock was offered to Original Pfd. and Common stockholders under the terms given in the preceding paragraph. Authority for Company to issue and sell Pfd. stock to amount of $10,000,000 was granted by the Commission April 3, 1928.

Preferred Stock Provisions—Original Pfd. has preference as to dividends (cumulative) at the rate of 5% per annum over the Pfd. and Common stocks. The four issues of Pfd. stock rank equally and have a preference over the Common as to dividends (cumulative) at the rate of 7% for the Pfd. Series "A", 6% for the Pfd. Series "B," 5½% for the Pfd. Series "C" and 5% for the Pfd. Series "D," and are subject to redemption as a whole or in part at $28.75 per share and accrued dividends. The Original Pfd. stock participates ratably in dividends paid on Pfd. stock in excess of 5%. It also participates ratably with the Common stock in all dividends paid on the latter in excess of 7% and is now receiving 8%. Original Pfd. and Pfd. stocks in their respective order have preference for assets up to the par value and cumulative dividends over the Common stock, the Original Pfd. sharing ratably with the Common in any remaining assets in excess of the par value of Common stock outstanding. All stocks have equal voting power.

Note—The Contingency Reserve shown in the above statement is a reserve set up in accordance with rate orders of the Railroad Commission of California. Rates as fixed by the Commission are based on average water supply for the hydro-electric plants of the company, and in those years where the supply is more than average, savings in operation due to the use of a lesser amount of steam power are required to be set aside in this reserve. In years when the water supply is less than average, the reserve is drawn upon to cover the excess cost of more than average amount of steam power. In 1924, owing to the abnormally low precipitation and the consequent shortage of water for hydro-electric energy, the Company was not only obliged to use its steam plants to full capacity but also had to purchase power from other companies. This increased operating expenses for 1924, abnormally and due to the fact that the contingency reserve had been operating for only two or three years, the amount in reserve was only sufficient to partially offset this excessive cost. The Company is permitted to recoup the deficiency in the contingency reserve of future years.

History—Incorporated in Conn. by resolution of General Assembly in Jan., 1897. On Aug. 12, 1900, acquired control, through stock ownership of The Duluth Street Ry. Co., the Lakeside Street Ry. Co., and the Superior Rapid Transit Co. In Oct. 1901, the property and franchise of the Woodland Co. were purchased. In 1903 a contract was made with the Great Northern Power Co. to supply sufficient power for the operation of the railway systems in Duluth and Superior, and delivery was begun in 1908. The Duluth-Superior Bridge between Duluth, Minn., and Superior, Wis., is used under traffic agreement by the railway. On September 1, 1917, the company purchased the rights and property of the Park Point Traction Co., consisting of 3.5 miles of track, cars and power plant, which has since been operated as a part of the system. On Dec. 3, 1924, the Duluth Coach Company (name changed to Duluth-Superior Coach Company and capital stock increased to $100,000 in 1925) was organized and on December 18, 1924, put in operation an automobile coach as a feeder to a street car line. All of the outstanding $78,600 capital stock of this Company, except directors' qualifying shares, is held by the Duluth-Superior Traction Co. On April 11, 1925, Duluth-Superior Traction Company purchased the business and motor vehicle buses of the Superior White Co. which had been operating in competition with Company's interstate line between Duluth and Superior. In July, 1926, Company's subsidiary, The Duluth Street Railway Company, purchased the local jitney bus business in Superior, thus eliminating all remaining bus competition in both Duluth and Superior.

Franchises in Duluth have been surrendered, under provision of Chapter 278, Laws of Minnesota for 1921, and in lieu thereof the company has accepted an indeterminate permit under that statute. In Superior, Wis., the company also operates under an indeterminate permit from the State of Wisconsin.

Track Mileage, Dec. 31, 1927—Total miles, all track reduced to single, 112.62. Total miles of street and right-of-way occupied by tracks, 61.76. Total miles of motor bus routes, 28.77. Cars: Passenger, 149; other 21. Power supplied by the Great Northern Power Co.

Fare Situation—Valuation—On October 4, 1926, the Railroad and Warehouse Commission of Minnesota filed its order fixing the value of Company's property in the City of Duluth as of Dec. 31, 1925, at $5,291,710, and the rate of return which Company is entitled to receive on such valuation was fixed at 7½%. The rate of fare which was authorized in the City of Duluth was fixed at 8 cents cash, five tickets or tokens to be sold for 35 cents. The new rates of fare became effective October 15, 1926.

On Dec. 3, 1927, the Railroad Commission of Wisconsin filed its order fixing a rate of fare to be charged in the City of Superior of 8 cents cash, five tickets or tokens to be sold for 35 cents, this rate to become effective Jan. 1, 1928. This order fixes the same rate of fare in the City of Superior as the Company is authorized to collect in the City of Duluth.

Litigation—On April 11, 1927, the United States Supreme Court handed down its decision completely affirming the decree of the U. S. District Court, District of Minnesota, upholding the Company's right to go into the Federal Court to protect its property from confiscation.

CONSOLIDATED HYDRO-ELECTRIC WORKS OF UPPER WUERTTEMBERG

(Bezirksverband Oberschwaebische Electrizitaetswerke)

History and Properties—The Company is a public corporation organized on Dec. 20, 1909, by virtue of the district ordinance of the Republic of Wuerttemberg of July 28, 1906, and its duration is perpetual. The Company was organized by certain counties of Wuerttemberg, Germany, for the purpose of furnishing the territory of such counties with electric current. Began business in 1914. Owns and operates two large hydro-electric plants (completed in 1923 and 1924) on the Iller River, a tributary of the Danube, a steam plant at Ulm and several smaller plants in the Danube Valley and elsewhere. Combined capacity of present properties is approximately 53,000 H. P. which, upon completion of two additional hydro-electric plants to be built with proceeds of the bonds described below, will be increased to over 69,500 h. p. Owns an extensive distribution system, comprising seven sub-stations, approximately 736 transformer stations, over 1400 miles of high tension lines and a network of local lines. Serves a territory composed of the greater part of 15 Wuerttemberg counties and three adjacent Prussian counties, together with several nearby municipalities, including the City of Ulm. In this territory which has an area of over 2,500 square miles and a population of approximately 500,000, Company supplies 700 communities and has about 55,000 customers. Through several contracts surplus current is sold and interchanged elsewhere in Wuerttemberg (including the City of Stuttgart). Over 99% of the gross operating revenue of the Company is derived from the sale of electric light and power.

1920	25,000,000	1926	83,400,000

CAPITAL STOCK

Owing to the nature of the organization of the Company as a public enterprise, all of the members of which are political sub-divisions of the States of Germany, the Company has no privately owned stock. It does not distribute dividends, all of its earnings being regularly reinvested in its property.

FUNDED DEBT

$3,936,500 FIRST MORTGAGE 7% THIRTY-YEAR SINKING FUND GOLD BONDS; DUE JANUARY 15, 1956

Dated January 15, 1926.

Interest Payable January and July 15 at W. A. Harriman & Co., Inc., New York City, fiscal agent, in U. S. Gold coin of standard of weight and fineness existing on Jan. 15, 1926.

Denominations—Coupon, $500 and $1,000; principal may be registered; denominations interchangeable.

Trustee and Registrar—American Trust Co., New York City.

Provisions of Issue—Authorized, $5,000,000; issued, $4,000,000; outstanding, $3,936,500. Authority to issue the $1,000,000 additional bonds was cancelled in Jan., 1927. The proceeds of the $4,000,000 issued bonds were to be used for the construction of 2 new hydro-electric plants, several new sub-stations, the enlargement of existing plants, the extension of Company's distribution system and for the retirement of floating debt incurred for the aforesaid purposes.

Callability—Subject to call, except for sinking fund, on any interest date beginning January 15, 1931, as a whole or in part, upon 30 days' notice, as follows: At 102 on or after Jan. 15, 1931; at 101 on or after January 15, 1936; at 100 on or after Jan. 15, 1941.

Sinking Fund—The Indenture provides for semi-annual, cumulative sinking fund payments, beginning July 15, 1926, sufficient to retire the entire issue by maturity. In lieu of such payments Company may deliver, at their face value, outstanding bonds of this issue. Sinking fund monies are to be used for the redemption of bonds by semi-annual drawings at 100

and interest. Notice of drawn bonds will be published in New York City 30 days prior to redemption date.

Security—These bonds are secured by a first mortgage on all of Company's hydro-electric plants including two new plants to be built, and other additional properties. In addition, 15 counties in Wuerttemberg; namely, Balingen, Biberach, Blaubeuren, Ehingen, Laupheim, Leutkirch, Munsingen, Ravensburg, Reutlingen, Riedlingen, Saulgau, Tettnang, Urach, Waldsee and Wangen, will be jointly and severally liable for the payment of the principal and interest of this loan. Bonds will constitute a primary obligation of the above counties, payable directly from taxation in the event that revenues of Company should ever be inadequate. In the indenture securing these bonds, Company agrees that as long as any of the bonds are outstanding, it will not initiate or permit the establishment of rates which will be insufficient to produce annual net earnings equal to at least 1½ times interest and sinking fund charges on all of its outstanding funded debt. With the exception of their liability in respect to these bonds, 14 of the counties mentioned above have no funded debt, while that of the remaining county as of March 31, 1925, amounts to less than $1,500. For the year ended March 31, 1925, revenues of these counties balanced expenditures.

Relation To Dawes Plan—On account of its public ownership the Company is not subject to the lien under the "Dawes Plan." According to the laws of the German Reich, especially that of Nov. 16, 1925, the Company, however, is obligated to make annual payments estimated at not over $25,000. These payments are analogous to the annual charges for interest and amortization of principal of the Dawes Industrial Debentures imposed on privately owned companies.

Tax Provisions—Principal and interest payable without deduction for any past, present or future taxes levied by or within the German Reich.

Legal Opinion—Hornblower, Miller & Garrison, New York and Dr. Wilhelm Buetner, Berlin.

Original Offering—First publicly offered ($4,000,000) at 93 and interest to yield about 7.60% by W. A. Harriman & Co., Inc., New York, etc.

Listed—New York Stock Exchange.

Depreciation—In accordance with the German custom, depreciation is not charged against income from operations but is a direct appropriation of surplus; all maintenance and renewals, however, are charged against earnings and included in operating expenses. As the Company is a public enterprise and does not distribute dividends, all of its earnings are regularly reinvested in the property. This has not only provided for depreciation but has further increased net assets and production capacity.

History—Incorp. Nov. 10, 1884, in New York; consolidation of Harlem Gas Light Co.; Knickerbocker Gas Co.; Manhattan Gas Light Co.; Metropolitan Gas Light Co.; Municipal Gas Light Co., and New York Gas Light Co. In Dec., 1898, acquired a controlling interest in the stock of the New York Mutual Gas Light Co. and in 1899 control of the United Electric Light & Power Co. was acquired. In March, 1900, acquired practically the entire capital stock of the New York Gas & Electric Light, Heat & Power Co. (now the New York Edison Co.) In Sept., 1900, a controlling interest in the stocks of the Standard Gas Light Co. and New Amsterdam Gas Co. was acquired. Als owns the entire capital stock of the Astoria Ligh Heat & Power Co. of Astoria, Long Island. The Co solidated Gas Co. now controls the entire gas an electric lighting interests of the Borough of Manha tan, New York City. On July 11, 1904, the New Yor & Westchester Lighting Co.was organized and a quired from the United Gas Improvement Co. contr of the Westchester Lighting Co. In 1913, acquired a the stocks of the New York & Queens Gas Co. and als a majority of the Preferred and Common stocks of th New York & Queens Electric Light & Power C

Early in 1921 it acquired control of the Bronx Gas & Electric Co. (see statements appended). On Aug. 31, 1922, it acquired by purchase the entire assets of the New York Mutual Gas Light Co. In Nov., 1923, purchased from the New York Edison Co. and from The United Electric Light & Power Co., at $50 a share, 7,090 shares of Pfd. and 456,700 shares Common stock, both without par value, of the Consolidated Telegraph & Electrical Subway Co.

The Consolidated Gas Company of New York directly and through its subsidiaries does practically the entire gas and electric light and power business in the Boroughs of Manhattan, New York City, the Bronx, Queens and in Westchester County, serving a present estimated population of 4,000,000.

Plant and Equipment—The company owns 3 water gas plants as follows: 11th St. and East River, capacity 24,000,000 cu. ft.; 21st St. and East River, capacity 38,000,000 cu. ft.; and 99th St. and East River, 5,500,000 cu. ft.; and by-product coke oven coal gas plant at Hunts Point, with a capacity of 20,000,000 cu. ft. Number of holders (inclusive of 4 relief holders), 29, capacity, 91,350,000 cu. ft.

The Company takes a large part of the output of the Astoria Light, Heat & Power Co., of which it owns all the capital stock. The plant of the latter company is equipped with coal and water gas apparatus of the most modern type, having a capacity of 86,000,000 cu. ft. per day. This property is located on the waterfront in the Borough of Queens, the gas being pumped through a large tunnel under the East River to Manhattan Island. The other subsidiary companies also own and operate extensive coal and water gas plants, thus making the combined capacity, including the plants in Westchester County, approximately 260,180,000 cu. ft. per day. The total holder capacity, exclusive of relief holders, is in excess of 156,800,000 cu. ft. and the distribution system includes about 3,150 miles of mains.

The New York Edison Co., all the stock of which is owned by the Consolidated Gas Company, is one of the largest electric companies in the country. Its electric power stations, Waterside No. 1 and 2, have a combined capacity of 368,700 k.w., comprising one of the largest steam generating installations in the world. The aggregate capacity of all the stations operated by the New York Edison Co. is 536,300 k.w.; and 791,492 electric consumers are served. The United Electric Light & Power Co. owns two stations having a combined generating capacity in service Dec. 31, 1927 of 436,000 k.w., and the New York & Queens Electric Light & Power Co., Westchester Lighting Co., and its subsidiaries also owns electric power stations, making the total steam generating capacity of the System 988,150 k.w. The transmission and distribution system are nearly 12,600 miles in length, of which over half is located in underground conduits. All of the gas and electric properties are so inter-connected as to render continuity of service much above the average.

Operating Data—The sales of the Consolidated Gas Company and its affiliated gas companies for the year 1927, amounted to 42,503,203,800 cubic feet, and increase over 1925 of 730,962,700 cubic feet, or 1.75%, but a decrease as compared with 1926, of 2,484,732,600 cu. ft. or 5.52%. This decrease was due primarily, to conditions occasioned by the coal miners' strike in the early months of 1926, which resulted in an abnormal increase in sales for that year over the quantity which would have been sold if conditions had been normal. The affiliated electric companies sold 2,320,531,525 kilowatt hours of electric current, an increase over 1926 of 256,242,532 kilowatt hours, or 12.41%. The Bronx Gas and Electric Company obtained the greatest percentage of increased gas sales, or 17.37 over 1926. The same Company also obtained the greatest percentage of increased electric sales, which was 29.85 over 1926.

The total number of gas-meters of the Consolidated Gas Company and its affiliated companies in use at the end of 1927, was 1,087,999. The total number of electric-meters of the affiliated companies in use at the end of 1927, was 1,352,865.

The municipal street lamps on the lines of the Consolidated Gas Company and its affiliated gas and electric companies, on Dec. 31, 1927, consisted of 299 incandescent gas-lamps, 49 electric arc-lamps and 99,518 electric incandescent-lamps, a total of 99,866 lamps.

Gas Rate Litigation—The Consolidated Gas Company and all its affiliated gas companies within the City of New York commenced suits in the United States District Court immediately after the passage by the Legislature, on June 2, 1923, of the statute reducing the rate from $1.15 (which had been fixed by the Public Service Commission after an extended investigation and hearing) to $1.00 per thousand cubic feet.

After extended hearings, final decrees were obtained in the suits brought by the New York and Queens Gas Company, The Bronx Gas and Electric Company and the Consolidated Gas Company, adjudging the statute unconstitutional and void as to those companies. Appeals were taken to the Supreme Court of the United States by the Attorney General of the State of New York, but the Public Service Commission did not appeal in any of the cases.

The appeals in the cases of the New York and Queens Gas Company and The Bronx Gas and Electric Company were dismissed by the Supreme Court, upon the Attorney General's failure to prosecute. The appeal in the Consolidated Gas Company case was argued before the United States Supreme Court on Oct. 18 and 19, 1926, and the decision of the Court, unanimously affirming the decree of the District Court, was announced on November 29, 1926, an unusually short interval elapsing between the oral argument and the rendering of the decision.

By a stipulation entered into between the parties to the litigation, the suits brought by the other subsidiary gas companies were also terminated on Jan. 31, 1927, by the entries of final decrees, identical in form and substance with the decree in the Consolidated Gas Company case.

CAPITAL STOCK

Authorized, 4,320,000 shares Common and 3,000,000 shares $5 cumulative Pfd., both of no par value, outstanding Dec. 31, 1927, 4,320,000 shares Common and 1,200,000 shares Pfd.

Changes in Capitalization—At annual meeting on Feb. 21, 1927, the stockholders authorized the redemption of the 6% cumulative Participating Pfd. shares, to take effect on May 1, 1927, at $56.25 a share, in accordance with the provisions under which the issue was created. The stockholders also authorized, on Feb. 21, 1927, the issuance of 720,000 additional shares of no par Common stock (making a total authorized of 4,320,000 shares), which were offered to stockholders of record at the close of business, Feb. 25, 1927, for subscription at $75 a share, and the creation of an issue of 3,000,000 shares of $5 cumulative Pfd. stock, without par value, of which 1,200,000 shares were issued and offered to stockholders of record on Feb. 25, 1927, for subscription on or before March 17, 1927, at $91 a share.

The rights of Common stockholders to subscribe for the new stock were as follows: One share of new Common for every five shares then held, and one share of the new Pfd. for every three shares of Common then held. Issue authorized by the Public Service Commission, March 3, 1927.

Other Subscription Privileges—Stockholders of record Dec. 9, 1922, received the right to subscribe to 500,000 additional shares of Com. stock of no par value at the price of $50 a share in the proportion of one such additional share of stock of no par value for every five shares of stock of no par value held. Said rights expired Dec. 30, 1922 and payments were to be made in cash either in full at the time of subscription, or 40% thereof at such time and the balance in two installments of 30% each, payable Mar. 15 and June 15, 1923.

Common stockholders of record Dec. 8, 1923, were offered the right to subscribe to 600,000 shares additional Common stock at $50 a share in the ratio of one new share for each five shares owned. Payments were to be made in three installments, as follows: 40% Dec. 28, 1923; 30% March 15, 1924, and 30% June 14, 1924, with the privilege of anticipating any of the payments.

Preferred Stock Provisions—$5 cumulative Pfd. stock has preference for assets and dividends over Common, is entitled to $100 a share and accumulated dividends in case of liquidation or distribution of capital assets, and is redeemable on 30 days' notice, in whole or in part, at $105 and accumulated dividends. No stock ranking prior to the $5 cumulative Pfd. can be created. Pfd. stock has full voting rights with Common.

After the issue of the first 1,200,000 shares of $5 cumulative Pfd. stock, the Company shall not at any time issue any additional shares of the said stock or any shares of any Preferred stock of any class ranking equally with the $5 cumulative Pfd. stock with respect to priority either in the payment of dividends or in the distribution of capital assets (hereinafter referred to as "co-ordinate stock"), unless, after the payment of all interest charges, the consolidated net earnings of the Company and its affiliated companies for the fiscal year ending next prior to the date of issue of such additional shares, or, as the case may be, of any shares of co-ordinate stock, shall have been at least equal to three times the annual dividend requirements on the aggregate number of shares of $5 cumulative Pfd. stock and of any and all shares of co-ordinate stock which shall be outstanding immediately after such issue of additional shares of $5 cumulative Pfd. stock, or shares of co-ordinate stock.

*Revenues from gas sales within the City of New York, by the Consolidated Gas Company and its affiliated companies, in excess of the statutory rate of $1.00 per thousand cu. ft. of gas sold. Under the authorization of the United States District Court, the rates fixed by the Public Service Commission on Aug. 30, 1922, remain in force. Pending the final determination of the proceedings in Court, these collections in excess of the statutory rate are not included as earnings of the companies. Because the United States Supreme Court has dismissed the appeal taken to that Court by the defendant Attorney-General of the State of New York, from the decree adjudging the $1.00 rate confiscatory as to the New York and Queens Gas Company, and because a likewise final result has been reached as to The Bronx Gas and Electric Company, the collections of those two companies, in excess of one dollar per thousand cu ft. of gas sold from June 1, 1923, to Dec. 31, 1924, incl., have been transferred from "Suspense" account to "Surplus," while the full revenues collected during the year 1925 have been included in the earnings of that year. This was transferred to Surplus Account in accordance with the decision of the United States Supreme Court on Nov. 29, 1926. †3,600,000 shares in 1926 and 4,320,000 shares in 1927. ‡1,200,000 shares.

NOTE—The figures shown above as of December 31, 1924, vary from those shown for that date, in our 1925 annual report, to the minor extent that in the figures shown on the previous page there have been allocated and included, in the various accounts, the assets and liabilities of two small non-operating companies. In previous statements the cost of acquiring their entire outstanding capital stock had appeared only in the "Investment" account.

THE NEW YORK EDISON COMPANY

(Controlled by Consolidated Gas Co. of New York)

History and Property—Incorporated May 1, 1901, in N. Y.; consolidation of New York Gas & Electric Light, Heat & Power Co., and Edison Electric Illuminating Co., of N. Y. Owns and operates practically the entire electric lighting plants in Manhattan borough, including the plants formerly of Mt. Morris Elec. Light Co.; North River Electric Light & Power Co.; N. Y. Heat, Light & Power Co.; Borough of Manhattan Electric Co.; Block Lighting & Power Co., No. 1; Manhattan Lighting Co., Yonkers Elec. Light & Power Co., Edison Electric Illuminating Co.; Manhattan Electric Light Co., and Harlem Lighting Co. Company also operates in Bronx Borough. Franchises claimed to be perpetual.

Owns entire 83,514 shares of capital stock of the Yonkers Electric Light & Power Co., all the $1,216,400 capital stock of the Edison Light & Power Inst. Co., 73,082 shares of no par value Common stock and $1,641,800 Pfd. stock (par $100) of United Electric Light & Power Co., and 25,800 shares of no par value Common stock and 30,410 shares of no par value Preferred stock of Consolidated Telegraph & Electrical Subway Co.

During 1912, Company entered a 21-year contract with the Third Avenue R. R. (now Third Avenue Ry.) under which it undertakes to supply the entire requirements of the railway system. This service involves a station capacity of 30,000 k.w., or an annual consumption of over 100,000,000 k.w. hrs.

In 1914, in conjunction with the United Electric Light & Power Co. a contract was made by The New York Edison Co. with the New York, New Haven & Hartford R. R. Co. to supply the latter with power for the westerly end of its main line and also for the New York, Westchester & Boston Ry. Co. This contract involved the installation of additional generating capacity and the construction of a new sub-station at West Farms. About 50,000,000 k.w. hrs. per annum required under this contract.

A contract has been entered into between The New York Edison Co. and the Hudson & Manhattan R. R. Co., effective Nov. 15, 1920, under which the operation

of the steam generating plant of the Railroad Company in Jersey City, with a capacity of 28,000 kilowatts, has been taken over under lease. Except during the period of maximum winter demand, the major part of the current for the operation of the railway will be supplied over high tension feeders from the Waterside Station.

It was announced in October, 1927 that Company has signed contract with New York Central RR. to supply all light and power for Grand Central Terminal Building, New York City, and some 25 other large buildings in the vicinity, all of which had formerly been supplied with electric current from New York Central generating stations at Port Morris and Yonkers, N. Y. Agreement represents total installation of about 30,000 k. w. and yearly consumption of more than 50,000,000 k.w.h.

A franchise for a high-tension transmission line from Kensico to Croton Lake on the Catskill Aqueduct was obtained in the name of The New York Edison Co., The United Electric Light & Power Co., The Yonkers Electric Light & Power Co. and the Westchester Lighting Co. From this line current is supplied for the operation by the City of the Aqueduct service at various points and for general commercial purposes by the companies named. The transmission line consists of substantial steel towers, with the main line operating at 45,000 volts and a primary distributing circuit at 13,000 volts. For these various purposes current is being transmitted a distance of about 25 miles beyond the City limits.

On Nov. 23, 1926 the first 60,000 k.w. steam-turbine unit at the new East River generating station of Company, located at 14th Street, was placed in operation; in the first half of 1927 the second 60,000 k.w. unit went into service, giving this station a 120,000 k.w. installed capacity. The station, the largest of its kind in the world, has been designed for an ultimate capacity of 700,000 k.w.—1,000,000 h. p. The new station is connected to the Waterside stations by four 11,000 volt, 25 cycle ties, to the Hell Gate station by three 26,400 volt, 60 cycle ties, and to the Brooklyn Edison Company's system by three 26,400 volt, 60 cycle ties.

There has been purchased for installation in the Hell Gate station a turbo-generator unit having a capacity of 160,000 k.w. This unit is more than twice as large as any turbo-generator unit now in existence, and will have a capacity of 9,000 k.w. more than the total of the Sherman Creek generating station. It is expected to be in operation during July, 1928, increasing the capacity of the Hell Gate station to 445,000 k.w. This station has maintained its record as one of the outstanding electrical plants of the world, having generated during 1926 over a billion k.w. h., an amount never before equalled by any steam generating plant during a twelve months' period.

The Company owns 6 generating stations and 46 substations with a combined capacity of 536,300 k.w. and 689,590 k.w. respectively. The total connected load as of Dec. 31, 1927, was 1,755,164 k.w., compared with 1,584,234 k.w. in 1926. There are 2,045.91 cable miles of overhead cable and 7,031.28 cable miles of underground cable, which excludes service cable of 349.42 miles overhead and 2,595.71 miles underground. There were connected Dec. 31, 1927, 791,492 active meters, compared with 713,998 in 1926, an increase for the year of 77,494. No. of municipal street incandescent lamps, 28,465.

$30,000,000 THE NEW YORK EDISON CO. FIRST LIEN AND REFUNDING MORTGAGE 6½% GOLD BONDS, SERIES "A"; DUE OCTOBER 1, 1941

$30,000,000 THE NEW YORK EDISON CO. FIRST LIEN AND REFUNDING MORTGAGE 5% GOLD BONDS, SERIES "B"; DUE OCTOBER 1, 1944

Dated Series "A," October 1, 1921; Series "B," October 1, 1924.

Interest Payable April and October 1, at The National City Bank, New York.

Denominations—Coupon, $500 and $1,000; principal may be registered. Interchangeable with fully registered bonds in denominations of $1,000, $5,000 and $10,000.

Trustee—The National City Bank, New York.

Provisions of Issue—Issued and outstanding, $60,000,000 ($30,000,000 Series "A" 6½s and $30,000,000 Series "B" 5s) of which $30,000,000 Series "A" 6½s issued to acquire the $30,000,000 The United Electric Light & Power Co. First Mortgage Gold bonds, and the $30,000,000 Series "B" to repay temporary obligations and reimburse Company and The United Electric Light & Power Co. in part for large capital expenditures for permanent extensions and additions.

The First Lien & Refunding mortgage authorizes an unlimited issue of bonds, in series, with the same or different interest rates, dates, maturities and such other distinguishing features as may be determined by the Board of Directors at the time of the original issue of each series, subject always to the restrictive provisions of the mortgage. Bonds of any series may be issued from time to time in the future in principal amounts equal to and for the acquisition or retirement of underlying bonds now outstanding with the public or bonds of another series issued under the first lien and refunding mortgage. Additional bonds may also be issued for not exceeding 75% of actual and reasonable expenditures for permanent extensions and additions to the plants and properties of the system made subsequently to Oct. 1, 1921, and, to the extent of not exceeding $10,000,000 principal amount of bonds, for similar expenditures made prior to that date. Except for retiring underlying bonds or for the acquisition of bonds of another series bearing a higher interest rate or for refunding at maturity bonds of another series, no First Lien & Refunding bonds may be issued unless the consolidated net earnings for twelve consecutive calendar months ending not more than sixty days prior to the date of issue shall have been at least twice the annual interest charges on all underlying bonds outstanding in the hands of the public and all First Lien & Refunding bonds outstanding and then to be issued.

The First Lien & Refunding mortgage contains certain provisions permitting the modification or alteration thereof, or of any supplemental indenture, in any particular, with the assent of the holders of 75% in aggregate principal amount of the outstanding bonds, not including any bonds owned by the Company; provided that nothing shall permit the extension of the maturity of any bond or the reduction in the rate of interest thereon or any other modification in the terms of payment of such interest, without the consent of the holder thereof, nor the creation by the Company of any mortgage lien ranking prior to or on a parity with the lien of the First Lien & Refunding mortgage.

Callability—Series "A" bonds are subject to call upon sixty days' notice on Oct. 1, 1936, and any subsequent interest payment date prior to maturity at 105%. Redeemed bonds are cancelled.

Series "B" bonds are subject to call upon 60 days' notice on any interest date at 105 to and including Oct. 1, 1934; at 104 thereafter to and including Oct. 1, 1936; at 103 thereafter to and including Oct. 1, 1939; at 102 thereafter to and including Oct. 1, 1941; and thereafter prior to maturity at 101.

Security—Secured by pledge with the Trustee of $30,000,000 First Mortgage bonds, dated Oct. 1, 1921, of The United Electric Light & Power Co. (comprising the entire funded debt) and over 99% of the stock of the same Company. Also secured by a direct mortgage, subject to the prior liens of underlying mortgages (described above), on the entire property of The New York Edison Co. now owned or hereafter acquired.

Tax Provisions—Company does not pay Normal Federal Income Tax.

Legal Opinion—Shearman & Sterling, New York.

Legal for Savings Banks in Maine.

CONSOLIDATED TELEGRAPH & ELECTRICAL SUBWAY COMPANY

(Controlled by The New York Edison Co.)

History and Property—Incorporated Dec. 26, 1885, in New York, for the purpose of constructing, operating and maintaining subways for the reception of electrical conductors of duly authorized electrical companies doing business in the City of New York. The Company owns all the subways located in the Boroughs of Manhattan and Bronx used for high tension electric light and power purposes. Miles of duct, 6,280, of which 1,947 miles are unoccupied.

The New York Gas & Electric Light, Heat & Power Co. in 1898 acquired a majority of the capital stock of this company at the same time that it acquired a majority of the capital stock of the Edison Electric Illuminating Co., and when the New York Edison Co. was formed in 1901 by the consolidation of the New York Gas & Electric Light, Heat & Power Co. and the Edison Electric Illuminating Co. of New York it inherited control of the Consolidated Telegraph & Electrical Subway Co. The Consolidated Gas Co. of New York acquired during 1923 a majority of the Common and a part of the Preferred stock from the New York Edison Co. Through the ownership of a majority of the Preferred stocks, control is retained by the New York Edison Co.

CAPITAL STOCK

Authorized and outstanding, 1,104,500 (increased from 854,500 shares in 1927) shares Common of no par value and 37,500 shares Pfd. of no par value. As of Dec. 31, 1927 the Consolidated Gas Co. of New York owned 1,078,700 shares Common and 7,090 shares Pfd. The New York Edison Co. owned 25,800 shares Common and 30,410 shares Pfd.

Annual Meeting—Last Tuesday in February.

Dividends—Dividends of $5 per share per annum paid on both Pfd. and Common stocks paid to 1925; 1926, $5 on Pfd. and $4 on Common; 1927, $5 on Pfd. and $3.50 on Common.

CHICAGO SURFACE LINES

An operating consolidation of surface street railways in Chicago, effective Feb. 1, 1914, under an ordinance passed by the City Council on Nov. 13, 1913. Comprises the Chicago Rys. Co., the Chicago City Ry. Co., the Calumet & South Chicago Ry. Co., and the Southern Street Ry. Co., although these companies still retain their corporate existence.

Unified Operation—Effective Feb. 1, 1914, the properties of the Chicago Railways Co., Chicago City Ry. Co., Calumet & South Chicago Ry. Co., and The Southern Street Ry. Co. are operated as a unified system by a joint agency known as the Board of Operation of the Chicago Surface Lines, by virtue of an ordinance passed by the City Council of the City of Chicago, Nov. 13, 1913, and accepted by the companies Dec. 22, 1913, and an operating agreement in the form prescribed by said ordinance and executed by the aforesaid companies with the approval of the stockholders of the various companies at respective meetings held Dec. 22, 1913.

All ordinances of the above mentioned companies expired by limitation on Feb. 1, 1927. However, on January 26, 1927, the City Council of the City of Chicago passed an ordinance "granting a day-to-day permit for the unified operation of street railways in the City of Chicago," until July 31, 1927; provided, that said permission may be discontinued and withdrawn by said City of Chicago or discontinued and surrendered by said companies or by the receivers of the Chicago Railways Company upon 30 days' written notice.

Before the expiration of this 6 months' permit, another ordinance granting a day-to-day permit was passed by City Council, expiring Nov. 30, 1927, upon same terms and conditions. Successive ordinances containing same terms and conditions have been enacted which fixed the expiring date of these successive permits as the last day of each month, since November, 1927.

In anticipation of maturity of all its mortgage obligations on Feb. 1, 1927, John J. Mitchell, Henry A. Blair and Frederick H. Rawson were appointed Receivers of Chicago Railways Company on Dec. 15, 1926. John J. Mitchell died on Oct. 29, 1927, and the Court ordered the two remaining Receivers to continue to act.

Comprehensive Traction Plan—A plan for the solution of the local transportation problem of Chicago was submitted to the Mayor and City Council on January 8, 1927. It proposes the development of a complete rapid transit system utilizing elevated and subway structures; the unification of the surface lines, rapid transit lines and feeder buses on the new basis of one fare with transfers from one class of service to the other, and the development of this unified system with a view to the future needs of Chicago. The plan, which is worked out in elaborate detail, calls for a total investment in local transportation of $1,000,000,000 by 1950.

Protective Committees—During the year 1926, protective committees were formed in the interests of holders of all issues of bonds and practically all stock issues of the respective companies comprising the Chicago Surface Lines. On some of the Committees are Arthur Reynolds, of the Continental National Bank & Trust Co., F. O. Wetmore of the First National Bank, A. W. Harris, of Harris Trust & Savings Bank, B. E. Sunny and others known in financial and business enterprises. Time saving is one of the purposes of the Committees which will deal with securities valued at approximately $163,000,000. The Committees hope to control, through deposit agreements at least 90% of the outstanding securities and will seek 100% cooperation from the bondholders. The personnel of the Committees representing the different securities is given under the description of the securities on subsequent pages.

CHICAGO CITY RAILWAY COMPANY

History—Incorporated February 14, 1859, in Illinois, and in March, 1896, leased the Southwest Chicago Rapid Transit Co. Has extensive surface road privileges in the southern division of Chicago. On Feb. 11, 1907, company was granted a new franchise extending to Feb. 1, 1927; the city to have the right to purchase the property at an agreed valuation and to receive annually 55% of surplus earnings. Rate of fare fixed at 5 cents, with universal transfers. Since Feb. 1, 1927, Company has operated under month to month extensions of the 1907 ordinance. The value of the property as fixed by the franchise ordinance was, on June 30, 1906, $21,000,000; as of Jan. 31, 1928, $55,800,725.77. Has a contract with the Commonwealth Edison Co. for its supply of power.

Unified Operation—Effective Feb. 1, 1914, the properties of the Chicago Railways Co., the Chicago City Ry. Co., Calumet & South Chicago Ry. Co. and the Southern St. Ry. Co. are operated as a unified system by a joint agency known as the Board of Operation of the Chicago Surface Lines, by virtue of an ordinance passed by the City Council of the City of Chicago, Nov. 13, 1913, and accepted by the companies Dec. 22, 1913, and an operating agreement in the form prescribed by said ordinance and executed by the aforesaid companies with the approval of the stockholders of the various companies at respective meetings held Dec. 22, 1913. The Chicago City Ry. Co. appointed B. E. Sunny, Frank O. Wetmore and Leonard A. Busby as its respective representatives on the Board of Operation.

7-Cent Fare Order Effective June 15, 1922—The 8-cent fare, established by order of the Commerce Commission Nov. 5, 1920, was ordered reduced to a 5c fare by the Commission on Nov. 23, 1921. Before this order became effective, its enforcement was restrained by a temporary restraining order of the United States District Court. This restraining order was followed by a temporary injunction, issued Jan. 17, 1922.

On April 8, 1922, the Commerce Commission rescinded its former 5-cent fare order, and entered a 6-cent fare order, effective May 1, 1922. On April 28, 1922, the United States District Court entered an order restraining the enforcement of the 6-cent fare, and on June 9, 1922, a temporary injunction was issued, restraining the enforcement of the 6-cent fare on condition that, effective June 15, 1922, the Companies would charge not to exceed a 7-cent cash fare and sell three tickets for 20c on all cars. On Aug. 17, 1922, the provision directing the sale of tickets on cars was eliminated, and in lieu thereof, the Company was required to sell tickets at its offices, car barns and other places which would reasonably accommodate the traveling public.

The 7-cent fare, in effect as a temporary compromise since June, 1922, was approved by C. B. Morrison, Federal Master of Chancery, March 18, 1926.

Property Valuation—Fare Increase, Etc.—At the beginning of the year 1920, the Company had pending before the Public Utilities Commission a petition for the valuation of its properties and fixing a permanent rate of fare. It had already submitted to the Commission a complete inventory and valuation of its properties, made by Stone & Webster and A. L. Drum & Co., and had closed its evidence on Jan. 31, 1920. The City consumed several months in submitting its evidence, so that the case was not closed and taken under advisement by the Commission until June 16, 1920.

In the meantime, a new wage agreement, effective June 1, 1920, was made, increasing the wages of trainmen from 65 cents to 80 cents per hour, and a proportionate increase was given other employes. This marked an increase in trainmen's wages from 32 cents per hour in 1915 to 80 cents per hour in 1920, an increase of 150% in five years. These facts were submitted to the Utilities Commission, which entered a supplemental order on June 19, 1920, increasing fares from 6c to 8c, effective July 1, 1920, such increased rate to remain in effect until the entry of the final order in the case then pending.

On Nov. 5, 1920, the Commission entered its final order, making permanent the 8c fare fixed by the order of June 19, 1920, and fixing the value of the Surface Lines' properties as of April 30, 1920, at the sum of $159,113,114.56, which was the full amount of the City purchase price on that date. The City purchase price of the City Railway property on that date was $54,649,677.09; on Jan. 31, 1928, the City Purchase Price was $55,800,725.77.

The 7½% return to the Companies, fixed by the Commission, is the net return after the payment of operating expenses, taxes and renewals, and the 55% to the City under the 1907 ordinance.

New Valuation—In the negotiations resulting in the Traction Ordinance, passed by the City Council Feb. 7, 1925, but defeated by referendum vote April 7, 1925, it was agreed that the present fair value of the Surface Lines' properties should be determined by three appraisers, R. F. Kelker, Jr., selected by the city, William J. Hagenah, selected by the Bankers Committee and William Barclay Parsons, selected by the former two. These appraisers submitted their report, dated Jan. 26, 1925, and unanimously agreed that the present fair value of the Surface Lines' properties was in excess of the purchase price of $162,843,584, as of Oct. 31, 1924. The majority of the Board found the original cost of the properties to be $167,180,727; the reproduction cost, in excess of $245,000,000 and the reproduction cost, less depreciation, in excess of $200,000,000. The appraisers were also unanimous in stating that the amounts set aside for renewal and depreciation reserves have been so much in excess of renewal expenditures to Jan. 26, 1925 that an accumulation of approximately $19,000,000 against accruing wear to track, equipment,, etc., is provided for.

Cash Renewal Reserve—Under the terms of the 1907 ordinance the Company is required to set aside, in cash, on or before the 5th day of each month, a sum equal to 8% of the gross receipts for the preceding month. This sum constitutes the Renewal Fund, and is kept in a separate bank account, distinct from the Company's general funds. Out of this fund, on certificates issued by the Board of Supervising Engineers, the Company pays the cost of current renewals and replacements. There has been paid into this fund since April 15, 1910, including interest and proceeds from sale of unnecessary property, a total of $13,234,078.84, and there has been paid out of this fund for renewals and replacements, a total of $7,744,475.08, leaving in the fund the sum of $5,489,603.76 on Jan. 31, 1928.

Since July 1, 1920, however, the 8% of the gross receipts, including interest, amounting to $12,974,632.21 has been paid into a "Special Renewal and Equipment Fund," under an order of the Public Utilities Commission entered July 31, 1920. There has been paid out of this Special Fund for current renewals the sum of $9,101,609.75 and for the purchase of new cars the sum $2,592,745.86, for track extensions the sum of $592,097.71 and for track reconstruction the sum of $394,293.29, leaving a balance of $293,885.60 in the fund.

Since July 1, 1920, no funds have been withdrawn from the Renewal Fund, created by the Company's Ordinance. These two funds amounted, on Jan. 31, 1928 to $5,783,849.36 in cash in addition to the sum of $3,579,136.86 withdrawn for new cars, new extensions, and track reconstruction—no part of which was charged to capital account, or an amount in cash and property equivalent to $9,362,626.22.

Mileage and Equipment, Jan. 31, 1928 (including Southern St. Ry.), single track. 356.46 miles, of which 339.01 miles owned by Company. System covers the South Side of Chicago, extending from the center of the business district south to 79th Street and between the South Branch of the Chicago River and the Lake. Equipment consists of 1,329 double truck (motor) cars, 4 single truck (one man) cars, 40 double truck (trailer) cars, and 212 snow equipment, work and miscellaneous cars, a total of 1,585 cars.

CHICAGO RAILWAYS COMPANY

History—Incorporated Oct. 30, 1903, in Ill., and on Jan. 25, 1908, purchased at foreclosure sale property of the Chicago Union Traction Co. and its operated lines, the North Chicago Street R. R., North Chicago City Ry., West Chicago Street R. R., Chicago Passenger Ry., Chicago West Division Ry. and West Chicago St. R. R. Tunnel. For plan of reorganization and basis of exchange of old securities, see Manual for 1908, pag 1158.

New Franchise—After a long period of contentio over the company's franchise (see Manual for 1907 page 1123, or apply to our Information Department) the Chicago City Council on Feb. 11, 1907, passed a ordinance granting the company a new franchise

which was approved by referendum vote April 2, 1907. The ordinance grants under which the properties were being operated at the time of the appointment of the Receivers expired by their terms on Feb. 1, 1927; and, on Jan. 26, 1927, the City Council of Chicago passed an ordinance entitled: "An Ordinance granting a day-to-day permit for the unified operation of street railways in the City of Chicago," under which permission and authority were granted by the City to continue unified operation until July 31, 1927, upon the same terms and conditions as were provided by the ordinances expiring on Feb. 1, 1927. Before the expiration of this six months' permit, another ordinance granting a day-to-day permit was passed by the City Council which granted permission and authority to continue such unified operation until Nov. 30, 1927, upon the same terms and conditions. Successive ordinances containing the same terms and conditions have been enacted which fixed the expiring date of these successive permits as the last day of each month, since November, 1927.

The City has the option to purchase all of the property of the Company for municipal ownership and operation at any time during the life of the franchise. Under the terms of the ordinance, the valuation of the property of the company as of Feb. 1, 1907, was fixed at $30,779,875. In case the city desires to purchase the property, it must pay this price, plus any additional expenditures for reconstruction and extensions that may have been made, including any amounts advanced to the city for the construction of subways in the downtown business district.

If the city had given notice according to the ordinance and had made the purchase of the Company's property on Jan. 31, 1928, it would have been obligated to pay therefor the aggregate of the following four items:

a) The value of the property fixed by the ordinance as originally taken over by the company as of the date of June 30, 1906	$29,000,000.00
b) The value of additions to property between June 30, 1906, and Feb. 1, 1907, as determined by the Board of Supervising Engineers	1,779,874.94
c) The cost of construction and reconstruction, with percentages added as determined by the Board of Supervising Engineers between Feb. 1, 1907, and Feb. 1, 1908	1,809,172.08
d) The cost of construction, reconstruction, equipment, extensions and additions to plant and property, with percentages added, as determined by the Board of Supervising Engineers, between Feb. 1, 1908, and Jan. 31, 1928	61,958,213.41
	$95,547,260.43

Receivership—On creditor's suit brought by Westinghouse Electric & Manufacturing Company, John J. Mitchell, Henry A. Blair and Frederick H. Rawson were appointed Receivers of the property of Chicago Railways Company on Dec. 15, 1926, by the United States District Court at Chicago. This action was taken in view of maturity on February 1, 1927, of all the Company's bonded debt. The Court ordered the Receivers to preserve unified operation of all surface street railways in Chicago by utilizing Chicago Surface Lines Board of Operation as their operating agency, until further order of court.

On Feb. 2, 1927, Harris Trust & Savings Bank, as Trustee under the First Mortgage Deed of Trust of Chicago Railways Company, filed in the United States District Court its bill to foreclose the First Mortgage Deed of Trust and its petition for the appointment of Receivers. Upon this petition Henry A. Blair and Frederick H. Rawson were appointed Receivers and the foreclosure proceedings were consolidated with the original proceedings into one cause.

Foreclosure Proceedings—On March 2, 1927, Central Trust Company of Illinois, as Trustee under Adjustment Mortgage of Chicago Railways Company, filed its counter-claim seeking foreclosure of such Adjustment Mortgage.

On May 5, 1927, Illinois Merchants Trust Company, in its capacity as successor to the Merchants Loan and Trust Company, Trustee under the Mortgage securing Consolidated Mortgage Twenty-Year Gold Bonds, filed its counter-claim seeking foreclosure of such Mortgage Deed of Trust.

On May 5, 1927, Illinois Merchants Trust Company, in its capacity as successor to Illinois Trust and Savings Bank, as Trustee under the Deed of Trust securing Purchase Money Mortgage Gold Bonds of Chicago Railways Company, filed its counter-claim seeking foreclosure of said Deed of Trust.

Fare Increases, Etc.—Unparalleled increases during and after the War in wages and cost of materials made it absolutely essential that there be an increase in the rate of fare if the Chicago Surface Lines companies were to continue to exist. After the City Council had tabled a request for consideration of the fare situation appeal to State Public Utilities Commission was filed Nov. 21, 1918. On April 25, 1919, the petition was refused. On Aug. 2, 1919, following new wage agreement, entailing largely increased expense, second petition for increase in fares was filed with the Utilities Commission and on Aug. 6, 1919, temporary increase to 7 cts. was allowed. On Nov. 25, 1919, the Commission fixed the fare at 7 cts., 50 tickets for $3 and 10 for 65 cts., effective Dec. 1, 1919. On Dec. 23, 1919, the Commission abolished tickets and reduced the fare to 6 cts. Following another heavy increase in wages, effective June 1, 1920, the Commission fixed the fare temporarily at 8 cts., effective July 1, 1920. Effective June 15, 1922, fares were reduced as follows: Adults, 7 cts., or 3 tickets for 20 cts.; children under 12 years of age, 3cts.

The 7-cent fare, in effect as a temporary compromise since June, 1922, was approved by C. B. Morrison, Federal Master of Chancery, March 18, 1926. In May, 1926 Company was granted a permanent injunction by U. S. District Court in Chicago, restraining the City, the Illinois Commerce Commission and the Attorney-General from interfering with the 7-cent fare.

Valuation—For the purpose of establishing a valuation for rate-making purposes, the Chicago Surface Lines management caused a valuation of its properties to be made by Messrs. Stone & Webster and A. L. Drum & Co. The report was presented to and hearings were begun by the Public Utilities Commission in the Fall of 1919. A final order was entered by the Commission Nov. 5, 1920, finding the present value of the properties as of April 30, 1920, to be at least $159,113,114.56, which figure was practically the same as the agreed purchase price under the City Ordinances as of the same date. The cost new, as of 1919, was found to be $200,371,689. The Commission also found that petitioners under existing conditions were entitled to earn an amount sufficient to pay 7½% on the present value of the properties and made permanent the 8-ct. fare which had been put into effect temporarily on July 1, 1920.

Unification of Surface Lines—Unified operation of the surface street railways of the City of Chicago became effective Feb. 1, 1914, pursuant to the Unification Ordinance and Operating Agreement approved by the holders of Participation Certificates of the company at a special meeting held Dec. 22, 1913.

While under the terms of this ordinance and the agreement the ownership of the properties remains entirely separate and distinct, the combined earnings are to be divided upon an agreed basis. For the two years ending Jan. 31, 1916, the Chicago Rys. Co. received as its share 59% of the income remaining after the payment of all operating expenses including taxes and maintenance; and beginning with Feb. 1, 1916,

and until the expiration of its franchise in 1927, the Chicago Rys. Co. will receive 60% of the so-called "residue receipts." The provisions of the franchise ordinances, dated 1907, which give the City of Chicago a percentage of the earnings, remain in force, and the City is still in the position of partner in these enterprises.

Management—The trust agreement under which Participation Certificates are issued provides that the stock of the Company shall be held by the depositaries who at the present time are: Harrison B. Riley, Holman D. Pettibone, Abel Davis, Frank G. Gardner, Henry J. Tansley. It is also provided that during the life of the First Mortgage bonds, a finance committee composed of H. A. Blair, B. A. Eckhart, and Frederick H. Rawson, will have direct supervision of the finances of the company and vacancies in this committee are to be filled only upon the written approval of the Harris Trust & Savings Bank of Chicago, the trustee for the first Mortgage bonds.

Acquisition of Chicago Consolidated Traction Co.—At the Chancery sale on Nov. 30, 1910, the properties of this company and its eight underlying companies were bid in by A. W. Cooke, Chairman of the reorganization committee, for $1,425,000. On Dec. 17, 1910, Judge Grosscup confirmed this sale and also the sale by A. W. Cooke of all properties within the city limits to the Chicago Railways Co., pursuant to an ordinance passed Oct. 10, 1910 (placing valuation at $3,968,539), like in tenor, amendatory and supplemental to ordinance of Feb. 11, 1907. The lines outside the city were acquired by the Chicago & West Towns Ry. Co., and run through the towns of Evanston, Oak Park, Cicero, Berwyn, Lyons, Forest Park, River Forest and Maywood, in all about 5.9 miles. (For statement of the latter Co. see General Index.) The Chicago Railways Co. has no connection, either corporate or operating (except a temporary transfer arrangement) with the Chicago & West Towns Ry. Co.

By the terms of above ordinance (which runs for seventeen years, and expires simultaneously with the Chicago Railways Co. franchise of 1907) the city is to receive 55% of the net income. All rights of the city with respect to the purchase of the Chicago Railways Co. system as provided in the ordinance of 1908 apply to the new ordinance.

Protective Committee For Participating Certificates—In March, 1923, it was announced that a protective committee had been formed representing over 12,000 parts out of 30,800 parts of the Participating Certificates Series "1" of Company to secure payment of $1,478,400 accumulated dividends deferred since 1917. The Committee claimed that Company had more than enough money to pay the accumulations but because of inability to sell its bonds at a high enough rate it has been using the accumulations to pay improvement costs.

Property—The company owns 597.09 miles of single track (including 128 miles of the former Chicago Consolidated Traction Co.'s lines), serving the downtown as well as the north and west sides of the city; operated by overhead trolley system. Gauge, standard.

Equipment—Company has 2,180 passenger cars in operation and 258 service cars. No power houses belonging to the Company are now operated, all electric power being purchased. Sub-stations, 10, with a capacity of 80,000 k.w.

Motor Buses—The first Chicago Surface Lines motor bus route was inaugurated on Aug. 11, 1927, on Diversey Avenue, from Crawford Avenue to Laramie Avenue. For this service five twin-motor buses of a new type were adopted.

CAPITAL STOCK

Authorized and outstanding, $100,000; par, $100. The capital stock was used as the basis for the issue to the stockholders of the constituent companies of four series of participating certificates, representing in all, 265,100 equal parts. A trust indenture covering these certificates has been made, dated Aug. 1, 1907, between the company and a committee consisting of A. C. Bartlett, Chauncey Keep, C. H. Hulburd, A. A. Sprague and C. G. Dawes, with the Central Trust Co. of New York, as custodian. The 265,100 participation certificates are divided into four classes or series as follows: Series 1 consists of 30,800 parts; Series 2 of 124,300 parts; Series 3 of 60,000 parts and Series 4 of 50,000 parts.

Harrison B. Riley, Abel Davis, H. D. Pettibone, F. G. Gardner and H. J. Fansley, successor Trustees under above mentioned agreement.

Certificate Provisions—Series 1, 2 and 3 are entitled to cumulative dividends of $8 for each part, in the order of priority named, beginning with the year ending Aug. 1, 1908, and are also entitled to $100 for each part in any distribution of capital. Series 4 is entitled to any remaining profits or capital which may be distributed. The Series 2 certificates are entitled to unpaid accumulations on account of its $8 per certificate, but only if earned and after payment of all accumulations of dividends on Series 1 certificates.

Annual Meeting—Fourth Thursday in October.

FUNDED DEBT

Interest Payments—Hearings were held before the Court in July and October, 1927, and in January, 1928, upon applications by the Trustees of the mortgages for payment of interest upon the bonds secured by said mortgages. Upon such hearings the Court ordered the Receivers to pay to Harris Trust and Savings Bank, Trustee, in the Trust Deed which secures the First Mortgage Bonds, the interest which accrued for the period from Feb. 1, 1927, to Aug. 1, 1927, and also for the period from Aug. 1, 1927, to Feb. 1, 1928. As to all bonds of Chicago Railways Company, other than the First Mortgage Bonds, the order of the Court provided for the reservation in the hands of the Receivers, until the further order of the Court, of an amount equal to the interest which has accrued on these junior bonds from Feb. 1, 1927, to Feb. 1, 1928.

THE NEVADA-CALIFORNIA ELECTRIC CORPORATION

(See Accompanying Map)

History and Properties—Incorporated Dec. 12, 1914, Del. The Company owns all of the capital stocks, except directors' qualifying shares, and all of the bonds of the following companies: The Nevada-California Power Co., The Southern Sierras Power Co., Interstate Telegraph Co., Hillside Water Co., Cain Irrigation Co., The Imperial Ice & Development Co., Deseret Water, Oil & Irrigation Co., Yuma Utilities Co., Silver Lake Power & Irrigation Co. and The Sierras Construction Co.

On June 1, 1917, the Pacific Power Corp. was merged into The Nevada-California Power Co., at which time the latter company acquired the assets of the Pacific Power Corp. and assumed its liabilities (including its bonded debt). Pacific Power Corp. was legally dissolved in 1927. In Dec., 1920, the authorized capital stock of The Nevada-California Power Co. was increased from $5,000,000 to $10,000,000 and $1,500,000 was issued in payment of a stock dividend.

On Jan. 1, 1918, the Corona Gas & Electric Light Co., Bishop Light & Power Co., Coachella Valley Ice & Electric Co., and Rialto Light, Power & Water Co. were merged into The Southern Sierras Power Co., at which time the latter Company acquired the assets and assumed the liabilities (including bonded debt) of the four former companies. Since that date those four companies have been legally dissolved.

The territory served by the underlying companies includes Central Western and Southwestern Nevada and Southern and Eastern California, extending from Mono Lake near the Central and Eastern portion of California south through Mono, Inyo, Kern, San Bernardino, Riverside and Imperial Counties, through the Imperial Valley to Yuma, Ariz., a distance of

approximately 500 miles. All of this territory, with the exception of a small portion in San Bernardino, Riverside and Inyo Counties in Southern California, is exclusively served by these companies.

The maximum generating capacity of the underlying companies totals 105,020 h.p., 93,420 h.p. of which is hydro power and 11,600 h.p. is steam power. The transmission and distribution systems consist of approximately 1,727 miles of high tension transmission lines, 238 miles of which consist of double circuit, three-phase steel tower line with towers spaced eight to the mile, which line is designed for the transmission of power at 140,000 volts. In addition to above there are 819 miles of wooden pole distribution lines of 6,600 volts and under.

During 1922, a contract was entered into with the San Gorgonio Power Co., under the terms of which the entire output of the San Gorgonio Power Co's hydro-plants will be delivered to The Southern Sierras Power Co. Connection was made in December, 1923, with these two plants, which will supply approximately 10,000,000 kilowatt hours annually to meet system demands.

The Southern Sierras Power Co.—Incorporated under the laws of the State of Wyoming, June 15, 1911. Owns and operates five hydro-electric power plants with aggregate capacity of 23,300 h.p., a steam turbine generating plant at San Bernardino, Cal., of 10,600 h.p. capacity, and a steam plant of 500 h.p. capacity at El Centro, Cal., as well as a 500 h.p. Diesel Engine plant at Blythe, Cal. Also leases six hydro plants owned by The Nevada-California Power Co., with capacity of 70,120 h.p. Has completed and in operation a high tension steel tower double transmission line from Bishop to San Bernardino, Cal.

The electric properties of the Holton Power Co. (see 1923 Public Utility Manual page 1532) were merged with those of The Southern Sierras Power Co. as of Dec. 31, 1923. The Holton Power Co. was dissolved in 1927.

Serves the towns of Corona, Banning, Rialto, Bishop, Big Pine, Keeler, Inyokern, Randsburg, Johannesburg, Osdick, Blythe, Barstow, Yermo, Oro Grande, Victorville, San Bernardino, Redlands, Riverside, Perris, Hemet, San Jacinto, Elsinore, Murietta, Temecula, Palm Springs, Coachella, Indio, Thermal, Mecca, Cal., and the Imperial Valley with its 500,000 acres of irrigated land, including such towns as Brawley, Imperial, El Centro, Holtville Westmoreland, Calipatria and Calexico and varied industries, with distributing lines radiating from and connecting those various points, with the exception of Blythe, which city is served by a separate system. At Bishop the high tension lines of the company connect with those of The Nevada-California Power Co. Surplus power is interchanged with the Southern California Edison Co., through physical connections at Colton and San Bernardino, Cal. Capital stock, Preferred, $5,000,000 authorized, $2,000,000 outstanding, Common, $5,000,000 authorized and outstanding.

*In 1927 there was a special deduction from surplus of $235,288 for unamortized discount applicable to First Lien Seri "A" bonds of Nevada-California Electric Corp. and First Mortgage bonds of Southern Sierras Power Co. called for redem tion as of Jan. 1, 1927, which explains the decrease in surplus in 1927.

†NOTE: During 1926 the Directors authorized a transfer of $380,945 from accumulated surplus to the credit of reserve f depreciation as additional provision for depreciation applicable to the years 1920 and 1921. Accumulated surplus was furth reduced in 1926 by $1,119,692 unamortized discount and expenses on First Lien Series "A" and "B" 6% bonds of Nevad California Electric Corporation and First Mortgage 6% bonds of Southern Sierras Power Company (these issues having be called for redemption) applicable to bonds actually redeemed in 1926. These two items explain the big decrease in surplus 1926 as shown by above Comparative Balance Sheet.

Uses of Power—The Company furnishes electric light, heat and power for municipal, industrial and domestic purposes, having lighting systems and franchises in 90 cities and towns.

In the City of Butte, the Company owns and operates a gas generating plant and system of mains and service; a plant for the manufacture of tar paper, pitch and paint from coal tar products of the gas plant, and a central steam heating plant with system of service pipes installed underground in concrete lined tunnels.

It also owns and operates the Great Falls Street Ry.; furnishes power for the street railways of Butte and Helena and furnishes power for operations in the principal mining districts throughout the western two-thirds of the State.

The Great Falls Power Co. and the Thompson Falls Power Co. have entered into contracts with the Chicago, Milwaukee & St. Paul Ry. for electric power to operate 437 miles of its main transcontinental lines from Harlowton, Mont., to Avery, Idaho. Under these contracts, which cover a period of 99 years the power companies agree to furnish 20,000 k. w. (26,600 h. p.) and the railway company is bound to pay for various amounts increasing from time to time, the present minimum being 16,000 k.w. on each division or a total of 32,000 k.w. Electrical operation of trains over the division between Deer Lodge and Three Forks (112 miles) was begun on Dec. 2, 1915, and operation over the division between Three Forks and Harlowton (114 miles) on April 10, 1916. The western division between Deer Lodge and Alberton on Nov. 1, 1916, and

the entire line from Harlowton, Mont., to Avery, Idaho (437 miles), was in operation on March 1, 1917.

Territory Served—The territory served extends from the western line of the State to Colstrip, a distance of 552 miles and from Yellowstone Park on the south line of the State, to Havre, on the Great Northern Ry., within a few miles of the Canadian border. This territory embraces the principal agricultural, timber and mining sections of the State and includes practically all of its large cities and towns.

New Control—As of April 6, 1928 announcement was made that Company would be sold to American Power & Light Company. A proposed exchange offer of 2 shares of a new issue of $5 Pfd. stock, Series "A" of American Power & Light Company for each share of Montana Power Company Common stock will be considered at a special meeting of stockholders of American Power & Light Company to be held on or about April 24, 1928.

A first lien on $7,051,000 First Mortgage 5% bonds and $771,000 Pfd. stock (entire issue) and a lien on the entire $10,000,000 Common stock (less directors' qualifying shares) of Great Falls Power Co., viz., a first mortgage on one-half of said stock, and a second mortgage, subject only to the first mortgage of the Butte Electric & Power Co., on the remaining half.

The Great Falls Power Co. has an authorized issue of $15,000,000 First Mortgage 5% bonds, of which $2,621,000 are outstanding in the hands of the public, $7,051,000 are pledged under the Montana Power Co. First and Refunding mortgage, and $2,379,000 are held in Sinking Funds. For further additions to the Great Falls Power Co.'s properties, that company will issue its first mortgage reserved bonds, all of which will be pledged under the Montana Power Co. mortgage. The Montana Power Co. bonds are thus, in effect, a first lien on the Great Falls Power Co.'s properties to the extent of the first mortgage bonds thus pledged, as well as being a lien as above stated, on all the Capital Stock of the Great Falls Power Co. and on all stocks, bonds or other securities hereafter issued by said Company.

A lien on the properties formerly of the Butte Electric & Power Co., Madison River Power Co., Billings & Eastern Montana Power Co. and Montana Power Transmission Co., subject only to $5,587,000 closed mortgages specified above.

A first lien on the entire $1,425,900 capital stock (less directors' qualifying shares) of the Montana Reservoir & Irrigation Co. (which has no mortgage or funded indebtedness), and on all stocks, bonds or other securities hereafter issued by said company (subject to withdrawal as a whole upon deposit with the trustee of cash equal to cost or sale price whichever is greater).

In brief, the mortgage now covers, either directly or through collateral trust as above, 9 hydro-electric power plants, having 327,400 developed electrical h.p. 2,433 miles of transmission lines, complete distribution systems in Butte, Great Falls, etc., and, in addition, undeveloped water powers capable of generating 142,700 h.p. This mortgage is now a first lien on about 81% in capacity of the present developed power plants, 65% of the present transmission lines and 85% of the undeveloped water powers of the system.

Tax Provisions—Company does not pay Normal Federal Income Tax but the mortgage provides that, whenever it may be lawful so to do, the company may issue bonds that shall be free from the payment of the Federal Income Tax (which shall be so recited therein) and may provide for the exchange of all existing bonds for such new bonds.

Original Offering—First publicly offered ($10,000,000) in Jan. 1914, at 94 and interest, yielding 5.40%; additional $6,000,000 offered in March, 1915, at 91½ and interest, yielding about 5.60%; additional $1,000,-

GREAT FALLS POWER COMPANY OF MONTANA

(Controlled by The Montana Power Company)

History and Property—Incorporated May 25, 1910, under the laws of Montana. Duration of charter is 99 years. The Company is engaged, in accordance with the terms of its charter, in the appropriation, distribution and sale of water and water power, and in production and sale of electricity for light, heat and power purposes. Acquired the water power properties of the Great Falls Water Power & Townsite Co., which, in July, 1910, completed a hydro-electric plant of 36,000 h. p. rated capacity, at the Rainbow Falls, on the Missouri River. The Rainbow dam is 1,146 ft., long, 29 ft. high, with a base of 116 ft., founded on solid rock throughout its entire length. The power plant operates at 105 ft. head. The company owns also the Black Eagle Falls dam and power house recently reconstructed which has a capacity of 24,000 h.p.

Early in 1916 the new development at the "Great Falls of the Missouri River" was completed. The Falls have a natural drop of about 78 feet and on the first is constructed a concrete dam 1,250 feet long and 72 feet high, which develops a working head of 87 feet. A concrete and brick power house is located immediately below the dam, the equipment of which is of the most modern type and consists of six vertical-type single-runner water-wheel and generator units of 10,000 k.w. capacity each.

CAPACITY OF PLANTS

	Hydraulic	Electric
Rainbow Falls, present capacity	47,000 h.p.	35,000 k.w.
"Great Falls of the Missouri River"	80,000 h.p.	60,000 k.w.
Black Eagle Falls	24,000 h.p.	18,000 k.w.
Total	151,000 h.p.	113,000 k.w.

Company supplies electricity to Great Falls and vicinity; population served, approximately 75,000. A large portion of the power generated is used by the Anaconda Copper Mining Co., Boston & Montana smelter, the Royal Milling Co., Butte, Anaconda & Pacific Ry., Chicago, Milwaukee & St. Paul Ry. and electric light and street railway properties. A double steel tower high-transmission line, 135 miles in length, conveys power to the City of Butte, serving the mines and smelters, and from Butte to Anaconda, a distance of 21 miles, a single steel tower line furnishes power to the Washoe smelter, 330 miles of 88,000 volt transmission line serves the cities of Havre, Lewistown and

intermediate smaller towns, including a total of 27 sub-stations. The Company's transmission lines aggregate about 930 miles. The Sun River Irrigation Project of the U. S. Reclamation Service receives all its power from these lines.

In addition, Company owns other water powers on the Missouri River, near the City of Great Falls, undeveloped, capable of generating 76,000 h.p.

CAPITAL STOCK

Authorized, $10,000,000 Common and $5,000,000 6% cumulative Pfd.; outstanding, $10,000,000 Common and $771,000 Pfd.; par $100. All owned by The Montana Power Co., except directors' qualifying shares of Common stock. Annual meeting, second Tuesday in October.

Dividends—Regular quarterly dividends of 1½% each paid on Pfd. stock. Initial dividend on Common of 1½% paid Nov., 1911, then 3% per annum to Mar. 1913, when 1¾% was declared for the quarter ended Mar. 31, 1913, which rate was maintained to Dec. 31 1915, when it was increased to 2½%, which quarterly rate has been maintained to date. In addition, two extra dividends of 4% each paid on Common in 1919 an extra dividend of 3% in 1920, one of 2½% in 192 and one of 5% in 1926.

FUNDED DEBT

$12,051,000 First Gold 5s, of which The Montana Power Co. owns $7,051,000, $2,379,000 are in sinking fund uncancelled, and $2,621,000 in the hands of public. For details see statement of Montana Power Co on a previous page.

History and Property—The Corporation was organ-d May 24, 1923, under the laws of the State of w York, as the successor to, and upon the reor-ization of, Brooklyn Rapid Transit Co. under tions 9 and 10 of the Stock Corporation Law of State of New York, pursuant to a Plan and Agree-nt dated March 15, 1923, for the reorganization of ooklyn Rapid Transit Co. and its subsidiary com-ies (see 1923 Public Utility Manual, page 2632, or ly to our Information Department). In the Plan Reorganization, Albert H. Wiggin, Charles A. dy, Gerhard M. Dahl, Frederick H. Ecker, Charles rden, Seward Prosser and Frederick Strauss were stituted as a committee to endeavor to consum-e the reorganization and the readjustment and statements of securities in the Plan provided for. transit system which the company acquired on reorganization and now owns is, from the stand-t of both operation and financial structure, divided three parts, viz: street surface lines; subway and ated rapid transit lines; and power plants and r common facilities.

he Brooklyn-Manhattan Transit Corp. is essen-y a holding company, as was its predecessor, con-ling a number of subsidiary operating companies ugh stock ownership, to wit: New York Rapid Transit Corp., The Nassau Electric R.R. Co., Brooklyn, Queens County & Suburban R.R. Co., The Coney Island & Brooklyn R.R. Co., South Brooklyn Ry. Co., Coney Island & Gravesend Ry. Co., and Williamsburgh Power Plant Corp. Under the Plan of Reorganization, the identity of these subsidiary companies (with the exception of the last named, a new company) was not destroyed and they continue as individual operating companies.

The Brooklyn Rapid Transit Co. was organized in Jan. 1896, and acquired on reorganization or from time to time thereafter, either directly or through its subsidiary companies, a majority of the capital stock and also bonds and other indebtedness of the following railroad companies operating rapid transit or street surface railroads principally in the Borough of Brooklyn, New York, namely:

Street Surface Lines:
The Nassau Electric Railroad Company.
The Coney Island & Brooklyn R.R. Co.
Brooklyn, Queens County & Suburban R.R. Co.
South Brooklyn Ry. Co.
Coney Island & Gravesend Ry. Co.
The Brooklyn Heights R.R. Co.

The transit system operated by these subsidiary companies at the time of the appointment of the receiver consisted of approximately 532 single track miles of street surface lines and 228 miles of rapid transit subway and elevated tracks. These railroad properties were controlled by the Brooklyn Rapid Transit Co. through stock ownership, directly or indirectly, up to the appointment of the Receiver.

Street Surface Lines—Upon its organization in 1896, the Brooklyn Rapid Transit Co. acquired (a) all of the capital stock of The Brooklyn Heights R.R. Co. which owned and operated a comparatively short street surface railroad in the borough of Brooklyn, and which operated under lease the system of street surface lines owned by The Brooklyn City R.R. Co., and (b) all the capital stock of Brooklyn, Queens County & Suburban R.R. Co., which owned and operated at that time 45.5 miles of single track street surface railroads located in the borough of Brooklyn and adjacent territory. From time to time thereafter the B. R. T. Co. acquired through stock ownership or otherwise, control of numerous additional street surface lines. When the Receivership began, the B. R. T. System of street surface lines comprised a total of 532 miles of single track (exclusive of trackage rights across the East River), of which approximately 301 miles were owned and operated by the street surface subsidiary companies mentioned above.

The remaining 231 miles of track were operated by The Brooklyn Heights R.R.Co. under a lease from The Brooklyn City R.R. Co., which extended for 999 years from 1893 and which provided by way of rental for payment of interest on the bonds of The Brooklyn City R.R. Co. and a dividend of 10% per annum on its outstanding capital stock of $12,000,000. In Oct. 1919, on the demand of The Brooklyn City R.R. Co., the Court ordered the Receiver to return its properties to that Company. Since that date the street surface lines covered by this lease have been operated independently by The Brooklyn City R.R. Co.

Subway and Elevated Rapid Transit Lines—In 1901, the B. R. T. acquired more than a majority of the outstanding stock of Brooklyn Elevated R.R. Co., Union Elevated R.R. Co. and Seaside & Brooklyn Bridge Elevated R.R. Co. Brooklyn Union Elevated R.R. Co. acquired the outstanding stock of Kings County Elevated R.R. Co., and the latter company was merged into Brooklyn Union Elevated R.R. Co. in 1900. In Nov., 1912, Brooklyn Union Elevated RR. Co., Sea Beach Ry. Co. and Canarsie R.R. Co. were consolidated, forming New York Consolidated R.R. Co. which thereby succeeded to the ownership of all of the elevated lines embraced in the B. R. T. System. Substantially all of the capital stock of New York Consolidated R.R. Co. (approximately 95% of the Pfd. and 96% of the Common stock) was owned by the B. R. T. at the time of the appointment of the Receiver.

In 1912, New York Municipal Ry. Corp. was organized under the Rapid Transit Act and the Railroad Law of the State of New York, in connection with the negotiations then under way with the City of New York for the extension of the rapid transit system by the construction of certain new subways by the City and the operation thereof in conjunction with the elevated lines owned by New York Consolidated RR. Co. All of the capital stock of New York Municipal Ry. Corp. was owned by New York Consolidated RR. Co. and the two companies were subsequently merged on June 4, 1923.

Contract with City—In March, 1913, New York Municipal Ry. Corp. entered into a contract with the city of New York under which New York Municipal Ry. Corp., then having the right by contract to operate the elevated lines of New York Consolidated RR. Co., agreed to contribute certain funds toward the construction of new subway and elevated lines to be built and owned by the City, to equip tho lines, to reconstruct and extend the existing elevat lines owned by New York Consolidated R.R. C and to operate (for 49 years from the effective da of the lease provisions of the contract) as a sing system all of said existing elevated lines and t new subway and elevated lines to be construct by the City. On the same date, New York Muni pal Ry. Corp., by two certificates granted by t Public Service Commission under the Rapid Tran Act, acquired the right to construct certain additior tracks upon an extension to the elevated lines th owned by New York Consolidated R.R. Co. The arrangements with the City authorities are referr to as "Contract No. 4," and constitute the participati of the B. R. T. System through its subsidiaries what is commonly referred to as the Dual Subw System. New York Consolidated R.R. Co. subs quently leased all the railroads, properties, righ privileges and franchises of New York Municipal F Corp. for the balance of the term of Contract No. thus succeeding to the operating rights and oblig tions of New York Municipal Ry. Corp. under arrangements with the City.

To finance the obligations of its subsidiary unc Contract No. 4, the B. R. T. Co. issued $60,000,(of its Six-Year Notes maturing in July, 1918, w the proceeds of which and other funds it acquirec like amount of long term first Mtge. Bonds of N York Municipal Ry. Corp. guaranteed by New Yo Consolidated R.R. Co., the bonds so acquired hav been pledged together with $10,000,000 of its own Fi Refunding Mtge. Bonds as security for its Six-Y Notes. Holders of $2,265,000 of these notes sub quently exchanged their notes for a like amount the pledged long term bonds of the rapid transit s sidiaries. The Six-Year Notes matured in July, 19 but all except $475,000 thereof (of which $10,(were held within the System) were refunded by issue of the 3-Year 7% Notes of the B. R. T., mat ing in July, 1921, approximately 30% of which w acquired by the War Finance Corporation. Th Three-Year Notes were secured by the same collate which secured the Six-Year Notes. as descril above, and in addition by the pledge of approximat $29,000,000 of B. R. T. Consolidated and Refund Mtge. Bonds.

Power Plants and Other Common Facilities—T power plants and certain of the repair shops, barns, etc., common to the use of both the surf and the subway and elevated lines, were opera by the B. R. T. Co. itself and the principal po plants were also owned by the B. R. T. Co. So of the common facilities were owned by the ra transit companies, and some by the surface co panies. By contract approved by the Public Serv Commission, **Transit Development Co.** (a sub iary merged in 1918 into Brooklyn Rapid Tra Co.) in order to suspend the obligation under C tract No. 4 to construct a power plant in accorda with the provisions of the City Contracts, agreed furnish power for the use of the rapid transit li in Brooklyn and Queens for a period of ten years. power for the operation of the rapid transit li of the B. R. T. System in Manhattan was provi for by a similar contract with the Interborough R id Transit Co. The power plants existing at time of the receivership were inadequate for the ne of the system and work on the extension and largement of the principal plant (the Williamsbu Plant) had been commenced prior to receivers This work was carried to completion during the ceivership at an aggregate cost of approximately 765,000. The rated generator capacity of Williamsburgh Power Station and of the Cen Power Station (both now owned by the Willia burgh Power Plant Corp., see appended stateme is 182,500 k.w. and 21,600 k.w. respectively.

esent peak load of the System is between 135,000 d 140,000 k.w. In addition there are 25 sub-stations. l the generating stations and sub-stations are of con-ete, brick, and steel construction. As a result of the nstruction completed during the receivership, the rganized system now possesses a modern and effi-nt power production system able to meet all the mediate requirements of both the rapid transit and rface lines, including those of The Brooklyn City R. Co. with which the Receiver, shortly before the urn of the leased lines made a contract for the pply of power in connection with the acquisition certain properties of The Brooklyn City R.R. Co. eded for the proposed power plant enlargement.

Termination of Lease of The Brooklyn City R.R. —In the summer of 1919, the Receiver reported t he would be unable to meet the installment of idend rental due Oct. 1, 1919, under the lease of street surface railroad properties of The Brook-City R.R. Co. to The Brooklyn Heights R.R. Co. w in liquidation). This resulted in a demand being de for the return of its properties to The Brooklyn y R.R. Co. and on Oct. 18, 1919, on demand of e Brooklyn City R.R. Co., United States District urt for the Southern District of New York ordered properties returned to that company. Since that e the street surface lines formerly operated by Brooklyn Heights R.R. Co. under lease as part of B. M. T. System have been operated independently The Brooklyn City RR. Co. under the terms of the se. The Brooklyn City RR. Co. obligated itself n termination of the lease to pay the Lessee the ount of certain improvements, additions and bet-ments to its lines, the amount so payable according the books of the B. R. T. System being approxi-tely $10,000,000, exclusive of interest and of the t of a large number of cars used on the lines of The ooklyn City R.R. Co. The amount of this liability s disputed by The Brooklyn City R.R. Co., and a t was commenced by the Receiver to determine the ount due. This suit is still pending. As a result the termination of said lease, a controversy arose to the status of the Guaranty Fund provided for ler the lease. This controversy was adjusted in nection with the consummation of the reorganiza-n by an agreement of settlement dated Nov. 19, 1923, proved by the United States District Court for the uthern District of New York, under which the ooklyn-Manhattan Transit Corp. acquired $2,000,-000 principal amount of Brooklyn, Queens County & Suburban R.R. Co. First Mortgage Gold 5s and $2,000,000 par value of the stock of said company, for which it agreed to procure for The Brooklyn City R. R. Co. a credit of $2,000,000 against any amount finally established to be due from The Brooklyn City R.R. Co. for the improvements referred to in said lease.

Receiver's Certificates—During the early part of 1919, it was apparent that a large amount must be raised to complete the company's part of Contract No. 4 and the ancillary power agreement. To that end, Judge Mayer authorized an issue of $20,000,000 B. R. T. Receiver's Certificates, secured (through the pledge of certificates issued by the Receiver of the Rapid Transit Companies) by a lien upon the subway and elevated lines prior to the lien of New York Municipal Ry. Corp. First Mtge. 5s and secured also by a lien on all the property of the B. R. T. Co. in custody of the Court or subject to its administration. Of the Receiver's Certificates so authorized $18,000,000 were issued and marketed in August, 1919. Subsequently the Receiver was able to pay or repurchase $6,500,000 thereof, so that at the termination of the receivership there were outstanding in the hands of the public only $11,500,000 of these certificates. The certificates as extended matured on Aug. 1, 1923, and were paid off from moneys provided on reorganization. As a result of this financing, the Receiver was able to fulfill all the obligations of the company as they accrued under the contract with the city, and to put in operation many miles of additional rapid transit facilities. During the receivership there was actually expended by the Receiver from the proceeds of Receiver's Certificates and from other funds the sum of $28,860,161 in connection with the construction and equipping of the city and company owned rapid transit lines under Contract No. 4 and, in addition, the sum of $3,765,375 in connection with the completion of the Williamsburgh Power Plant Annex and other work incidental to the enlargement of the power house facilities.

Constructions and Additions—The City has started work on the construction of the Nassau-Broad Street Line. This line will materially increase the capacity and efficiency of the rapid transit lines under Contract No. 4.

The extension of the Fourth Avenue Subway from 86th Street to 95th Street, Brooklyn, was placed in operation on Oct. 31, 1925.

RAPID TRANSIT EXPANSION—AGREEMENT WITH THE CITY

(New York Rapid Transit Corp.)

(Successor to N. Y. Municipal Ry. Corp. and N. Y. Consolidated R.R. Co.)

Negotiations with the City were finally consummated in the contract of March 19, 1913, between the City of New York and New York Municipal Ry. Corp., which was incorporated on Sept. 27, 1912, for the purpose of carrying out the Brooklyn Rapid Transit Co.'s part in the so-called dual system.

The lines already constructed or under construction by the City are under the terms of Contract No. 4, leased to the Company for a period of 49 years (with provision for recapture by the City after ten years), and are to be operated in connection with the system of railroads of the New York Consolidated R.R. Co. (as enlarged and extended) as one system and for a single fare. The extensions of and additional tracks to the system of railroads of the New York Consolidated R.R. Co. already constructed or under construction by the company, are under the term of the certificates for said extensions and additional tracks to be maintained and operated for and during the franchise periods of 85 years from the time when parts of the extensions and additional tracks, respectively, are placed in operation (with provision for recapture by the city after ten years). The reconstruction and enlargement of the existing railroads and equipment of the New York Consolidated RR. Co., to adapt them for operation in conjunction with the city lines, as provided for in Contract No. 4, are to be maintained and operated as part of said system and are not subject to recapture by the city.

There will be approximately 284.66 miles of track in the enlarged system (including trackage rights over the Astoria and Corona lines in the Borough of Queens, enjoyed mutually with the Interborough Rapid Transit Co.), of which approximately 133 miles will be owned by the city.

The contract with the city provides as to these jointly operated lines that after deducting operating expenses, taxes and provision for depreciation the net revenue is to be applied as follows:

1. To the Lessee $3,500,000 as representing the net earnings of the existing railroads which are to form part of the new Rapid Transit System. Out of this reservation the Lessee is to pay interest charges on capital investments prior to March 19, 1913, in the existing railroads.

2. To the Lessee 6% on its new investment in construction and equipment prior to the beginning of permanent operation, and thereafter interest and 1% sinking fund.

3. To the City interest and 1% sinking fund on its investment in cost of construction.

Any surplus remaining, after making provision for a moderate Contingent Reserve Fund, is to be divided equally between the Lessee and the City.

The deficit in the company's preferentials is cumulative and is to be made good from future net income before payment of the city's interest and sinking fund charges, but under the provisions of the contract the deficits in the city's charges during temporary operations is to be added to the cost of construction of the city-owned lines, thereby swelling the amount upon which interest will hereafter have to be earned.

The details of results from this operation are as follows:

BROOKLYN, QUEENS COUNTY & SUBURBAN RR.

(Controlled by Brooklyn-Manhattan Transit Corp.)

History—Incorporated November 23, 1893, and on n. 16, 1894, absorbed the Broadway R.R. Co., the oadway Ferry & Metropolitan Ave. R.R. Co., and e Jamaica & Brooklyn Road Co. Electrical operon began in 1896. Leased to The Brooklyn Heights R., July 1, 1898, for three one-year periods, but erated independently since July 1, 1901.

Mileage—Length of track operated, 64.712 miles uge, standard. Rail, 70 to 122 lb. girder; 60 lb. T.

Controversy Between the Brooklyn-Manhattan ansit Corp and The Brooklyn City R.R. Co.,—As a ult of the termination of the lease of The Brooklyn City R.R. properties to The Brooklyn Heights R.R. Co., a controversy arose as to the status of the Guaranty Fund provided for under the lease. In this fund were deposited by the B. R. T. Co. together with other securities, certain bonds of Brooklyn, Queens County & Suburban RR. Co. in order to guarantee the carrying out of terms of The Brooklyn Heights RR. Co.'s lease of The Brooklyn City R.R. Co. Pending the settlement of the controversies between the two companies there was a question as to whether the Brooklyn, Queens County & Suburban R.R. would continue as a subsidiary of the Brooklyn-Manhattan Transit

Co. under the reorganization, or pass to the control of The Brooklyn City R.R. Co., and the adjustment offered to the bondholders of the Brooklyn, Queens County & Suburban R.R. Co. was made contingent and subject to the settlement of the controversy. This controversy was accordingly adjusted in connection with the consummation of the Reorganization Plan by an Agreement of Settlement dated Nov. 19, 1923, approved by the United States District Court for the Southern District of New York, under which the Brooklyn-Manhattan Transit Corp. acquired $2,000,000 principal amount of Brooklyn, Queens County and Suburban R.R. Co. First Mortgage Gold 5s and $2,000,000 par value of the capital stock of said company, for which it agreed to procure for the Brooklyn City R.R. Co. a credit of $2,000,000 against any amount finally established to be due from The Brooklyn City R. R. Co. for the improvements referred to in the aforementioned lease. Consequently, the Brooklyn, Queens County & Suburban R.R. Co. continues under the new arrangement as a subsidiary of the Brooklyn-Manhattan Transit Corp. and its bonds have been reinstated under their existing mortgages with adjustment of unpaid interest.

THE CONEY ISLAND & BROOKLYN RR.

(Controlled by Coney Island & Gravesend Ry.)

History—Inc. Dec. 10, 1860, in N. Y., for 99 years; d opened May 1, 1862. In April, 1891, absorbed Prospect Park & Flatbush R.R. On Dec. 4, 1897, ed, for 999 years, the property of the Brooklyn & Newtown R.R. and on March 19, 1910, legally orbed its property and assumed the bonds. In ., 1900, acquired entire capital stock of the De-b Ave. & North Beach R.R. The lines of the sys-e extend from Coney Island to Brooklyn, with vari-branches; also up DeKalb Ave. to Ridgewood.

Control—The New York Public Service Comm. on . 26, 1913, authorized the Coney Island & Graves-Ry. to purchase $2,637,000 of the stock of the pany at par.

Receivership Terminated—The receivership of company was terminated by a decree entered in the United States District Court for the Southern District of New York on March 31, 1924, which directed that the properties be returned to the company. Included in the decree was a provision for deposit with U. S. Mtge. & Trust Co., New York of accrued and unpaid interest on the Consolidated Mtge. 4s. All of said bonds outstanding in the hands of the public amounting to $1,500,000, are beneficially held by The Equitable Life Assurance Society of the United States, which has declined to adjust its bonds in accordance with the provisions of the Reorganization Plan (which provides for the payment in cash of all interest in

arrears), except upon receiving special concessions, which the Reorganization Committee has declined to concede. As a result, the holder of said bonds is endeavoring to bring about the acceleration of the principal of the bonds, but its right to do so is now being contested in a proceeding pending in the United States District Court. As a condition of the termination of the receivership, the Brooklyn-Manhattan Transit Corp. has agreed that in case it shall finally be determined that the principal of the Consolidated 4s has been properly accelerated and is now payable, it will guarantee the payment of any judgment that may be entered in such connection. For details of Reorganization Plan see Manual for 1923, page 2639.

Mileage—Length of track operated, 52.032 miles Rail, T, 60 and 85 lbs.; girder, 90 to 128 lbs.

THE NASSAU ELECTRIC RR.

(Controlled by Brooklyn-Manhattan Transit Corp.)

History—Incorporated March 13, 1893, in New ork. On August 1, 1898, Company absorbed e Kings County Electric Ry. Co., the Coney Island, ort Hamilton & Brooklyn R.R. Co., and the Union R. Co. On Jan. 26, 1899, absorbed the Atlantic venue R.R. Co. and the United R.R. Co. Leased April 1, 1899, for one year, to The Brooklyn eights R.R.; subsequently a permanent lease was ade; this latter was cancelled, however, on June 30, 04, by mutual agreement between the parties, and e road has since been operated by its own organi-tion.

The Atlantic Avenue R.R. Co. owned the double ack steam road (since converted to electricity) from maica, L. I. to Flatbush Ave., Brooklyn, N. Y., a stance of 9½ miles, which is leased for 99 years om June 1, 1877, to Long Island R.R. Co., affording at company entrance into the city of Brooklyn. he rental was formerly a percentage of receipts ut in 1895 was changed to $60,000 per annum. This ase was transferred to The Nassau Electric R.R. Co. merger of Jan. 26, 1899.

The company began operating cars over the Brook-n Bridge on Feb. 16, 1898. The cost of construc-on over the bridge was borne by the railroad com-anies, and a toll of 5 cents per trip for each car run s paid to the Department of Plant and Structures, ity of New York.

In accordance with the B. R. T. Co. Reorganization is company was taken over by the Brooklyn-Man-attan Transit Corp. on July 14, 1923, as part of its ystem.

Mileage—Length of track operated, 143.222 miles. Gauge, standard. Rail, 56 to 70 lbs. T. 70 to 122 lbs. girder.

Receivership Terminated—The receivership of the ompany was terminated on July 14, 1923, and the onds of and claims against the company were read-usted in accordance with the provisions of the B. R. T. Co. Reorganization Plan, without the foreclosure of any of the mortgages securing the underlying bonds. The Plan provided for the reinstatement of all the underlying bonds of the company then in default, upon adjustment of the interest and arrears which was to be paid in full in cash in the case of all issues, except the First Consolidated Mtge. 4s, the interest in arrears on which was paid part in cash and part by the issue of Voting Trust Certificates representing Pfd. stock of Brooklyn-Manhattan Transit Corp. The Plan provided for the adjustment of tort claims and the general unsecured claims of the company on the same basis as was provided for similar claims of the B. R. T. Co. The offers to readjust the bonds and all claims against the company were approved by the Court and all persons holding bonds of or claims against the company were enjoined from enforcing the same except in accordance with the provisions of the offers contained in the Plan. For details of the Plan and Protective Committees of respective bond issues, see Manual for 1923, pages 2640, 2641 and 2658.

NEW YORK RAPID TRANSIT CORPORATION

(Controlled by Brooklyn-Manhattan Transit Corp.)

History and Property—Incorporated June 7, 1923, in New York, under Sections 9 and 10 of the Stock Corporation Law, as successor, pursuant to the Reorganization Plan of the B. R. T. Co., to the consolidation of the New York Consolidated R.R. (see Manual for 1923, page 2661), and New York Municipal Ry. Corp. (see Manual for 1923, page 2664, or apply to our Information Department). The latter corporation was merged into the former on June 4, 1923, under a Supplemental Plan to effect the reorganization of the rapid transit lines under the Reorganization Plan of the B. R. T. Co. and subsidiaries. The constituent companies embrace the Brooklyn Union Elevated R.R. So., Sea Beach Ry. Co. and the Canarsie R.R. Co., which companies were consolidated into the former New York consolidated R.R. Co. For details of the Reorganization Plan and for reference to sale of properties, foreclosure proceedings, etc., of predecessor companies, see Manual for 1923, pages 2639, 2661 and 2664, respectively.

Company leases for 999 years from 1915 the Nassau Electric R.R. Co.'s terminal at Coney Island, the consideration being $226,000 upon delivery of lease and $100 per annum from Aug., 1915, which the former New York Municipal Ry. Corp. was authorized to charge against the cost of construction under the dual system contracts.

Mileage—Owns 165.618 miles of track; leased (including trackage rights), 132.708 miles.

Equipment, Feb. 29, 1928—Passenger motor (1,457, of which 27 are Type "C" 3-car units and 71 Type "D" 3-car units), 1,653; trailers, 362—total passenger cars, 2,015; electric locomotives, 4; wrecking cars, 2; work cars 43.

Division of Earnings with City—As the corporation now holds all the rights originally acquired by the New York Municipal Ry. Corp. in the latter's contracts with the city, all the earnings accrue to it. The division of earnings is on the following basis: (1) To the company, $3,500,000, as representing the net earnings of the existing railroads which form part of the new rapid transit system. Out of this reservation the Company pays interest charges on capital investments prior to March 19, 1913, in the existing railroads. (2) To the company, 6% on its new investment in construction and equipment prior to the beginning of permanent operation; thereafter interest and 1% sinking fund. (3) To the city, interest and 1% sinking fund on its investment in cost of construction. Any surplus remaining, after making provision for a moderate contingent reserve fund, is to be divided equally between the company and the city. The company's preferential payments are cumulative.

Suit Intervention Allowed—Federal Judge Mayer in a memorandum filed Jan. 3, 1924, at New York, granted the motion of Corporation to be allowed to intervene in a suit brought some time ago by Lindley M. Garrison, then Receiver of New York Municipal Ry. Corp. and of the New York Consolidated R.R. Co. against the City of New York, the New York Transit Commission and its members. The suit was brought by direction of the court to enforce specifically the provision of contract No. 4 between Corporation and the City of New York, for damages amounting to $30,000,000, caused by delay in performance of the contract. Corporation asked intervention because of the purchase by it of the New York Municipal Ry. Corp. and the New York Consolidated R.R. Co. The city, through the Corporation Counsel's office opposed the application for intervention, claiming that Mr. Garrison had been discharged as Receiver, and the suit had lapsed. It was held by the Corporation Counsel that the Federal District Court was without jurisdiction to continue the suit, but Judge Mayer ruled otherwise. Federal Judge Thacher on April 8, 1926, signed an order declaring that the above suit was properly before the court.

(5)

$50,000,000 (AUTHORIZED—NONE ISSUED) NEW YORK RAPID TRANSIT CORP. FIRST & REFUNDING MORTGAGE

These bonds are to be issued only for the purpose of providing, after the exhaustion of the moneys ($5,000,000 Improvement Fund for future improvements already deposited) provided in the Reorganization for such purpose, for the cost of additional equipment and additions and betterments for the rapid transit lines or power house properties provided after July 1, 1923, under contract No. 4, and the allied certificates, and also for the purpose of refunding any bonds previously issued and outstanding under this mortgage, and any of the existing underlying elevated railroad bonds. None of these bonds were issued in Reorganization. Upon the consummation of the inclusion of the power plant properties under Contract No. 4 and (or) the allied certificates and the transfer of those properties accordingly, the reorganization committee authorized the creation of a Power Plant First Mortgage of substantially the same character as the New York Rapid Transit Corp. First & Refunding Mtge. described below. Secured by a lien prior to the Refunding Mtge. and subject only to the existing underlying elevated railroad bonds on certain of the properties, on the rights existing under contract No. 4 and allied certificates, and on all of the properties of the New York Rapid Transit Corp.

SOUTH BROOKLYN RY.

(Controlled by Brooklyn-Manhattan Transit Corp.)

History and Property—Incorporated Jan. 13, 1900 in ew York, and acquired at foreclosure sale the fran-ises and property of the South Brooklyn R.R. & rminal Co., which company was previously known the South Brooklyn & Flatbush R.R. Co. Leased July 1, 1903 to The Brooklyn Heights R. R., but ase cancelled Feb. 28, 1907, and road since operated its own organization. Lease of the Prospect Park Coney Island R.R. Co. to The Brooklyn Heights R. Co. was transferred to this company on Feb. 28, 07. The lease was made for 999 years from 1899, it automatically terminated as a result of merger ee following paragraph). Length of track operated, .298 miles.

Merger—In Sept., 1923, the N. Y. Transit Commis-on approved the application of the company for au-ority to purchase the outstanding capital stock of e Prospect Park & South Brooklyn R.R. Co. and e N. Y. & Coney Island R.R. Co. and to merge these mpanies and the Prospect Park & Coney Island R. Co., which leased the two former companies, into itself. This merger went into effect Sept. 30, 1923, and simplified the corporate structure by eliminating old time subsidiaries.

SHINYETSU ELECTRIC POWER COMPANY, LIMITED

(Shinyetsu Denryoku Kabushiki Kaisha)

History and Property—Organized in 1919, in Japan. Owns and operates three hydro-electric plants with a total generating capacity of 57,860 kilowatts on the Nakatsu River in Japan. Practically all of the company's output is sold, under contracts, to Tokyo Electric Light Company, Limited, which owns through a subsidiary approximately 44% of the company's capital stock. Tokyo Electric Light Company, Limited, is the largest distributor of electricity in Japan. The latter company sells electric power and light in districts with a total area of approximately 10,000 square miles and a total estimated population of about 11,000,000. These districts include the cities of Tokyo and Yokohama and other populous and important industrial sections.

The company's hydro-electric generating plants consist of the following:

	Date of completion	Generating capacity
Nakatsugawa No. 1	Nov., 1924	39,000 k.w.
Nakatsugawa No. 2	May, 1923	18,000 k.w.
Nakatsugawa No. 3	May, 1921	860 k.w.

In addition to the above properties the company owns a small distribution system connected with Nakatsugawa No. 3 which furnishes power and light, at retail, in villages near the company's generating plants.

The company is commencing construction on the Shinano River of a hydro-electric plant of 166,300 kilowatts generating capacity. Such capacity is greater than that of any existing hydro-electric plant in Japan and there are only a few hydro-electric plants in the world of greater capacity. It is expected that this plant will be completed in 1933 and that its output will be sold to Tokyo Electric Light Company, Limited, in amounts reaching a maximum of 166,300 kilowatts in November, 1935.

Power Contracts—The company has sold, under contracts, to Tokyo Electric Light Company, Limited, of the power generated at the Nakatsugawa No. 1 and No. 2 plants since the company's operations were officially begun on October 1, 1924. These contracts which provide for the purchase by Tokyo Electric Light Company, Limited of all the power generated at such plants, extend to November 30, 1932, and the agreement between the two companies are to be extended to a date beyond the maturity of First Mortgage 6½% bonds at rates which, based on normal output, will assure at least the amounts required for interest and sinking fund on the bonds, as well as operating expenses, taxes and other charges applicable to such plants.

CAPITAL STOCK

Outstanding, 640,000 shares, 50-year par value, fully paid, equivalent to $14,720,000.

FUNDED DEBT

(1)

$7,650,000 FIRST MORTGAGE 6½% SINKING FUND BONDS (CLOSED ISSUE); DUE DECEMBER 1, 1952

Dated December 1, 1927.

Interest Payable June and December 1, in United States gold coin at office of Dillon, Read & Co., or in London in sterling, at par of exchange, at the office of J. Henry Schroder & Co.

Denominations—Coupon, $500 and $1,000. No provision for registration.
Trustee—The Mitsui Trust Co., Ltd., Tokyo.
Countersigning Agent—The National Park Bank of New York.
Provisions of Issue—Authorized and issued, $7,650,000; mortgage closed.
Purpose of Issue—Proceeds were used to reduce outstanding bank loans and for other corporate purposes.
Callability—Subject to call as a whole, or in part by lot, on any interest date, on 30 days' notice, at 100% and interest.
Sinking Fund—Sinking fund is provided, available semi-annually, sufficient to retire $150,000 principal amount of bonds per annum for the first two years, $300,000 principal amount of bonds per annum for the next eight years and $384,000 principal amount of bonds per annum thereafter, such retirement to be effected by the purchase of bonds, if obtainable at not exceeding 100% and accrued interest, and, to the extent not so obtainable, by the call of bonds by lot at that price.
Security—Bonds are the direct obligation of the company and are secured by a first mortgage lien, created under the laws of Japan, on all of the Company's completed mortgageable properties, consisting of Nakatsugawa No. 1, No. 2 and No. 3 generating plants. Bonds are further secured by assignment to the trustee under the indenture of all of the company's rights under its contracts with Tokyo Electric Light Co., Ltd. for the sale of power produced by the Nakatsugawa No. 1 and No. 2 plants. The Indenture provides that the Company will not create any mortgage on its property if the total mortgage debt would exceed two-thirds of the cost, less depreciation, or appraised value, whichever is lower, of its mortgageable property; and then only if net earnings (after provision for depreciation reserves) available for interest, for 12 consecutive months, have been at least twice annual interest requirements on total funded debt to be outstanding on the creation of such mortgage. Special provision will permit, in the event of mortgaging of the Company's Shinano River Development prior to its completion, the inclusion in such net earnings of the estimated net earnings of the Development for the first year of full operation, provided contracts for sale of its output have theretofore been made.
Tax Provisions—Free from any Japanese taxes when held by others than residents of Japan. Company does not pay U. S. Normal Income Tax.
Legal Opinion—Root, Clark, Buckner, Howland & Ballantine, New York, and McIvor, Kauffman, Smith & Yamanoto, Tokyo and New York.
Original Offering—First publicly offered ($7,650,000) in Dec., 1927 at 93¼ and interest to yield 7.07% by Dillon, Read & Co., New York, etc.
Listed—Boston Stock Exchange and New York Curb Market.
Price Range—1927: High, 97½; low, 93¼.

Provisions of Issue—Authorized amount of mortgage unlimited. Issued and outstanding, $2,902,500 ($2,332,500 5½% Series of 1949 and $570,000 5% Series of 1955).

The issue of $3,500,000 Bangor Hydro-Electric Company First and Refunding Mortgage Bonds, Series of 1949, has been created for the sole purpose of acquiring through exchange, an equal amount in the aggregate of Bangor Power Co. 1st 5s, 1931, Bar Harbor & Union River Power Co. 1st 5s, 1935, and Bangor Railway & Electric Co. 1st Cons. 5s, 1935, and all the bonds so acquired will be deposited as collateral security under the Bangor Hydro-Electric Co. 1st Lien & Refunding Mortgage.

Additional bonds can be issued for the purpose of retiring, refunding or acquiring existing bonds of the Company, and also in amounts not in excess of 75% of the cost or fair valuation of additional property purchased or acquired (and when this mortgage shall have become a first mortgage on substantially the entire property, then not in excess of 80%) when aggregate net earnings for twelve months within the fifteen preceding months are equal to at least one and three-quarters times the annual interest charges on all bonds outstanding and to be issued. The mortgage provides for a maintenance and depreciation fund of at least 12½% of the gross earnings, and this amount may be readjusted at the end of each five year period to meet the then existing conditions.

Callability—Series 1949, 5½% bonds are non-callable to March 1, 1935. Subject to call thereafter in whole or in part at 105 to Sept. 1, 1942, and thereafter at 102½ to maturity.

Series of 1955, 5% bonds are subject to call at 106 until Sept. 1, 1935; thereafter at 105 to Sept. 1, 1940; thereafter at 104 to Sept. 1, 1945; thereafter at 103 to Sept. 1, 1950 and thereafter at 102 to maturity.

Convertibility—Series 1949, 5½% bonds are convertible at option of the holder on or before March 1, 1935, into Bangor Hydro-Electric Co. Common stock at the rate of $110 principal amount of bonds for each $100 par value of said stock.

Series of 1955, 5% bonds are not convertible.

Exchange Offer—Bar Harbor & Union River Power 1st 5s and Bangor Railway & Electric 1st Cons. 5s will be exchanged for an equal par value of Bangor Hydro-Electric First Lien & Refunding Convertible 5½s, due 1949. On account of the earlier maturity holders of Bangor Power 1st 5s, due 1931, who exchange, will receive an equal par value Hydro-Electric First Lien & Refunding Convertible 5½s, due 1949 and $20 in cash, on each $1,000 bond exchanged.

Bangor Power bonds and Bar Harbor & Union River bonds presented and accepted for exchange before May 1, 1925, received bonds of the Bangor Hydro-Electric 5½% issue bearing the Sept., 1925, coupon without any interest adjustment. On all exchanges of Bangor Railway & Electric 5% bonds, and on exchanges of Bangor Power and Bar Harbor & Union River Power bonds made after May 1, 1925, there will be an adjustment of accrued interest.

Security—The Bangor Hydro-Electric Company 1st Lien and Refunding Mortgage bonds will be secured by direct mortgage on the entire property, now owned or hereafter acquired, sharing in the first liens of the Bangor Power 1st 5s, Bar Harbor & Union River Power 1st 5s, and Bangor Railway & Electric 1st Cons. 5s to the extent that such bonds are exchanged. These bonds will be secured by a direct first mortgage on the present properties after September 1, 1935.

All the Bangor Power, Bar Harbor & Union River Power and Bangor Railway & Electric bonds received in exchange for Bangor Hydro-Electric bonds will be deposited as collateral security under the Bangor Hydro-Electric First Lien & Refunding Mortgage. The security of the Bangor Power, Bar Harbor & Union River Power Co. First & Refunding 5s, and 5% bonds which remain outstanding will be in no way increased or reduced by the exchange of part of these issues for bonds of the Bangor Hydro-Electric new mortgage.

To Dec 31, 1927, $700,000 Bangor Railway & Electric Co. First Consolidated 5s, $1,675,000 Bar Harbor & Union River Power Co. First & Refunding 5s, and $561,000 Series "A" and $494,000 Series "B" Bangor Power Co. First Mortgage bonds had been deposited under this mortgage.

Upon completion of exchanges contemplated under this plan the Bangor Hydro-Electric Company First Lien and Refunding Mortgage bonds will have the same security now possessed by the Bangor Power, Bar Harbor & Union River Power, and Bangor Railway & Electric bonds which are to be exchanged. The mortgage now covers the entire property with its strongest security through its lien on the principal water powers.

Tax Provisions—Company pays Normal Federal Income Tax up to 2%.

Legal for Savings Banks in Maine.

In addition controls the Cincinnati Gas Transportation Company and leases the properties of Cincinnati, Newport & Covington Light & Traction Co., including the Union Light, Heat & Power Company and Cincinnati, Newport & Covington Railway Company.

Acquisitions During 1927—The following properties were acquired during the year 1927: Cumberland & Allegheny Gas Company, Cumberland & Allegheny Gas Appliance Co., Edgewater Gas & Light Company, The Muskingum Gas Producing Corporation, Ohio Valley Public Utilities Company, National Oil and Gas Company, Ohio Company, The Mauntler Brothers & Company, Oak Harbor Natural Gas Company, Batavia Light and Power Company, Sunday Creek Coal Company, Hope Construction & Refining Company. Of the companies mentioned above, The Muskingum Gas Producing Corporation, National Oil and Gas Company, Ohio Company and Batavia Light and Power Company were dissolved during 1927 and the properties sold to other subsidiaries of the Columbia Gas & Electric Corporation.

In addition to the acquisitions actually consummated in 1927, two other transactions were arranged for. Pursuant to an offer of one share of cumulative 6% Pfd. stock of Columbia Gas & Electric Corporation in exchange for each 2¼ shares of Common stock of Central Kentucky Natural Gas Company, more than 96% of the latter was deposited on Dec. 31, 1927, for such exchange, but as the actual issuance of Columbia Gas & Electric Corp. Pfd. stock in payment thereof was not accomplished until after the close of the year, this transaction is not reflected in the Balance Sheet or statistics contained below.

In addition an agreement was made to acquire the gas producing, transmission and distribution properties of the Cities Service Company interests in the State of Ohio, including the distribution system supplying manufactured gas in part of Toledo and distribution of natural gas in Sandusky, Mansfield, Alliance and other cities and towns in the north central part of the State. This acquisition has been approved by the Public Utilities Commission of Ohio.

Business—The operations of these Companies are both wholesale and retail, and embrace the production, transmission and distribution of natural gas and electricity; the production and wholesaling of oil and natural gasoline; and the operation of a street railway system.

The operating subsidiaries have been grouped into five major operating divisions with headquarters in Cincinnati, Dayton and Columbus, Ohio; Charleston, W. Va., and Pittsburgh, Pa. In each of these Districts there is a complete operating organization headed by a responsible chief operating official resident therein.

A brief description of the operating properties constituting the five operating groups is as follows:

CHARLESTON GROUP

United Fuel Gas Company is the principal gas company in the Charleston Group, producing and transporting natural gas and distributing it at retail in Huntington, Charleston and 63 other cities and towns in West Virginia and Ohio, and selling natural gas at wholesale to companies serving important sections of Pennsylvania, Ohio and Kentucky. Cumberland & Allegheny Gas Company produces natural gas in West Virginia, transports and distributes it in Cumberland and other towns in western Maryland and many cities and towns in eastern West Virginia. Central Kentucky Natural Gas Company produces, transports and distributes natural gas, serving Lexington, Winchester, Mt. Sterling and other communities in central Kentucky, and sells at wholesale to the company supplying Frankfort.

Virginian Gasoline & Oil Company produces oil in West Virginia and operates 13 gasoline extraction plants in West Virginia and Kentucky.

Other operating companies in this group which both produce and distribute natural gas are Warfield Natural Gas Company operating in the eastern part of Kentucky, Charleston-Dunbar Natural Gas Company, Huntington Development & Gas Company serving Huntington and adjacent towns in West Virginia. Ohio Fuel Oil Company and Cabin Creek Gas Company both produce natural gas, gasoline and oil. Big Marsh Oil Company and Maytown Natural Gas Company hold valuable leasehold rights in West Virginia and Kentucky, respectively.

Huntington Gas Company operating by lease the properties of The Cincinnati Gas Transportation Company, transports and sells natural gas at wholesale to the companies in the Cincinnati group. Point Pleasant Natural Gas Company and Bracken County Gas Company own and operate small local distribution plants in Point Pleasant, W. Va., and Foster, Ky., respectively. Cumberland & Allegheny Gas Appliance Company retails gas appliances in the territory tributary to Cumberland, Md.

The Charleston Group (not including Central Kentucky Natural Gas Company acquired as of Jan. 1, 1928) as a whole controls gas rights in 1,735,888 acres, oil rights in 1,521,377

acres, operates 1,959 producing gas wells, 1,235 oil wells, 23 gasoline extraction plants, and serves 92,664 gas customers in a territory extending from Cumberland, Md., through central and southern West Virginia into eastern Kentucky, and also sells large volumes of natural gas at wholesale. Wood Coal Company in which Columbia System has a 50% stock interest but which is operated independently, produces a high grade of steam coal available by contract to the electric generating and gas manufacturing plants of Columbia System.

CINCINNATI GROUP

Operations of the Cincinnati Group cover the southwestern portion of Ohio and adjacent communities in Kentucky, producing and distributing electricity, purchasing and distributing natural gas, and manufacturing gas for mixture with natural gas in part of the territory served. The principal communities supplied are: Cincinnati, Hamilton, Middletown, and about 150 other communities in Ohio, and Covington and Newport and about 25 other communities in Kentucky, with a total of 198,956 electric and 194,017 gas customers.

The Union Gas & Electric Company is the principal company in this group, operating by virtue of lease all the properties of The Cincinnati Gas & Electric Company, including electric generating stations, gas manufacturing plants and complete gas and electric distribution systems in Cincinnati, and also operating its own gas and electric distribution systems in neighboring communities.

The Union Light, Heat & Power Company, doing a gas and electric business in Covington and Newport, Kentucky and The Cincinnati, Newport & Covington Railway Company, operating the street railway in those communities and connecting them with Cincinnati, are owned by the Cincinnati, Newport & Covington Light & Traction Company and by the latter leased to Columbia System.

Other electric companies in the group are Columbia Power Company which recently constructed and is operating Columbia Power Station, one of the most efficient electric generating stations in the country, The Southwestern Ohio Power Company supplying electricity in the territory just east of Cincinnati, The Harrison Electric & Water Company, The Loveland Light & Water Company and The Hamilton Service Company operating respectively in Harrison, Loveland and Hamilton, Ohio, and adjacent communities. Columbia Gas Supply Company distributes natural gas at wholesale and retail in the Miami Rivery Valley. Columbia Industrial Company is developing approximately 1,400 acres of land adjacent to Columbia Power Station.

COLUMBUS GROUP

The Ohio Fuel Gas Company and The Logan Gas Company are the principal natural gas producing companies in this group, and with extensive transportation and distribution systems supply gas at retail in Newark, Zanesville, Marion, Lorain, Mt. Vernon, Elyria and 221 other cities and towns in Ohio, and at wholesale supply the companies serving Dayton, Columbus, Springfield, Toledo, Sandusky, and Delaware, Ohio, and Muncie, Indiana, and other cities in both states. Other natural gas distributing companies in the group are The Columbus Gas & Fuel Company and The Federal Gas & Fuel Company serving Columbus, The Northwestern Ohio Natural Gas Company serving Toledo and adjacents towns, The Springfield Gas Company serving Springfield, Ohio, and The Ada Natural Gas & Fuel Company supplying Ada, Ohio.

The Preston Oil Company holds valuable nautral gas and oil leaseholds, produces oil in Ohio and operates 8 gasoline extraction plants.

The Columbus Group holds the gas rights in 2,718,365 acres, oil rights in 2,709,146 acres, operates 3,314 producing gas wells, 815 oil wells, 8 gasoline extraction plants, and supplies natural gas to 354,268 customers in a territory largely covering the state of Ohio, except the northeast and southwest portions.

DAYTON GROUP

The principal operating company in the Dayton Group is The Dayton Power & Light Company, producing and distributing electricity in Dayton, Piqua, Washington Court House, and 103 other communities in Ohio, and purchasing and distributing natural gas in Dayton, Washington Court House and smaller communities. The Miami Development Company, a subsidiary, holds certain parcels of real estate.

This group serves 86,149 electric customers and 53,756 gas customers.

PITTSBURGH GROUP

The Manufacturers Light & Heat Company operates the principal properties in this group, producing natural gas in Pennsylvania, Ohio and West Virginia, in which three states it distributes natural gas in Pittsburgh, New Castle and Washington, Steubenville and East Liverpool, Wheeling and Moundsville, and 128 other cities and towns. It also produces oil and gasoline and supplies gas at wholesale to other distributing companies.

The Manufacturers Gas Compnay operating in the northern part of Pennsylvania, Pennsylvania Fuel Supply Company operating in western Pennsylvania, Fayette County Gas Company, and Greensboro Gas Company operating in the counties south and southeast of Pittsburgh, and Natural Gas Company of West Virginia operating in the panhandle of that state and adjacent portions of Ohio and Pennsylvania, all produce and distribute natural gas and hold valuable gas and oil rights. These companies, and Columbia Gas & Electric Corporation itself, also operate gasoline extraction plants.

The Pittsburgh Group holds gas rights in 679,649 acres, oil rights in 617,715 acres, operates 2,998 producing gas wells, 658 producing oil wells, 7 gasoline extraction plants and serves 235,606 gas customers.

CAPITAL STOCK

Authorized, 4,000,000 shares Common stock of no par value, and $100,000,000 (1,000,000 shares) cumulative 6% Pfd., Series "A", par, $100; outstanding, Dec. 31, 1927, 3,372,226 shares Common and $91,254,200 (912,542 shares) Pfd.

Subscription Privilege—Common stockholders of record Jan. 20, 1927, were given the right to subscribe to 375,000 additional shares of Common stock at $60 per share in the ratio of one share for each eight shares then held.

Preferred Stock Provisions—The Pfd. stock may be issued from time to time, either in whole or in part as one or more other series, each series to be distinctively

designated by letter or descriptive words. The Pfd. stock of all series shall be identical in all respects except as to rate of dividends and redemption price. Pfd. stock has preference for assets and dividends over Common stock. Future issues of Pfd. stock (except Series "A" which is limited to 6%) shall be such rate not exceeding 7% as may be determined at the time of issue. The 6% Pfd. stock Series "A" is redeemable on 60 days' notice at $110 per share and accrued dividends. Pfd. stock of any series redeemed or purchased may be re-issued at any time or from time to time as stock of the same or of a different series or may be cancelled. Pfd. stock has no voting rights except that four quarterly dividend installments are in default on any of the Pfd. stock. The amount which shall be paid to the holders of the Pfd. stock upon any reduction of capital stock or dissolution, liquidation or winding up of the Corporation before any distribution to the holders of the Common stock shall as to each series be the redemption price thereof.

Transfer Agents (Both Classes)—Bankers Trust Co., New York, and The Union Trust Co. of Pittsburgh, Pa. Both Common and Pfd. certificates are interchangeable, transferable between New York and Pittsburgh.

Registrars—Guaranty Trust Co. of New York, and The Colonial Trust Co., Pittsburgh, Pa.

Annual Meeting—First Tuesday in April, at Wilmington, Del., or at such other time and place as may be appointed by the directors.

Listed—Both classes listed on New York and Pittsburgh Stock Exchanges.

FUNDED DEBT

$45,000,000 TWENTY-FIVE YEAR 5% GOLD DEBENTURE BONDS; DUE MAY 1, 1952

Dated May 1, 1927.

Interest Payable May and November 1, at Guaranty Trust Co., New York.

Denominations—Coupon, $1,000; principal may be registered, and fully registered bonds in the denominations of $1,000, $5,000 and $50,000; coupon and registered bonds interchangeable.

Provisions of Issue—Authorized, $50,000,000; issued, $45,000,000.

Purpose of Issue—Over 90% of the proceeds of the first $40,000,000 were applied to retirement of several issues of obligations and underlying Pfd. stocks of Columbia system which were called for redemtpion in whole. The principal issues so redeemed are as follows: $2,493,500 Columbia Gas & Electric Co. (W. Va.) 7% Pfd. stock called for redemption May 15, 1927; $18,684,000 Columbia Gas & Electric Co. (W. Va.) Three-Year 5% Gold Notes, due May 1, 1928, called for redemption on June 6, 1927; $8,764,500 United Fuel Gas Co. First Mortgage 6% Bonds, due Jan. 1, 1936, called for redemption on July 1, 1927 and $5,000,000 Columbia Gas & Electric Corp. Short Term Notes. This refunding effected a substantial reduction in the fixed charges of the Columbia system. Proceeds from the sale of the $5,000,000 additional debentures were applied to the retirement of the following issues which were called for redemption on Oct. 1, 1927: $4,804,000 Cincinnati Gas & Electric Co. Prior Lien & Refunding Mortgage 40-Year Sinking Fund Gold bonds, Series "A" 7%, due Jan. 1, 1961, $165,000 Charleston-Dunbar Natural Gas Co. CINCINNATI GAS TRANSPORTATION COMPANY

(Controlled by Columbia Gas & Electric Corporation and leased to Huntington Gas Company)

History and Property—Incorporated June 11, 1908, in W. Virginia, to build pipe lines connecting the natural gas fields in West Virginia and Kentucky owned by the Columbia Gas & Electric Co. with Cincinnati. The company has about 188 miles of main pipe lines, capable of transporting 70,000,000 cubic feet of gas daily. The pipe lines run from the natural gas fields of the Columbia Gas & Electric Corp. in southwestern West Virginia, across the northern portion of Kentucky, connecting with the distributing mains of The Union Light, Heat & Power Co., operating in Covington, Newport, Ky., etc., and with The Union Gas & Electric Co., operating in Cincinnati and surrounding towns. The company owns a large pumping and 6,590 h.p. compressing station at Kenova, W. Va.; pressure and reducing station; telephone lines, etc., located on private right of way. The properties were leased to the Columbia Gas & Electric Co. for 30 years from July 1, 1908, with privilege of renewal, lessee agreeing to pay all operating expenses, maintenance and dividends on Common stock as follows: 3% in 1909; 5% in 1910; 7% in 1911, and 10% thereafter until the termination of the lease, also dividends of 5% on Pfd. stock and of 5% on Common, Class "B" stock. The Huntington Gas Co., a subsidiary of Columbia Gas & Electric Corp. now leases the property of this Company.

CAPITAL STOCK

Authorized and outstanding, $2,000,000 Common, $1,850,000 Class "B" Common and $3,000,000 5% Pfd.; par, $100. CINCINNATI, NEWPORT & COVINGTON LIGHT & TRACTION COMPANY

(Leased to Columbia Gas & Electric Corporation)

History—Incorporated March 11, 1902, under the laws of New Jersey. Owns over 99% of capital stocks of Cincinnati, Newport & Covington Ry. and Union Light, Heat & Power Co. These properties were leased, April 1, 1907, to the Columbia Gas & Electric Co. for 45 years, with privilege of extension for another 45 years, the lessee guaranteeing interest on bonds of subsidiary companies, and dividends on stock of the Cincinnati, Newport & Covington Light & Traction Co. as follows: 4½% on Pfd. stock; 3% on Common stock the first year, increasing ½% each year until 6% is reached, which rate is being maintained (beginning April 1, 1913) for the remaining period of the lease. Lessee also pays $10,000 per annum for organization expenses. The lessee deposited $1,250,000 cash in Cincinnati banks as a guarantee of the performance of the terms of the lease, of which $1,000,000 has been spent for additions, extensions, etc. The balance of $250,000 has been invested in bonds which will remain in the guarantee fund during the period of the lease. The lease was assumed by Columbia Gas & Electric Corp. on April 1, 1927.

Franchise—A new 25-year franchise was granted in 1917 by the City of Cincinnati for the operation of the company's lines in the City of Cincinnati. This franchise provided for the operation of cars into the Dixie Terminal, and cars are now operating into the Dixie Terminal Building.

FUNDED DEBT

(1)

$35,000,000 FIRST MORTGAGE GOLD BONDS, SERIES "A" 4%; DUE APRIL 1, 1968

Dated April 1, 1928.

Interest Payable April & October 1 in New York.

Denominations—Coupon $1,000; principal may be registered, and fully registered bonds in interchangeable denominations of $1,000, $5,000, $25,000 and $100,000. Coupon and fully registered bonds are interchangeable.

Trustee—American Exchange Irving Trust Co., New York.

Provisions of Issue—Authorized amount unlimited; issued, $35,000,000 Series "A" 4s. Mortgage provides that additional bonds, either of Series "A" or of other series having such interest rates, maturity dates and other provisions as may be established by directors, may be issued: (1) To extent of $15,000,000 without restriction; (2) par for par to refund bonds of any series previously issued under Mortgage, and (3) for a principal amount which, together with any prior liens outstanding on property additions, shall not exceed 75% of future property additions directly or indirectly subjected to Mortgage (and par for par to refund any such prior liens), provided, with respect to all bonds proposed to be issued under (3) other than for refunding prior liens, that consolidated net earnings before depreciation shall, for 12 consecutive months out of the preceding 15 have been not less than twice annual interest charges on, or 12% of principal amount of (whichever is less), all prior liens and all bonds outstanding and to be issued.

No bonds shall be issued on basis of property additions subject to prior liens if such prior liens exceed 50% of the cost or fair value of such property additions, or if the aggregate amount of all prior liens then outstanding on all property additions would exceed 20% of the amount of all bonds outstanding and applied for. At intervals of five years the mortgaged property is to be inspected by an engineer appointed by the Trustee and approved by the Company. If the property is found not to be in satisfactory condition for economic operation, and if within the succeeding two years Company does not (a) take the necessary steps to restore the property to satisfactory condition for economic operation, or (b) deposit in cash or bonds an amount equal to the estimated cost of rectifying the deficiencies. Company agrees that it will not thereafter pay any dividends on its Common stock (other than dividends payable in Common stock) until it has complied with the above conditions.

With consent of holders of 80% of outstanding bonds affected, Company may make changes in Mortgage provided such changes do not in any way modify terms of payment of principal or interest of any of bonds issued under Mortgage, or provide for creation of any lien ranking prior to or equal with Mortgage.

Purpose of Issue—The $35,000,000 Series "A" bonds were issued incident to the consolidation and acquisition in consummation of which all previous funded debt of Cincinnati Gas & Electric Company was retired, its Capital stock exchanged share for share for 5% Pfd. stock of the consolidated Company; the Pfd stock of Union Gas & Electric Company retired, and capital funds provided for other corporate purposes.

Callability—Subject to call as a whole or in part on any interest date on 30 days' notice at par and interest.

Security—Secured by a direct first lien on all fixed properties owned by Company. This property is carried on the Company's books at substantially more than 2½ times the principal amount of these bonds.

Tax Provision—Company pays Normal Federal Income tax up to 2%.

Legal Opinion—Davis, Polk, Wardwell, Gardiner & Reed, New York.

Original Offering—First publicly offered ($35,000,000 First Mortgage 4% Gold bonds, Series "A") in April, 1928, at 92½ and interest, to yield 4.40% by Guaranty Co. of New York, J. & W. KENTUCKY ELECTRIC POWER CORPORATION

History and Property—Incorporated Jan. 20, 1926, in Delaware. Plant completed and operations were begun as a public utility Sept. 1, 1927. Furnishes electric light and power to the town of Nortonville and a number of other mining communities in Hopkins County, Kentucky; likewise furnishes power for the principal plant of the Norton Coal Mining Company located at Nortonville, Kentucky and to a number of plants and industries in the adjacent coal field of Western Kentucky. All of the firm power in excess of a reservation of 3,000 k.w. from the present units has been sold under a long term contract to the Kentucky Utilities Company, which distributes the power throughout Western Kentucky.

The Corporation owns an integrated group of properties, including a mine-mouth power plant, extensive coal deposits and water reserves. A new unit containing a 6,250 kva. Westinghouse turbine, with provision for extension to 62,500 kva., has been recently added to the power station at Nortonville, giving a total generating capacity of 9,350 kva. The plant is

situated at the mouth of the principal mine of the Norton Coal Mining Company, which under a thirty-year contract agrees to deliver coal directly to the power plant conveyors, eliminating rail transportation and handling charges, thereby insuring a very low fuel cost. Fuel requirements are further protected by the Corporation's direct ownership of large coal reserves.

UNITED PUBLIC SERVICE COMPANY

History and Properties—Incorporated Feb. 23, 1927, in New Jersey. Owns all of the Common capital stocks (except directors' qualifying shares) of United Public Utilities Company, Southern United Ice Company, Southern United Gas Company, United Merchandising Company, and United Securities Company, and owns controlling interest in Kentucky Power Company, Inc.

These subsidiaries furnish (either directly or through operating companies, at least 95% of whose outstanding capital stocks are owned) the following service:

Electric light and power: Retail in 34, and wholesale in 14 centralized communities in the territory lying between Dayton, Ohio, and Winchester, Indiana; retail in a group of 73 centralized communities in North and South Dakota; and retail in 42 towns in northern and eastern Kentucky along the Ohio River. 31,680 retail consumers are served in 149 communities.

Gas service is furnished in 19 communities in the same territory in Indiana and Ohio; in Maysville, Kentucky; and in Fort Smith and Van Buren, Arkansas. 11,551 consumers are served, not including approximately 10,000 domestic consumers of the Fort Smith Light and Traction Company, an unaffiliated company, which obtains practically its entire supply of gas under a long term contract from a subsidiary of Southern United Gas Company.

The total combined population of the territory supplied with electric light and power and gas service is estimated to be in excess of 275,000.

Ice is supplied in 30 communities located principally in Tennessee, Mississippi, Louisiana and Alabama.

The properties of the operating companies include

electric power stations, having a combined generating capacity of 27,438 h.p.; 47 ice manufacturing plants (complete with ice storage houses), and 19 storage and distributing substations, having a daily ice making capacity of 3,256 tons, and a total ice storage capacity in excess of 52,000 tons; a gas plant of 395,000 cu. ft. daily capacity, supplemented by natural gas; 85 wells producing natural gas; leases covering approximately 9,000 acres of proven gas lands, together with a similar amount of undeveloped acreage; 160 miles of gas transmission lines; and 1,195 miles of electric transmission lines.

CAPITAL STOCK

Authorized, 500,000 shares of no par value Common, and 100,000 shares of no par value Preferred; outstanding, 300,000 shares of Common, 38,000 shares of $7 cumulative Pfd., and 983 shares of $6 cumulative Pfd.

In addition, 42,500 shares of Common stock are issuable on account of outstanding stock purchase warrants.

Preferred Stock Provisions—The Board of Directors is empowered to cause Preferred stock to be issued in series with variations as to the rates of dividends payable thereon (not less than 5% or more than 8% on liquidation value) said dividends to be cumulative, and as to the terms on which the same may be redeemed (at not less than 100 or more than 110% of the liquidation value of such shares plus accrued dividends), and as to the amount that shall be paid to the holders thereof in case of dissolution or any distribution of assets, and as to the terms or amount of sinking fund provided for purchase or redemption thereof, but each share of said Preferred stock shall in all respects be equal to and on a parity with every other share of Preferred stock of the same series.

No class of stock (additional to the 100,000 shares of the Pfd. stock initially authorized) senior to or on an equality with the present authorized Pfd. stock may be created or authorized without the affirmative vote or written consent of the holders of three-fourths in amount of the Pfd. stock of the Corporation at the time outstanding. Other than as above provided the Pfd. stockholders are not entitled to vote at stockholders' meetings except in case Corporation shall be in arrears in payment of fixed dividends upon all of its Pfd. stock then outstanding in an amount equal to the aggregate of the fixed dividends for a full year, in which case Pfd. stockholders are entitled to vote in respect of the election of directors of the Corporation, until all arrearages on the Pfd. shall have been made up.

The Board of Directors has created a $7 Series and a $6 Series of Pfd. stock, both series having a redemption price of $105, and a liquidation value of $100 per share. No shares of either series in addition to the shares initially provided for, may be issued unless the consolidated net earnings of the Company and its subsidiaries (or their predecessor properties) for twelve consecutive months out of the preceding fifteen months, after interest charges on all funded debt, shall equal 2½ times the annual preferred dividends on all Pfd. stock then outstanding and proposed to be issued.

Transfer Agents—Central Trust Co. of Illinois, Chicago, and Bankers Trust Co., New York, for the Common and the $7 Pfd. Central Trust Co. of Illinois for the $6 Pfd.

Registrars—National Bank of the Republic, Chicago, and The Seaboard National Bank of the City of New York, New York, for the Common and $7 Pfd. National Bank of the Republic for the $6 Pfd.

Annual Meeting—First Tuesday in April at Jersey City, N. J., or Chicago, Ill.

Legal Opinion—Pam & Hurd, Chicago.

Original Offering—12,000 shares $7 Pfd. stock offered in May, 1927, at $100 per share and accrued dividends (each two shares of Pfd. carrying one share of Common stock), by Thompson Ross & Co., Chicago. 5,000 shares $7 Pfd. stock were offered in July, 1927, by Thompson Ross & Co., and 10,000 shares in Nov., 1927 by Thompson, Ross & Co., Chicago, and Hale, Waters & Co., Boston, at the same price.

In April, 1928, Thompson Ross & Co. and Hale, Waters & Co. offered 6,000 shares of $7 Pfd. (each two Pfd. shares carrying one share of Common) at $101 per share and accrued dividends, to yield 6.93%.

Dividends—Quarterly dividends of $1.75 per share on the $7 Pfd. were paid July 1 and Oct. 1, 1927, and Jan. 1 and April 1, 1928. Quarterly dividends of $1.50 per share on the $6 Pfd. were paid on Oct. 1, 1927, and Jan. 1 and April 1, 1928. Payments, J, A, J & O 1.

FUNDED DEBT

(1)

$5,120,000 UNITED PUBLIC SERVICE COMPANY FIFTEEN-YEAR COLLATERAL TRUST 6% GOLD BONDS, SERIES "A"; DUE APRIL 1, 1942

Dated April 1, 1927.

Interest Payable April and October 1, at The Chase National Bank, New York, or Central Trust Co. of Illinois, Chicago.

Denominations—Coupon bonds in interchangeable denominations of $500 and $1,000 (and in denomination of $100 at option of the Company); principal may be registered.

Trustee—Central Trust Company of Illinois, Chicago.

Provisions of Issue—Issued, $5,120,000 Series "A" 6s. Additional bonds, issuable in one or more series, may be issued for not exceeding 80% of the cost of additional securities of subsidiaries to be pledged with the Trustee, provided earnings applicable to interest on the bonds issued under the Indenture, on the basis of a consolidated statement, for a period of 12 months out of the next preceding 15 months, shall have been at least three times the annual interest charges on all bonds then outstanding and proposed to be issued and on prior liens, if any, upon the pledged securities; all as defined and stated in the Indenture. The Indenture also provides that the amount of any prior liens upon securities of subsidiaries pledged with the Trustee, as above stated, shall be included in such cost and out of the additional bonds issuable against such pledged securities on the basis of such cost, there shall be reserved an amount equal to the principal amount of such prior liens, to be issued as the amount of such prior liens is reduced.

Purpose of Issue—The original $2,000,000 Series "A" bonds, together with $1,550,000 Two-Year 6% Notes, 17,000 shares $7 cumulative Pfd. stock of no par value and 300,000 shares Common stock of no par value were issued in exchange for the capital stocks of the subsidiaries acquired by Company and pledged with the Trustee under the Indenture, and for working capital. Subsequent amounts were issued in connection with the acquisition by the Company of additional subsidiary securities.

Callability—Subject to call as a whole, or in part by lot, on any interest date on 30 days' notice at 105 and interest on or before April 1, 1932, this premium of 5% decreasing ½ of 1% of the principal on each Oct. 1, thereafter.

Security—These bonds are the direct obligation of Company, specifically secured by deposit and pledge with the Trustee under the Indenture of all of the capital stocks (except directors' qualifying shares and a minority interest of approximately 25% in the case of the Kentucky Power Company, Inc.) of the following subsidiaries: United Public Utilities Co., Southern United Ice Co., Southern United Gas Co., and Kentucky Power Co., Inc.

Tax Provisions—Company pays Normal Federal Income Tax up to 2%, and agrees to refund to holders of these bonds, upon proper and timely application, Connecticut, Pennsylvania and California Personal Property taxes not exceeding 4 mills per annum each, Maryland Securities Tax not exceeding 4½ mills per

annum, District of Columbia, Michigan and Kentucky Personal Property taxes not exceeding 5 mills per annum each, and Massachusetts Income Tax not exceeding 6% per annum on the interest.

Legal Opinion—Pam & Hurd, Chicago.

Original Offering—First publicly offered ($2,000,000) in May, 1927, at 97½ and interest, to yield over 6.25%, by Thompson Ross & Co., Chicago, and Hambleton & Co., New York. Subsequent offerings by same bankers were: $400,000 in Aug. 1927, at same price; $2,400,000 in Jan., 1928, at 98 and interest, to yield over 6.20%.

Listed—Chicago Stock Exchange.

Price Range—1927: High, 99½; low, 97.

(2)

Interconnection of all of the above communities in North and South Dakota will be effected presently upon completion of two short transmission lines connecting the Northern Power & Light Company and Hughes Electric Company systems.

Heating service is furnished to 313 customers in Mobridge, South Dakota, and Ellendale, Bismarck, Mandan and Dickinson, North Dakota.

CAPITAL STOCK

Authorized, 250,000 shares of no par Common, and 500,000 shares of no par Pfd.; outstanding, 180,300 shares of Common and 35,000 shares of $6 Pfd. All the Common shares (except directors' qualifying shares) owned by United Public Service Co.

Preferred Stock Provisions—The Board of Directors is empowered to cause Pfd. stock to be issued in series with variations as to the rates of dividends payable thereon (not less than 5% or more than 8% on liquidation value) said dividends to be cumulative, and as to the terms on which the same may be redeemed (at not less than 100 or more than 110 per centum of the liquidation value of such shares plus accrued dividends), and as to the amount that shall be paid to the holders thereof in case of dissolution or any distribution of assets, and as to the terms or amount of sinking fund provided for purchase or redemption thereof, but each share of said Pfd. stock shall in all respects be equal to and on a parity with every other share of Pfd. stock of the same series. The $6 Dividend Series Pfd. stock is entitled to $100 and accrued dividends per share in the event of dissolution or liquidation; redeemable at 105 and accrued dividends on any quarterly dividend date upon 30 days' notice. Preferred as to dividends and assets over the Common stock.

No class of stock (additional to the 500,000 shares of Pfd. stock initially authorized) senior to or on an equality with the present authorized Pfd. stock may be created or authorized without the affirmative vote or written consent of the holders of two-thirds in amount of the Pfd. stock of the Corporation at the time outstanding. Other than as above provided, the preferred stockholders are entitled to vote at stockholders' meetings only in case the corporation shall be in arrears in payment of fixed dividends for a full year, in which case preferred stockholders are entitled to vote in respect of the election of directors of the

Corporation until all arrearage in dividends upon the Pfd. stock shall have been made up.

The Company's amended Certificate of Incorporation provides that none of its Pfd. stock, of all series in the aggregate, may be issued in addition to the 35,000 shares of such Pfd. stock initially provided for unless the Company's earnings applicable to interest and dividends (as defined in the amended Certificate of Incorporation), on the basis of a consolidated statement, for twelve consecutive calendar months ending not more than three months prior to the date of the adoption of the resolution of the Board of Directors authorizing the issuance of such additional stock, shall exceed—by an amount at least equal to 2½ times the fixed dividends payable in one year on all of the Pfd. stock outstanding and then proposed to be issued—the annual interest charge on all funded debt of the Company and its subsidiaries outstanding or concurrently to be outstanding at the date of the issuance of said stock, including (as specified in the amended Certificate of Incorporation) unfunded indebtedness, if any, incurred in connection with the acquisition of capital assets; provided that, a limited number of shares may be issued from time to time for sale on the customer-ownership plan, subject to the earnings limitation applicable to such shares in said amended certificate contained. Said amended Certificate of Incorporation contains provisions designed to prevent (as long as any shares of the Pfd. stock, $6 Dividend Series, are outstanding) public financing by subsidiaries of United Public Utilities Company.

FUNDED DEBT

(1)

$6,785,000 FIRST LIEN 6% GOLD BONDS, SERIES "A"; DUE APRIL 1, 1947

Dated April 1, 1927.

Interest Payable April and October 1, at The Chase National Bank of the City of New York, or at Central Trust Co. of Illinois, Chicago.

Denominations—Coupon, $500 and $1,000 (and in denominations of $100 at option of the Company); interchangeable; principal may be registered.

Trustee—Central Trust Co. of Illinois, Chicago.

Provisions of Issue—Authorized amount, not limited; issued, Series "A", $6,785,000. Additional bonds issuable in one or more series, may be issued against the deposit of cash or for not exceeding 75% of the cash cost or fair value (whichever is lower) of acquiring new subsidiaries or of additions, improvements, betterments, extensions and additional properties acquired by subsidiaries provided that earnings applicable to bond interest for a period of twelve consecutive months out of the next preceding fifteen months shall have been at least 1¾ times the annual interest charges on all bonds then outstanding and proposed to be issued. Bonds may also be issued par for par for refunding purposes; all as stated in the Indenture.

Purpose of Issue—The original $5,550,000 of these bonds, together with the $1,850,000 Two-Year Notes and 175,000 shares of Common stock were issued in exchange for the bonds, notes and capital stock of the original operating subsidiaries acquired by the Company. Subsequent issues were used to reimburse the Company for property extensions, improvements and additions, and to provide in part funds for acquisition of new subsidiaries.

Callability—Subject to call as a whole, or in part by lot, on any interest date on 30 days' notice at 105 and interest on or before April 1, 1932, this premium of 5% decreasing ¼ of 1% of the principal on Oct. 1, 1932 and on each Oct. 1 thereafter.

Maintenance and Renewal Fund—Indenture provides that each calendar year, the Company shall expend or cause to be expended by its subsidiaries an amount not less than 12½% of the consolidated gross earnings for the preceding calendar year for (a) repairs, renewals and replacements; (b) extensions or acquisitions in respect of which the Company would otherwise be entitled to issue additional bonds; or (c) the redemption or purchase of bonds outstanding under the Indenture.

Security—Secured by a first lien on all outstanding bonds, indebtedness (except current indebtedness not in excess of current assets) and at least 95% of the capital stock of all classes of each subsidiary, as defined; the securities representing such outstanding bonds, indebtedness and capital stock to be deposited and pledged with the Trustee under the Indenture. The Indenture provides that these requirements in respect of each subsidiary must at all times be maintained. The Company may, however, in lieu of depositing any outstanding indebtedness of a subsidiary deposit cash sufficient to retire same. Unless 100% of the stock is pledged, the Indenture provides for an adequate deposit in cash against the non-pledged stock which cannot exceed 5% of the whole.

Tax Provisions—Company pays Normal Federal Income Tax up to 2%. Connecticut, Pennsylvania and California Personal Property Taxes not exceeding 4 mills per annum each, Maryland Securities Tax not exceeding 4½ mills per annum, District of Columbia, Michigan and Kentucky Personal Property taxes not exceeding 5 mills per annum each, and Massachusetts Income Tax not exceeding 6% per annum on the interest refunded upon proper and timely application.

Legal Opinion—Pam & Hurd, Chicago.

Original Offering—First publicly offered ($5,550,000) in April, 1927, at 100 and interest to yield 6% by Thompson Ross & Co., Chicago, and Hambleton & Co., New York. $1,235,000 additional offered in Dec., 1927 at same price and by same bankers.

Listed—Chicago Stock Exchange.

SOUTHERN UNITED ICE COMPANY

(Controlled by United Public Service Company)

History and Property—Incorporated April 19, 1927, in New Jersey. The Company owns ice manufacturing plants and storage facilities in Memphis, Tenn.; Houston, Texas; Shelbyville, Ill., and Hammond, La., and the following cities in Mississippi: Jackson, McComb, Clarksdale, Tutwiler, Greenwood Moorehead, Belzoni, Yazoo City, Durant, Canton, Crystal Springs, Meridian and Newton. The aggregate population of these communities is in excess of 525,000.

The properties of the Company consist of 26 ice manufacturing plants (complete with season ice storage houses) and 19 storage and distributing substations. The daily ice-making capacity is 2,010 tons, and the total ice storage capacity is in excess of 48,000 tons. The Company also owns a 59,000 cu. ft. capacity cold storage plant at Hammond, La. The ice sales for 1927 were 268,500 tons, and for 1926, 225,100 tons. The railway car icing facilities at McComb, Jackson and Crystal Springs give the Company practically all of the car icing business arising on the main line of the Illinois Central RR. between Memphis and New Orleans.

The Memphis group is composed of six manufacturing plants, having a daily ice-making capacity in excess of 800 tons, complete with season ice storage houses of approximately 19,000 tons capacity. The Company is the predominating factor in the ice business in Memphis, manufacturing and distributing, through an efficient delivery service (**Bluff City Delivery Company**, owned by Southern United Ice Company), substantially more than half the ice used in that city.

CAPITAL STOCK

Authorized, 50,000 shares of no par Common; issued, 45,000 shares. All of the capital stock (except directors' qualifying shares), is owned by United Public Service Company.

Annual Meeting—First Tuesday in April at Jersey City, N. J., or Chicago, Ill.

FUNDED DEBT

(1)

$2,000,000 FIRST MORTGAGE 6% SINKING FUND GOLD BONDS, SERIES A; DUE APRIL 1, 1947 (WITH STOCK PURCHASE WARRANTS FOR UNITED PUBLIC SERVICE CO. COMMON STOCK)

Dated April 1, 1927.

Interest Payable April and October 1, at Central Trust Co. of Illinois, Chicago, Ill., or The Chase National Bank of the City of New York.

Denominations—Coupon, $500 and $1,000, interchangeable, and in denominations of $100 at the option of the Company; principal may be registered.

Trustees—Central Trust Company of Illinois, Chicago, Ill., and Aksel K. Bodholdt.

Provisions of Issue—Issued, $2,000,000. Additional bonds, issuable in one or more series, may from time to time be issued against the deposit of cash or for not exceeding 70% of the cost or fair value (whichever is lower) of additional property and of permanent extensions, enlargements, improvements and additions made or acquired by the Company, provided that earnings applicable to bond interest for a period of twelve consecutive months out of the next preceding fifteen months shall have been at least two and one-half times the annual interest charges on all bonds then outstanding and proposed to be issued.

Purpose of Issue—Bonds together with Common stock were issued in exchange for the properties now owned and subject to the lien of the mortgage.

Stock Purchase Warrants—Each bond carries a non-detachable warrant entitling the holder thereof to purchase, on or before April 1, 1932, at $15 per share, Common stock (without par value) of United Public Service Co., in the ratio of ten shares of Common stock for each $1,000 principal amount of bonds. Warrants attached to bonds called for redemption prior to April 1, 1932, may be exercised at any time on or before, but not after, the date fixed for redemption.

Callability—Subject to call as a whole, or in part by lot, on any interest date on 30 days' notice, at 105 and accrued interest on or before April 1, 1932, this premium of 5% decreasing ¼ of 1% of the principal on each Oct. 1 thereafter.

Sinking Fund—Indenture provides for an annual sinking fund (payable in cash and/or in bonds at current redemption price) calculated to be sufficient to retire 40% of the Series "A" bonds prior to maturity; cash payments to the sinking fund to be applied to the redemption of bonds. Bonds so retired will be cancelled.

Security—Secured by a direct first mortgage on all fixed property and equipment now owned by the Company.

Tax Provisions—Company pays Normal Federal Income Tax up to 2%, and will refund, upon proper and timely application, Connecticut, Pennsylvania and California 4 mills tax, Maryland 4½ mills tax, District of Columbia, Michigan and Kentucky 5 mills tax, and Massachusetts 6% income tax.

Legal Opinion—Pam & Hurd, Chicago.

Original Offering—First publicly offered ($2,000,000) in July, 1927, at 97½ and interest, yielding over 6.20%, by Thompson Ross & Co., Chicago, Ill., and Hambleton & Co., New York.

Listed—Chicago Stock Exchange.

(2)

$1,000,000 FIRST MORTGAGE 6½% SINKING FUND GOLD BONDS, SERIES "B"; DUE MARCH 1, 1938

Provisions are same as Series "A" bonds, except as follows:

Dated March 1, 1928.

Interest 6½%, payable March 1 and September 1.

Callability—Subject to call at the option of the Company, as a whole, or in part by lot, on any interest date on 30 days' notice, at 102½ and accrued interest on or before March 1, 1932, this premium decreasing ½ of 1% each September 1 thereafter until redemption price equals par.

Purpose of Issue—Proceeds from sale of these bonds were used to reimburse the Company for capital expenditures in connection with acquisition of new properties, and for additions and improvements already made.

Sinking Fund—On the first day of September in each year, beginning Sept. 1, 1929, the Company will pay to the Trustee as and for a sinking fund for the retirement of Series "B" Bonds, through purchase and/or redemption, an amount in cash equivalent to 2% of the amount of Series "B" Bonds outstanding on such Sept. 1, but the Company may deliver Series "B" Bonds in lieu of cash and have credit at the then current redemption price. Series "B" Bonds may be purchased with sinking fund moneys at not to exceed the then redemption price. Bonds so retired will be cancelled.

Stock Purchase Warrants—Do not carry Stock Purchase Warrants.

Original Offering—First publicly offered ($1,000,000) in March, 1928, at 100 and interest, yielding 6.50%, by Thompson Ross & Co., Chicago, and Hambleton & Co., New York.

SOUTHERN UNITED GAS COMPANY

(Controlled by United Public Service Company)

History and Property—Incorporated Feb. 23, 1927, in New Jersey. Owns over 99% of the capital stock of Industrial Oil & Gas Company and all the capital stock (except directors' qualifying shares) of Twin City Pipe Line Company, both Arkansas Corporations. These two companies operating as a unit furnish natural gas to industrial consumers in Fort Smith and Van Buren, Ark., and furnish practically all of the gas distributed by the Fort Smith Light & Traction Company which supplies domestic consumers in Fort Smith and Van Buren. During the year 1927, 56.3% was sold to industrial users, 37.8% to Fort Smith Light & Traction Company for domestic use, and 5.9% direct to domestic consumers. The properties of the subsidiaries comprise 72 miles of transmission lines, 85 producing wells, about 9,000 proven acres of gas leaseholds, and approximately 9,000 undeveloped acres of leaseholds, located about ten miles northeast of Fort Smith.

CAPITAL STOCK

Outstanding, 100,000 shares Common stock without par value. All owned by United Public Service Co.

Annual Meeting—First Tuesday in April at Jersey City, N. J. or Chicago, Ill.

FUNDED DEBT

(1)

$2,250,000 FIRST LIEN 6% SINKING FUND GOLD BONDS, SERIES "A," DUE APRIL 1, 1937 WITH STOCK PURCHASE WARRANTS FOR UNITED PUBLIC SERVICE CO. COMMON STOCK

Dated April 1, 1927.

Interest Payable April and October 1, at Central Trust Co. of Illinois, Chicago, or at The Chase National Bank of the City of New York.

Denominations—Coupon bonds in interchangeable denominations of $500 and $1,000 and in denomination of $100 at the option of the company; principal may be registered.

Trustee—Central Trust Co. of Illinois, Chicago.

Provisions of Issue—Issued, $2,250,000 Series "A" 6s. Additional bonds, issuable in one or more series, may be issued against the deposit of cash or for not exceeding 66 2-3% of the cost or fair value (whichever is lower) of acquiring new subsidiaries or of additions, improvements, betterments, extensions, and additional properties acquired by subsidiaries, provided that earnings applicable to bond interest for a period of 12 consecutive months out of the next preceding 15 months shall have been at least twice the annual interest charges on all bonds then outstanding and proposed to be issued.

Stock Purchase Warrants—Each bond carries a non-detachable Warrant entitling the holder thereof to purchase, on or before April 1, 1930, at $15 per share, Common stock (without par value) of United Public Service Company, in the ratio of ten shares of Common stock for each $1,000 principal amount of bonds. Warrants attached to bonds called for redemption prior to April 1, 1930, may be exercised at any time on or before, but not after, the date fixed for redemption.

Purpose of Issue—These $2,250,000 bonds together with Company's $750,000 Two-Year notes and 100,000 shares of Common stock were issued in exchange for the capital stocks of the operating subsidiaries acquired by the Company and cash deposited against outstanding stock of such subsidiaries not acquired by the Company.

Callability—Subject to call as a whole, or in part by lot, on any interest date on 30 days' notice at 105 and interest on or before April 1, 1932, this premium of 5% decreasing ½ of 1% of the principal on each October 1 and April 1 thereafter.

Sinking Fund—The Indenture provides for a semi-annual sinking fund (payable in cash and/or in bonds at the current redemption price), calculated to be sufficient to retire 66 2/3% of these bonds prior to maturity; cash payments to the sinking fund to be applied in redemption of bonds. The bonds so retired will be cancelled.

Security—Secured by a direct first lien on all indebtedness (except current indebtedness not in excess of current assets) and on over 99% of the capital stock (except directors' qualifying shares) of Industrial Oil & Gas Company and Twin City Pipe Line Company; the securities representing such indebtedness and stock are deposited and pledged with the Trustee under the Indenture. The bonds are therefore in effect a first charge upon the real properties and leaseholds of the operating subsidiaries, since not less than 99% of the stock of the subsidiaries is deposited and the subsidiaries will have no funded debt or Preferred stock outstanding and the Indenture provides that any securities (representing indebtedness other than current indebtedness not in excess of current assets) subsequently issued by them shall be pledged under the Indenture. The Indenture also provides for an adequate deposit in cash against the non-pledged stock (less than 1%) of Industrial Oil & Gas Company.

Tax Provisions—Company pays Normal Federal Income Tax up to 2% and agrees to refund to holders of these bonds, upon proper and timely application, Connecticut, Pennsylvania and California Personal Property taxes not exceeding 4 mills per annum each, Maryland Securities tax not exceeding 4½ mills per annum, District of Columbia, Michigan and Kentucky Personal Property Taxes not exceeding 5 mills per annum each, and Massachusetts Income Tax not exceeding 6% per annum on the interest.

Legal Opinion—Pam & Hurd, Chicago.

Original Offering—First publicly offered ($2,250,000) in May, 1927, at 98 and interest, yielding over 6.25%, by Thompson Ross & Co., Chicago, and Hambleton & Co., New York.

Listed—Chicago Stock Exchange.

Price Range—1927: High, 99; low, 97¼.

(2)

$750,000 TWO-YEAR 5½% GOLD NOTES (CLOSED ISSUE): DUE APRIL 1, 1929.

Dated April 1, 1927.

Interest Payable April and October 1, at Central Trust Co. of Illinois, Chicago, or at The Chase National Bank of the City of New York.

Denominations—Coupon, $500 and $1,000, interchangeable; principal may be registered.

Trustee—Central Trust Co. of Illinois, Chicago, Ill.

Provisions of Issue—Authorized and issued, $750,000.

Purpose of Issue—These notes, together with the First Lien Bonds and 100,000 shares of Common stock, were issued in exchange for the capital stocks of the operating subsidiaries acquired by the Company and cash deposited against outstanding stock of such subsidiaries not acquired by the Company.

Callability—Subject to call as a whole, or in part by lot, on the first day of any month, on 30 days' notice at 101 and interest.

Sinking Fund—None provided.

Security—Notes are the direct obligation of the Company and are subject only to the First Lien Gold Bonds of the Company. Note Agreement provides that no ad-

ditional secured or unsecured funded debt (other than First Lien Gold Bonds) may be issued unless earnings (as defined in the Agreement) applicable to interest on funded debt, on the basis of a consolidated statement, for twelve consecutive months out of the preceding fifteen months shall be at least one and one-half times the annual interest charges on all funded debt outstanding and to be issued.

Tax Provisions—Company pays Normal Federal Income Tax up to 2%. Company agrees to refund to holders upon proper and timely application, Connecticut, Pennsylvania and California Personal Property taxes not exceeding 4 mills per annum each, Maryland Securities Tax not exceeding 4½ mills per annum, District of Columbia, Michigan and Kentucky Personal Property taxes not exceeding 5 mills per annum each, and Massachusetts Income Tax not exceeding 6% per annum on the interest.

KENTUCKY POWER & LIGHT COMPANY

(Controlled by Kentucky Power Company, Inc.)

History and Property—The Maysville Gas & Electric Company was organized in 1854 under special act of the Kentucky Legislature. On April 12, 1927, this Company and the Beechwood Park Company were consolidated into the Maysville Public Service Corporation. This latter company acquired the assets of the Maysville & Flemingsburg Light & Power Company and the Maysville Ice & Cold Storage Company as of April 12, 1927. The name was changed from Maysville Public Service Corporation to Kentucky Power & Light Company in March, 1928.

The Company furnishes, without competition, electric light and power to approximately 4,850 consumers in 42 communities in Kentucky as follows: Maysville, Augusta, Carrollton, Morehead, Flemingsburg, Brooksville, Germantown, Mt. Olivet, Sardis, Minerva, Dover, Washington, California, Butler, Lenoxburg, Johnsville, Chatham, Powersville, Worthville, Wheatley, New Liberty, Ghent, Sanders, Sparta, Glencoe, Prestonville, Milton, Bedford, Port Royal, Sulphur, English, Turners Station, Campbellsburg, Farmers, Salt Lick, Helena Station, Clearfield, Mays Lick, Foster, Newton, Elizaville and Ewing.

The communities served are in three groups, centralized around Maysville, Carrollton and Morehead. Plans are underway for the interconnection of the transmission systems of the Maysville and Morehead districts, and it is proposed, as soon as practicable, to interconnect the systems of the Maysville and Carrollton districts.

Natural gas purchased from Columbia Gas & Electric Company is supplied to approximately 2,000 consumers in Maysville. Water is furnished in Carrollton, and ice in Maysville, Augusta and Carrollton. The company also supplies, through its subsidiary, the **Maysville Street Railroad and Transfer Company,** street railway service to Maysville.

The population of the communities served is estimated at approximately 27,000, and the territory tributary to these communities is estimated in excess of 130,000 population.

The properties of the company include electric power stations having a combined generating capacity of 4,854 h.p., and 178 miles of electric transmission lines. In 1927 and 1926 these plants generated 7,160,000 k.w.h., and 5,600,000 k.w.h., respectively (both figures partially estimated).

CAPITAL STOCK

Authorized, 20,000 shares of no par Common, 10,000 shares of 7% cumulative Pfd. of $100 each, and 5,000

shares of 6½% cumulative Pfd. of $100 each. Outstanding, 15,000 shares of Common (all but directors' shares are owned by Kentucky Power Company, Inc.), 243 shares of 7% Pfd., and 560 shares of 6½% Pfd.

Annual Meeting—First Monday in January at Maysville, Ky.

Dividends—All dividends accrued on Pfd. stocks up to and including April 1, 1928, have been paid.

FUNDED DEBT

(1)

$900,000 MAYSVILLE PUBLIC SERVICE CORPORATION FIRST MORTGAGE 5½% GOLD BONDS, SERIES "A"; DUE APRIL 1, 1942

Dated April 1, 1927.

Interest Payable April and October 1, at The Northern Trust Co., Chicago, Ill.

Denominations—Coupon bonds in interchangeable denominations of $100, $500 and $1,000; principal may be registered.

Trustees—The Northern Trust Co., Chicago, and A. B. Caswell.

Provisions of Issue—Issued, $900,000 Series "A" 5½s. The mortgage provides that additional bonds may be issued thereunder for refunding purposes and for not in excess of 75% of the actual cost or fair value determined as provided in the mortgage, whichever is lower, of additions, extensions and permanent improvements to the property of the Company, constituting the system as therein defined, made after April 1, 1927, provided, the consolidated earnings as therein defined for the 12 calendar months ended within 90 days immediately prior to the application for the new bonds shall have been equal to at least twice the annual bond interest charge of the Company, including interest on the bonds proposed to be issued.

Purpose of Issue—The proceeds from the sale of these bonds will be used for the retirement of all bonds on the Company's property and in the acquisition of new properties.

Callability—Subject to call as a whole or in part on any interest date on 30 days' notice, at the following prices and accrued interest: On or before Oct. 1, 1937, at 102½, after October 1, 1937, but on or before October 1, 1938 at 102; after October 1, 1938, but on or before Oct. 1, 1939, at 101½; after Oct. 1, 1939, but on or before Oct. 1, 1940, at 101; after Oct. 1, 1940, but on or before Oct. 1, 1941, at 100½, and thereafter at 100.

Maintenance and Renewal Fund—The mortgage provides that while any of these bonds are outstanding the Company will deposit with the Trustee in a special trust fund annually an amount equal to a certain per cent, hereinafter specified, of the gross consolidated earnings of the Company and the subsidiary, less the amount expended during the preceding year on unfunded improvements, maintenance, repairs, renewals, replacements, and the purchase of bonds outstanding hereunder deposited uncancelled with the Trustee to be held with said special trust fund. The moneys in the special trust fund may be used for the purchase or retirement of bonds outstanding under the mortgage, may be used for extensions, improvements and additions against which no additional bonds may be issued, or for maintenance, repairs, renewals and replacements. The certain per cent above referred to shall be 10% for each of the years 1927 to 1931, both inclusive; 11% for each of the years 1932 to 1936, both inclusive; and 12% for each year thereafter.

Security—Secured by a first mortgage on all the properties of the Kentucky Power & Light Co. (formerly Maysville Public Service Corp.), and further secured by the pledge of $165,000 First Mortgage 15-year 5½% Gold bonds, constituting all such bonds outstanding, and all the capital stock of the Maysville Street Railroad and Transfer Co. Any additional stock and first mortgage bonds of said Street Railway Company issued in the future must be pledged under the mortgage.

Tax Provisions—Company pays Normal Federal Income Tax up to 2%.

Legal Opinion—Chapman & Cutler, Chicago, Ill.

Original Offering—First publicly offered ($900,000) in April, 1927, at 97 and interest, to yield 5.80%, by The White-Phillips Co., Davenport, Iowa, etc.

(2)

RHINE-WESTPHALIA ELECTRIC POWER CORPORATION

(Rheinisch-Westfaelisches Elektrizitaetswerk Aktien-Gesellschaft)

History and Property—Incorporated June 24, 1898, under the laws of the German Reich and of the Free State of Prussia, for an unlimited duration. The Corporation with its subsidiary companies is said to comprise one of the largest electric light and power system in Europe with respect to property value earnings, capacity of power stations and number of customers served. The business of the Corporation is especially well integrated. Electric energy is generated in the Corporation's power stations from fuel obtained from the adjoining coal mines of subsidiary companies, and is supplied to over 400,000 industrial and residential customers through the Corporation's high tension transmission lines and distribution systems.

Territory—The territory served has an area of about 7,700 square miles, and includes a large part of the Rhineland, extending from the Netherlands frontier on the north and west, into the Province of Westphalia on the east, and south to the River Nahe. This area includes the Ruhr District, the most important industrial section of Germany, and also the so-called Siegerland, known for its iron ore deposits. The communities served directly by the system have a population of approximately 7,000,000 and include the cities of Essen, Muehlheim-Ruhr, Gelsenkirchen, Crefeld, Muenchen-Gladbach, Wesel, Osnabrueck, Remscheid, Solingen, Siegen, Bingen, Kreuznach and Neuss. In addition, the Corporation furnishes electric energy to large portions of the cities of Cologne, Duesseldorf, Duisburg, Coblenz and Oberhausen, and to the extensive plants of the largest inland harbor of Europe at Ruhrort.

Properties—The system includes nine electric generating stations with an aggregate capacity of 700,000 h.p. The principal station of the Corporation, the Goldenberg Plant, is one of the largest and most modern in the world, and has a capacity of 390,000 h.p. Its equipment includes four 67,000 h.p. steam-turbo units. The transmission and distribution systems comprise over 1,240 miles of 110,000 volt steel tower lines and 10,600 miles of medium and low voltage lines which supply approximately 450,000 electric meters.

The above figures for output and property cover only the interconnected electric system of the Corporation and its subsidiaries, which does not include the many affiliated electric companies of whose stocks substantial amounts are owned.

The fuel for the Corporation's power stations is obtained almost entirely from hard coal and lignite mines owned by subsidiary companies and located under or immediately adjoining the stations. The hard coal mines, estimated to contain 75,000,000 tons (of 2,000 pounds), are being mined at the rate of 1,400,000 tons a year. The lignite mines are estimated to contain 450,000,000 tons, and the power stations of the Corporation consume approximately 4,000,000 tons a year.

In 1925 the Corporation acquired a half interest in a company, located in the central part of Germany, which owns an electric distribution system and lignite mines having about 160,000,000 tons of fuel recoverable by the open pit method. It is proposed to connect the present system of the Corporation in the Rhine District with this property by means of high tension transmission lines, and either to enlarge the present power stations at the site, or to build new generating plants.

The Corporation has under construction or in contemplation a number of extensions to its transmission system, including a line 300 miles in length of which 140 miles are already being operated) to connect with hydro-electric power developments in southern Germany. These new high tension lines will be operated initially at 230,000 volts but are designed for an even higher pressure.

In addition to the electric and coal properties described above, the Corporation owns a modern coke oven plant which supplies gas at wholesale to the City of Essen, and a high pressure gas transmission system with 150 miles of pipe lines. The Corporation also owns the entire capital stock of two relatively small electric railway companies, and operates under lease several municipally owned lines. In respect to both revenue and property value, however, the electric and coal properties represent over 96% of all properties owned or controlled. The Corporation also holds as investments, smaller stock interests in many other public utility companies.

Production, year ended June 30, 1927—The electric output of 1,400,000,000 kilowatt-hours for the year was the greatest in the history of the Corporation; and of this amount, about 93% was generated in the Corporation's power stations. There were delivered through the Corporation's gas transmission system, during the year 2,850,000,000 cubic feet of gas obtained from neighboring coke oven plants.

Relation to Dawes Plan—Industrial Debentures—In connection with the payment of reparations, the Corporation and its constituent companies have issued and deposited with the Industrial Debentures Bank (Bank fuer Deutsche Industrie-Obligationen) in accordance with the so-called "Dawes Plan." Industrial Debentures in the face amount of $7,918,157 with respect to which the annual charges on account of interest and amortization will not exceed $475,089, in the aggregate. In the opinion of counsel, the liability of the Corporation and its constituent companies for the payment of these sums is secured by a first charge, in many respects analogous to a tax lien, upon their

fixed property. In accordance with a law which effects a further internal distribution in Germany of the burden of reparations, the annual payments on account of the Industrial Debentures will probably be considerably reduced, so that the estimated maximum annual payments, on account of the Industrial Debentures of the Corporation and its constituent companies, will not exceed $300,000.

Trustees—The National City Bank of New York, Trustee, and Darmstaedter Und Nationalbank Kommanditgesellschaft Auf Aktien, Co-Trustee.

Provisions of Issue—Authorized, $40,000,000; issued $10,000,000 7% Series due 1950, and $15,000,000 6% Series due 1952. The proceeds of the 7% Series bonds are being used toward the construction of the Corporation's high tension transmission system between the Ruhr District and the Alps, and to expand further the generating, transmission and distribution properties of the Corporation and its constituent companies, and the proceeds from the sale of the 6% Series due 1952 were used to reimburse the Corporation in part for expenditures in connection with important property additions, to provide funds for further acquisitions and for other corporate purposes. The mortgage provides that the remaining $15,000,000 authorized bonds may be issued, from time to time in other series, having such rates of interest, maturities, sinking funds, and other provisions, and payable in such places and in such currencies as may be determined by the Corporation, when net earnings after operating expenses, maintenance and taxes for twelve consecutive calendar months shall have been not less than three times the sum of the annual interest charges on all bonds outstanding and those proposed to be issued and the maximum annual fixed charges on the Industrial Debentures then outstanding, for not more than 50% of the cost of property (as defined in the Indenture, and including under certain conditions, the cost of stocks of subsidiary companies) which shall be mortgaged or pledged in addition to the present operating properties now mortgaged.

Callability—Bonds of 7% Series due 1950 are subject to call as a whole but not in part at any time upon 60 days' notice at 105 and interest prior to November 1, 1935, and at 102 and interest on or after November 1, 1935, but prior to maturity.

Retirement Fund—The mortgage and trust indenture provide for a retirement fund sufficient to retire, at par and interest $400,000 bonds in each of the years 1926 and 1927; $200,000 annually, 1928 to 1931, inclusive; $300,000 annually, 1932 to 1935, inclusive; $400,000 annually, 1936 to 1942, inclusive; $500,000 annually, 1943 to 1946, inclusive, and $600,000 annually, 1947 to 1950, inclusive; payments into the fund to be made to the Trustee in semi-annual instalments on March 1 and September 1 each year, and either in cash or, at option of the Corporation, in bonds of the 7% Series due 1950, at face value. Any cash deposited with the Trustee shall be applied to purchase of bonds of this series if obtainable in the open market at or below par and interest; provided that any cash remaining unexpended after 6 months from date of deposit thereof, may be applied at option of the Corporation to purchase of bonds in the open market at prices above par and interest; and provided, further, the unexpended balance of money on deposit in this fund shall amount to $500,000 or more, any excess of that amount may be returned to the Corporation upon its written request therefor, and no further deposit made until such unexpended balance is reduced below $500,000 by purchase of bonds. All bonds purchased by or delivered to the Trustee will be permanently retired.

Security—Secured by a direct mortgage on the operating properties, including real estate, power stations, transmission lines, distribution systems and hard coal mines of the Corporation and its constituent companies, subject only to the charge securing the $7,918,157 Industrial Debentures referred to above.

Tax Provisions—Company does not pay Normal Federal Income Tax. Interest is payable without deduction for any past, present or future taxes or duties levied by or within the German Reich.

The Indenture provides that additional bonds may be issued in one or more series (a) for the acquisition of securities issued by a subsidiary for improvements, extensions or new properties to an amount, which, combined with any of such securities so issued but not pledged under the Indenture, does not exceed 80% of the cash cost or fair value (whichever is lower) of such improvements, extensions or new properties; (b) for the acquisition of all the stock entitled to vote of a new subsidiary, with or without other securities of such subsidiary, to an amount which does not exceed 80% of the cost of the securities acquired and which, added to the par value of any Preferred stock and funded indebtedness of such subsidiary not deposited under the Indenture, does not exceed 80% of the fair value of the assets less the current indebtedness of such subsidiary; provided that if less than all but at least 51% of such voting stock is acquired the amount of bonds which may be issued for its acquisition shall be reduced proportionately, and additional bonds may thereafter be issued for the acquisition of the balance of such Common stock at the same rate; provided that consolidated net income, as defined in the Indenture, applicable to bond interest for a period of 12 months out of the next preceding 15 months, shall have been at least twice the annual interest charges on all bonds of this issue then outstanding and proposed to be issued; and further, provided that the consolidated net income shall be at least 1½ times such interest charges, plus interest charges and Preferred dividends on securities of subsidiary companies not pledged under this Indenture. Bonds may also be issued to refund an equal amount of underlying securities now or hereafter outstanding; to refund an equal amount of any series of this issue; or upon deposit of an equal amount of cash for any of the above purposes. Securities not to be pledged under the Indenture cannot be issued by subsidiaries inconsistently with these restrictions.

Callability—Subject to call as a whole or in part on any interest date on 30 days' notice at 105 and accrued interest, up to and including March 1, 1929, and thereafter at a decreasing premium of ¼ of 1% each year to March 1, 1947, on and after which date, bonds may be redeemed at 100 and accrued interest.

Security—A direct obligation of New England Water, Light and Power Associates, secured by deposit with the Trustee of all the Common stock of the Central Connecticut Power & Light Company, East Greenwich Water Supply Company, Pawtuxet Valley Water Company, and Warwick & Coventry Water Co., (except 7 shares and directors' qualifying shares); over 80% of the Exeter Water Works; and over 66 2/3% of the Cottage City Water Company.

Valuation—Based upon recent appraisals by Jenks & Ballou, Consulting Engineers of Providence, R. I., combined reproduction cost of the properties is in excess of $4,180,000 and depreciated value is $3,690,000.

Tax Provisions—Association pays Normal Federal Income Tax up to 2% and agrees to reimburse resident holders of these bonds, if requested within 60 days after payment in the manner provided in the Trust Indenture, for any income tax upon the interest on Series "A" bonds up to 6% of such interest in any one year, or any tax upon the principal of any Series "A" bonds up to four mills on each dollar of the principal amount of such bonds in any one year, imposed under the laws of any state in the United States.

Legal Opinion—Gaston, Snow, Saltonstall & Hunt, Boston, and Hinckley, Allen, Tillinghast & Phillips, Providence, R. I.

Original Offering—First publicly offered ($1,450,000) in February, 1928, at par and interest by E. H.

Rollins & Sons, New York, etc., and Pearson, Erhard & Co., Boston.

History—Portland Electric Power Co. was incorporated June 29, 1906, in Ore., as the Portland Railway Light & Power Co., which purchased all the property and franchises of the Portland Ry. Co., Portland General Electric Co. and Oregon Water Power & Ry. Co. In March, 1912, acquired all the properties of the Mount Hood Ry. & Power Co. The change in name from Portland Railway, Light & Power Co. to Portland Electric Power Co. was effected April 26, 1924. Company's subsidiaries are: Willamette Valley Southern Ry. Co. and Yamhill Electric Co.

In January, 1926, the Company acquired the light and power properties in Hillsboro, Oregon, and vicinity. It also acquired in November, 1926, the complete electric distribution system in Oswego, Oregon and vicinity supplying about 1,100 customers. On March 1, 1927 Company purchased the Molalla Electric Company, serving the towns of and territory adjacent to Aurora, Hubbard, Donald, and Barlow, Oregon. The Company is a distributing company and serves about 572 customers in suburban and rural districts.

Business—With the exception of two interurban lines, the Portland Electric Power Co. operates all the electric railways in Portland and vicinity, including interurban lines to Oregon City, Cazadero and Bull Run, Ore., and over the new inter-state bridge to Vancouver, Wash. The Willamette Valley Southern Railway Co., serves a rich agricultural and timber country between Oregon City and Molalla. The Portland Electric Power Co. does most of the electric light and power business of Portland and vicinity and Vancouver, Wash.; also all of the electric light and power business in Salem, St. Helens, Hillsboro, Oregon City, Silverton, Woodburn, Ore., and many smaller communities. It operates the gas plant in Salem. Power is sold to the two interurban lines above mentioned, to the Southern Pacific Co. At Willamette Falls, Oregon City, where the water power is owned by the Company, direct power is furnished to several large pulp and paper mills. The Yamhill Electric Co. supplies electric light and power service to Newberg and other points in Yamhill County.

Company owns a nine-story fireproof building in the business center of Portland used for its offices; an amusement park near the city and considerable land on the east side of the Willamette River valuable for terminals. Estimated population served by the Company and controlled companies, 415,000.

Franchises—The principal street railway franchises, expiring in 1932, contain valuable preferential rights to the company to accept any new franchises which may be offered by the city. No time limit is specified in the principal light and power franchises. The company's plants, car barns, shops and other real estate, high tension transmission lines and a large part of its interurban railway are owned in fee and are not subject to franchise expirations.

Mileage, Dec. 31, 1927—Miles of track owend, on single track basis: Owned and operated, 304.3 miles; operated only, 11.6 miles; Willamette Valley Southern Ry. (controlled through stock ownership), 20.5 miles, Grand total owned, operated and controlled, 336.4 miles.

Equipment, Dec. 31, 1927—Passenger equipment: motor cars (closed, 514; open, 11; busses, 39), 564; trailers (closed, 15; open, 28; miscellaneous, 1), 44—total, 608; freight, 466; express, 4; work, 96—total, 566. Grand total, all cars, 1,174. Electric locomotives, 13; Willamette Valley Southern Ry.: Passenger (motor, 3; trail, 3), 6; electric locomotives, 1. Grand total owned and controlled, 1,194.

Power Plants, Etc.—Three steam stations (located at North Portland, Salem and East Portland) with capacity of 73,727 h.p. and six hydro-electric stations (located at Oregon City, Cazadero, Silverton, River Mill, Bull Run and Oak Grove) with capacity of 109,892 h.p., a total rated capacity of 183,619 h.p. No. of substations, 68. High tension transmission and distribution lines, 707 miles. The Willamette Valley Southern Ry. Co. has no power stations, all its power

$4,755,400 PORTLAND ELECTRIC POWER COMPANY 5½% FIRST LIEN AND REFUNDING MORTGAGE GOLD BONDS, SERIES "C"; DUE MAY 1, 1951

Dated Series "A," April 30, 1921; Series "B," May 1, 1922; Series "C," May 1, 1926.

Interest Payable May and November 1, at The National City Bank, New York.

Denominations—Coupon bonds in denominations of $100 (Series "A" and Series "C" only) $500 and $1,000 each, registerable as to principal only and interchangeable with fully registered bonds in denominations of $1,000, $5,000 and multiples of $5,000.

Trustee and Registrar—The National City Bank, New York.

Provisions of Issue—The First Lien & Refunding Mortgage provides for the issuance of bonds in series with the same or different rates of interest, dates, maturities and redemption provisions as may be determined by the Board of Directors of the Company, subject, however, to the restrictive provisions of the Mortgage. Bonds of any series may be issued from time to time in the future in principal amounts equal to and for the acquisition or retirement of all bonds secured by prior mortgages, outstanding with the public on May 1, 1921, or for the retirements of bonds of another series issued under the new mortgage. Bonds may also be issued from time to time for not exceeding 75% of actual and reasonable expenditures made subsequent to May 1, 1921, for permanent extensions, enlargements and additions of and to the plants, properties and equipment, provided net earnings for twelve consecutive calendar months ending not more than 60 days prior to the application for the issuance of bonds shall have been not less than 1¾ times the annual interest charges on all bonds secured by prior mortgages then outstanding in the hands of the public and all First Lien & Refunding Mortgage bonds outstanding and for the issuance of which application is made.

To Dec. 31, 1927, $27,503,900 ($6,410,000 Series "A," $15,259,500 Series "B" and $5,834,400 Series "C") had been issued, of which $2,800,300 ($1,720,000 Series "A" and $1,080,300 Series "B") retired by sinking fund; $3,440,500 ($645,000 Series "A" and $2,795,500 Series "B") cancelled and $1,079,000 (Series "C") held in treasury, leaving $20,184,100 ($4,045,000 Series "A" $11,383,700 Series "B" and $4,755,400 Series "C") in hands of public. In addition $24,700,900 bonds are reserved to retire the above described prior liens (does not include Willamette Valley Southern Ry. bonds).

The Directors, by resolution at meeting held July 24, 1924, authorized the issuance of First Lien & Refunding Mortgage Series "A" and "B" bonds in the name

of Portland Electric Power Company for exchange of bonds of the same issue and series outstanding in the name of Portland Railway, Light & Power Co.

Callability—Series "A" bonds are subject to call after May 1, 1931, as a whole or in part on any interest payment date upon 30 days' prior notice, at 105 and accrued interest for a period of ten years and after May 1, 1941, at 103 and accrued interest during the last five years prior to maturity.

Series "B" bonds are subject to call as a whole or in part on any interest date, upon 30 days' notice, at 105 and accrued interest up to and including May 1, 1942, and at 102½ thereafter, but prior to maturity.

Series "C" bonds are subject to call as a whole or in part on 30 days' notice, on or before May 1, 1936 at 105; on or before May 1, 1941 at 104; on or before May 1, 1946 at 103; on or before May 1, 1948 at 102; at 100 thereafter.

Sinking Fund—The mortgage provides for a sinking fund requiring cash payments on Sept. 1, 1921, and semi-annually thereafter, equal in each case to at least $225,000, but in no event less than one-half of 1% of the aggregate amount of the First Lien & General Mortgage bonds and bonds secured by prior mortgages outstanding in the hands of the public on the respective dates of payment. Such moneys shall be utilized, first, in the purchase of First Lien & Refunding Mortgage bonds of any series at or below the then existing redemption prices, or, if during a non-callable period with respect to any particular series, at or below certain specified prices; and second, in the redemption of the bonds of such series as are then subject to redemption. In the event that no bonds are then redeemable and the sinking fund moneys are not exhausted by the purchase of bonds, within the price limits specified, the balance of any such moneys remaining unexpended may be reimbursed to the Company for construction expenditures, against which no bonds may be issued. In the case of Series "A" bonds during the first ten years, the sinking fund moneys may be utilized in the purchase but not redemption of such bonds up to 107½ and accrued interest; thereafter at or below redemption prices.

General Reserve Fund—The mortgage provides for a General Reserve Fund requiring the Company to either expend in each calendar year beginning in 1921, or to deposit in cash with the Trustee, an aggregate amount equivalent to 4% of the total mortgage debt outstanding in the hands of the public on Dec. 31 of each year. This General Reserve Fund may only be utilized for maintenance, repairs, replacements and renewals, for the purchase of First Lien & Refunding Mortgage bonds (this issue), or for extensions, enlargements and additions of and to the plants and properties on account of which no bonds shall have been or may be issued.

Security—A direct mortgage on entire property of company, subject only to the prior liens of existing mortgages. Also share in a first lien on a very important part of the Company's generating capacity through pledge of $22,831,000 First and Refunding Mortgage bonds, of which issue only $10,320,900 bonds are outstanding in the hands of the public. Bonds of all series are equally secured.

Covenants—The Company covenants, so long as any of these bonds remain outstanding and unpaid: (a) Not to voluntarily create any lien or charge which would be prior to the lien of the Indenture securing these bonds upon the mortgaged properties; (b) not to declare or pay any cash dividends in excess of $400,000 on its capital stock except out of earnings subsequent to Jan. 1, 1922, after proper deductions shall have been made therefrom; (c) not to permit the amount of notes and accounts payable of any subsidiary company (other than accounts payable within 30 days, and notes and accounts payable to the Company) to exceed $300,000.

Tax Provisions—Company pays Normal Federal Income Tax up to 2%. Pennsylvania Four Mills tax refunded if demand be made within four months after payment.

Original Offering—First publicly offered ($4,500,000 Series "A" 7½s) in May, 1921, at 96 and interest, to yield over 7.85%; $2,500,000 Series "B" 6s were publicly offered in Sept., 1922, at 96 and interest, yielding over 6.30%; $2,000,000 additional Series "B" 6s offered in April, 1923, and $3,500,000 Series "B" 6s in May, 1924, at 94 and interest, yielding over 6½%; $500,000 Series "B" 6s were offered in Sept., 1925, at 99 and interest, to yield 6.08%; all issues by the National City Co. and Halsey, Stuart & Co., New York. $3,750,000 Series "C" 5½s were offered in June, 1926, at 97 and interest to yield over 5.70% by National City Co. and Halsey, Stuart & Co., New York, etc.

Legal Opinion—Shearman & Sterling, New York.

THE COMMUNITY TRACTION COMPANY

History and Property—Incorporated Aug. 22, 1919, in Ohio; existence perpetual. As of Feb. 1, 1921, took over the operation of the street car lines in Toledo of The Toledo Railways & Light Co. under the Milner service-at-cost 25-year franchise, which was approved by the voters Nov. 2, 1920. Miles of track, 108.82. Cars (motor): 288 passenger motor; 3 freight motor; 20 trailers; 18 motor service; 1 electric locomotive. Rail, type A—A.R.A., 100 lbs. Gauge, standard.

Summary of Provisions of Franchise Ordinance—The street railway lines in Toledo under the new franchise were divorced from The Toledo Railways & Light Co. and are controlled and operated by The Community Traction Co. The new Company has $10,000,000 Common stock, $1,096,940 8% Pfd. stock and $8,000,000 First Mortgage 6% 25-year Gold bonds. The $8,000,000 of first mortgage bonds were to be delivered to The Toledo Rys. & Light Co. in exchange for the street railway properties and the $1,096,940 of 8% Pfd. stock is to be issued and sold by the Company to provide $100,000 working capital, a $400,000 stabilizing fund, $1,000,000 to be used for rerouting and rearranging the street railway system and remainder for renewals and replacements on the property of the Company. Additional bonds and Pfd. stock may be issued for extensions and improvements, and the rate of return to which the Company will be entitled shall be an amount sufficient to pay 6% upon its bonds and 8% upon its Pfd. stock outstanding.

Control of service to more or less extent is vested in the City, and for the period of six months after the beginning of operation under the new franchise. The Community Traction Co. was required to test out a fare slightly less than that previously in effect, that is to say, the rate was reduced from 7 cts. plus 2 cts. for transfers, to 6 cts. with a 1 ct. charge for transfers. Company is now operating on a 10 ct. cash fare, with 6 tickets for 50 cts. and a 1 ct. charge for transfers. There is no maximum rate of fare provided in the

franchise, but a schedule of fares is set forth and the steps contained in the schedule upon increase or decrease of the fare are to be observed. The franchise continues for a period of 25 years and proper maintenance and repair funds and depreciation funds are created. The City reserves the right to purchase the property of the Company upon 6 months' notice on the payment of a sum equal to the capital value of the Company, plus any call premium upon bonds and Pfd. stock outstanding. The City also has the right to lease the property on six months' notice, and further provisions in regard to leasing and return of the property to the Company are provided. Sinking funds are provided for the redemption of the outstanding bonds either by call or purchase at not exceeding 104, and there are provisions for the redemption of the Pfd. stock at not exceeding 108.

The $10,000,000 of Common stock issued by The Community Traction Co. and delivered to the Commissioners of the Sinking Fund of the City of Toledo, and is held in trust by them; this stock to be voted by The Toledo Rys. & Light Co., while in trust.

If The Community Traction Co. should default upon any of its covenants under its mortgage, or upon its bonds, or be in arrears upon payments of its dividends to Pfd. stock or in default of the provisions of the Pfd. stock then the voting powers of Common stock shall cease and become vested in the Pfd. stock. Both the city and The Toledo Rys. & Light Co. waive all claim to any dividends upon Common stock.

CAPITAL STOCK

Outstanding, $10,000,000 Common and $1,096,940 8% Pfd.; par, $10. $8,446,000 of the Common stock is held in trust by the Commissioners of the sinking fund of the City of Toledo; this stock to be voted by The Toledo Rys. & Light Co. while in trust. The remaining $1,554,000 Common stock is owned by the City of Toledo. All of the Pfd. stock is owned by The Toledo Traction, Light & Power Co. Annual meeting, first Tuesday after first Monday in August.

Dividends—Preferred dividends are being paid quarterly, J, A, J & O 1.

EAST BAY WATER COMPANY

History and Properties—Incorporated Nov. 13, 1916, in Cal. On Oct. 2, 1916, a decree of foreclosure was entered against the Peoples Water Co. (see Manual for 1916, page 4486), following a friendly suit, and on Nov. 29, 1916, the properties were sold to the Reorganization Committee for $12,697,400 on behalf of the bondholders, and later conveyed to the new East Bay Water Co., the successor in interest to the old Peoples Water Co. (see Final Plan of Reorganization, 1917 Manual, Public Utility Section, page 1959). In Dec., 1920, the California Railroad Commission authorized the transfer of the properties of the Union Water Co. of California to the East Bay Water Co. The Commission fixed the value of the properties involved at $1,100,000. For last published statement of Union Water Co. of Cal., see 1921 Public Utility Manual, page 1661.

Serves Oakland, Berkeley, Alameda, Piedmont, Emeryville, Albany and San Leandro in Alameda County and Richmond and El Cerrito in Contra Costa County, Cal. These communities are located on the eastern shore of San Francisco Bay. Their combined population is estimated at 552,000. Owns over 44,000 acres of land; 3 storage reservoirs with combined capacity of 33 billions gallons; also 52 distributing reservoirs with combined capacity of 300 million gallons; 35 pumping plants with a total daily capacity of 93 million gallons.

CHARLESTON INTERURBAN RAILROAD COMPANY

History—Incorporated July 23, 1909, in West Virginia. Owns entire capital stock of Kanawha Valley Traction Co. and Charleston-Dunbar Traction Co. The Charleston Interurban R.R. Co. formerly leased the properties of these two companies, paying an annual rental of $26,000. On Aug. 14, 1923, the entire capital stock of the Kanawha Valley Traction Co. was purchased from the Ohio Valley Electric Ry. Co. and on Jan. 1, 1924, the entire capital stock of the Charleston-Dunbar Traction Co., which stock was owned by certain stockholders of Charleston Interurban R.R. Co., was acquired at cost from the owners. The Company is now working out a plan to cancel the stock of these two corporations and surrender their charters, throwing the ownership and operation together in one company, the Charleston Interurban Railroad Co.

The property consists of 50 miles of track, of which approximately 35 miles are on private rights-of-way. The city track is all in concrete and paved with brick. All recent construction includes Carnegie steel ties and 122 lb. grooved rail. Interurban track is laid with 70 lb. A. S. C. E. rail. Passenger cars, 70; freight cars, 3; work cars, 4.

Franchises—The franchise of the Kanawha Valley Traction Co. from the City of Charleston was granted in 1906 for a period of 50 years and the franchise of the Charleston-Dunbar Traction Co. from the City of Charleston was granted in 1912 for a period of 50 years. These two franchises cover all important streets in the city.

CAPITAL STOCK

Authorized, $1,500,000 Common and $1,500,000 6% cumulative participating Pfd.; outstanding, $1,500,000 Common and $413,200 Pfd. Par of both classes, $100.

Preferred Stock Provisions—The Company shall not, so long as any of this Pfd. stock shall be outstanding, either change the preference hereby given to this Pfd. stock or issue, any other shares of stock which shall have any preference or priority over, or any additional shares of stock which shall be on a parity with this Pfd. stock, except for the purpose of retiring bonds; or create or place any mortgage, deed of trust, or other such lien on its property, or any part thereof, to secure any bond issue in excess of the amount at present authorized, which is $2,500,000; or sell or otherwise dispose of its property and assets as, or substantially as, an entirety, except with the consent of the holders of ¾ of the Pfd. stock represented, in person or by proxy, at a meeting of the Pfd. stockholders called for such purpose, and provided that the Pfd. stockholders so consenting shall hold not less than a majority of the Pfd. stock issued and outstanding at the time.

Annual Meeting—First Thursday after January 20th.

Dividends—Dividends paid on Common: 2% each in 1920, 1921 and 1922; 3% in 1923; 3% in 1924; 2% in 1925; 3% in 1926; Jan. 1 and April 1, 1927, 1% each. Initial dividend on Pfd. stock paid April 1, 1924, and regularly to date.

In all the system includes 27 exchanges operating 18,981 telephone stations or connections. Total population of the territory served exceeds 130,000.

CAPITAL STOCK

Authorized, $750,000 Common and $1,000,000 cumulative Preferred; outstanding August 1, 1927, $750,000 Common; par of both classes, $100.

FUNDED DEBT

(1)

$99,000 Fairfield Telephone Company First Mortgage bonds; due serially. These bonds underlie the below subscribed First Lien Collateral Gold bonds and are the only outstanding funded debt of Company's present subsidiaries not required to be pledged under the indenture securing said bonds.

(2)

$1,700,000 FIRST LIEN COLLATERAL SINKING FUND 6% GOLD BONDS, SERIES 1927; DUE AUGUST 1, 1942

Dated August 1, 1927.

Interest Payable February and August 1, at Central Trust Co. of Illinois, Chicago, or at the Chase National Bank of the City of New York, New York.

Denominations—Coupon, $500 and $1,000, interchangeable; principal may be registered.

Trustee—Central Trust Co. of Illinois, Chicago, Ill.

Provisions of Issue—Authorized amount, not limited; issued, Series 1927, $1,700,000. Additional bonds may be issued, having such rates of interest, dates, maturities, redemption provisions and other distinguishing features and provisions as may be determined by the Board of Directors of the Company, for not exceeding 80% of the cash cost or fair value, whichever is the lesser, of acquiring new subsidiaries or of additions, improvements, betterments, extensions and additional properties acquired by subsidiaries; provided that earnings applicable to interest on bonds issued under the Indenture, on the basis of a consolidated statement, for a period of twelve consecutive months out of the preceding fifteen months shall have been at least twice the annual interest charges on all bonds then outstanding and proposed to be issued under the Indenture. Additional bonds may also be issued against the deposit of cash and at par for par for refunding purposes.

Purpose of Issue—Proceeds were used to retire the funded debt of the Company outstanding, to acquire additional properties, for extensions and improvements, for additional working capital and for other corporate purposes.

Callability—Subject to call as a whole, or in part by lot, on any interest date, on 30 days' notice, at 103 on or before August 1, 1932; at 102 thereafter and on or before August 1, 1937; at 101 thereafter and on or before August 1, 1941, and thereafter at 100, plus accrued interest in each case.

Sinking Fund—Company shall pay to the Trustee as a sinking fund for the Series 1927 bonds, on or before the first day of February in each year, beginning Feb. 1, 1929, to and including Feb. 1, 1936, an amount equal to 1% of the amount of Series 1927 bonds outstanding on the next preceding Dec. 31, and thereafter to and including Feb. 1, 1942, an amount equal to 1½% of the amount of Series 1927 bonds outstanding on the next preceding Dec. 31, to be applied in the purchase and/or redemption of Series 1927 bonds at not exceeding the then applicable redemption price. Payments to the sinking fund may be made in cash and/or in Series 1927 bonds to be taken at cost to the Company or at the then applicable redemption price, whichever is lower.

Maintenance and Renewal Fund—The Indenture provides that during each calendar year, the Company shall expend or cause to be expended by its subsidiaries an amount not less than 20% of the consolidated gross operating income for the preceding calendar year for (a) maintenance, renewals and replacements; (b) the acquisition of new subsidiaries and additions and improvement not made the basis for the issuance of additional bonds, or (c) the redemption or purchase of bonds outstanding under the Indenture and /or other refundable securities.

Security—Secured by a first lien upon all of the outstanding capital stock and upon all outstanding indebtedness, if any, and bonds (except current indebtedness not in excess of current assets and $99,000 principal amount of underlying first mortgage bonds of Fairfield Telephone Co.) of the Company's present subsidiaries; the securities representing such outstanding stock, indebtedness and bonds to be deposited and pledged with the Trustee under the Indenture. Indenture provides that no additional capital stock, bonds or other indebtedness (other than current indebtedness) may be issued by any of the Company's present subsidiaries unless such stock, bonds and indebtedness shall forthwith be pledged with the Trustee as additional security for the bonds.

Valuations—The operating properties, including working capital and going-concern values, have been recently appraised by Hagenah & Erickson, Engineers, Chicago, at a reproduction cost of $3,724,490 and at a sound depreciated value of $3,190,124.

Sinking Fund—Company covenants to pay annually to the Trustee as a sinking fund, either 1% of the highest aggregate amount of bonds outstanding, or 5% of the net earnings of Company for the last preceding calendar year, whichever is the greater. These funds shall either be used to purchase and retire bonds of this issue, at or below the call price, or to reimburse the Company for additions and extensions, against which no bonds may be issued.

Security—Secured by a first mortgage on all the land, buildings and telephone property of Company. The property has been appraised as of September 30, 1925, by W. F Sloan, Consulting Telephone Engineer, as having a net depreciated value of $1,235,870.

Tax Provisions—Company pays Normal Federal Income Tax up to 2%.

Original Offering—First publicly offered ($500,000) in January, 1926, at par and interest, by Chicago Trust Co., Chicago, and Morris F. Fox & Co., Milwaukee, Wis.

THE ARKANSAS VALLEY INTERURBAN RY.

History and Property—Incorporated June 19, 1909, in Kan. Owns and operates an interurban electric railroad extending from Wichita to Newton and Hutchinson, Kan., 60.5 miles, single track equivalent. Also operates under contract 2.6 miles in the city of Hutchinson. Gauge, standard. Rail, 70, 80 and 85 lbs. Cars—passenger, 12; express, 7; freight, 21; work, 1; total, 41. Population served, about 185,000. Road is constructed entirely on private right of way except within corporate limits, where long-term franchises are enjoyed, of which the most important extend beyond the year 2000. Company purchases power from the Kansas Gas & Electric Co. and United Power & Light Corp.

CAPITAL STOCK

Authorized, $2,100,000 Common and $1,500,000 6% cumulative Pfd.; outstanding, $1,500,000 Common and $499,900 Pfd.; par, $100. In addition $100,100 of the Pfd. stock had been redeemed by the sinking fund to Dec. 31, 1927.

Preferred Stock Provisions—Pfd. stock has preference for assets and 6% cumulative dividends, and is subject to call at $110 per share and accrued dividends at option of the Company upon 90 days' notice, in whole or in part, by lot. In the event of voluntary dissolution of the Company, the Pfd. stock is entitled to $110 per share and accumulated dividends before any distribution can be made on the Common stock; and in case of involuntary liquidation, Pfd. stock shall receive $100 per share and accrued dividends before any distribution is made to the Common stock. The Pfd. stock has no voting power, but will receive equal voting power with the Common stock in case Preferred quarterly dividends are passed for more than ninety days, or in case the Pfd. stock redemption fund requirement is in arrears for more than one year; and will receive full and exclusive voting power in event of default in four consecutive, quarterly dividend payments. After the first $600,000 of Pfd. stock has been issued, no additional Pfd. stock shall be issued unless sold for cash and limited in amount to 80% of the cost of additional property. It is provided, however, that

such stock shall not be issued unless the combined undivided profits (available for dividends) of the Company, and of the property proposed to be acquired, shall, for twelve out of fourteen consecutive months next preceding, equal twice dividend requirements on outstanding Pfd. stock and that proposed to be issued.

Sinking Fund—Beginning Feb. 1, 1918, and annually thereafter on Feb. 1 in each year, the Company is required to deposit with its transfer agent $10,000 out of surplus net income, for the retirement of outstanding Pfd. stock at not to exceed 110 and accrued dividends. If no stock is offered at less than 110, it is to be purchased by a lot at the callable price of 110 and accrued dividends. The obligation to purchase and redeem Pfd. stock is cumulative, so that if the amount required to be purchased and redeemed beginning Feb. 1, 1918 and annually thereafter is not purchased, the deficiency shall be made good out of surplus net income of the succeeding year or years before any dividends may be paid upon the Common stock. This sinking fund has not been earned in the past three years.

Transfer Agent and Registrar—First Trust Co., Wichita, Kansas.

Annual Meeting—Fourth Tuesday in January.

Dividends—Initial dividend of 1½% paid on Pfd. April 1, 1917, and at same rate quarterly to March 31, 1925; none since; payments, J, A, J & O 1; none paid on Common.

FUNDED DEBT

$574,700 FIRST MORTGAGE GOLD 5½s; DUE DECEMBER 1, 1936.

Dated December 1, 1916.

Interest Payable June and December 1, at Continental National Bank & Trust Co., Chicago, and in New York.

Denominations—Coupon, $100, $500 and $1,000; principal may be registered.

Trustee—Continental National Bank & Trust Co., Chicago.

Provisions of Issue—Authorized issue, $3,000,000; issued, $900,000 of which $325,300 redeemed through sinking fund to Dec. 31, 1927. Additional bonds to the amount of $100,000 may be issued for not exceeding 50% of the cost of additions and betterments. The remaining $2,000,000 bonds may only be issued for not exceeding 75% of the cost of additions and betterments, provided net earnings for twelve months within 60 days preceding are not less than 1¾ times the annual interest on all bonds outstanding and proposed to be issued.

Callability—Subject to call at 103 and accrued interest on Dec. 1, 1919, or any interest date thereafter.

Sinking Fund—Sinking fund, beginning in 1919, sufficient to retire at not exceeding 103 and interest 2% of all bonds certified, this sum to be devoted to the acquisition of bonds by purchase or call; bonds so purchased to be kept alive.

Security—A first lien on entire property now owned or hereafter acquired.

Tax Provisions—Company pays Normal Federal Income Tax up to 2%.

Legal Opinion—Horace S. Oakley, of Wood & Oakley, Chicago.

Original Offering—First publicly offered ($900,000) in Jan., 1917, at 90½ and interest, yielding 6%, by E. H. Rollins & Sons, Boston, and Sweet, Causey, Foster & Co., Denver.

THE UNDERGROUND ELECTRIC RAILWAYS COMPANY OF LONDON, LTD.

History—Incorporated April 9, 1902, under Companies Acts of 1862 to 1900. Absorbed the Metropolitan District Electric Traction Co., Ltd., registered July, 1901, to carry out the electrification of the Metropolitan District Ry., the construction and equipment of the Baker St. & Waterloo Ry., the Great Northern, Piccadilly & Brompton Ry. and the Charing Cross, Euston & Hampstead Ry. (from July, 1910, these three latter railways were amalgamated, and are now known as the London Electric Ry.), and the construction and equipment of the power house at Lots Road, Chelsea.

The Company is largely interested in the Metropolitan District Ry., the London Electric Ry., City & South London Ry., Central London Ry., London General Omnibus Co., Ltd., Associated Equipment Co., Ltd., Union Construction Co., Ltd., the Union Surplus Lands Co., Ltd., the London United Tramways, Ltd., and the Watford & Edgware Ry. Co. The Company also has a large holding in the London & Suburban Traction Co., Ltd., which latter company is interested in the London United Tramways, Ltd., Metropolitan Electric Tramways, Ltd., and South Metropolitan Electric Tramways & Lighting Co., Ltd. Also owns £20,000 Consolidated Ordinary stock of Metropolitan Ry. Co., and £110,000 £1 Ordinary shares of the North Metropolitan Electric Power Supply Co.

Through its holdings in the Companies concerned, the Underground Electric Railways Co. is interested in the operation of the London Electric Ry. (tube), which owns or leases about 31 route miles; Metropolitan District Ry. (tunnel), which owns or leases about 28 route miles; Central London Ry. (tube), which owns or leases about 7 route miles; City & South London Ry. (tube), which owns or leases about 13 route miles, and also in a large number of omnibus and tramway routes in and around London.

In 1914 the company's articles were altered, so that it is now in law a share and securities holding company, and it is therefore in a position, like other holding companies, to distribute its available revenues by way of dividend without regard to the value of its capital assets.

London General Omnibus Co., Ltd.—The interests of the London General Omnibus Co., Ltd., and the Underground Electric Rys. Co. of London, were merged by an agreement Feb., 1912 (for terms of exchange, see Manual for 1915, page 819). In 1914, the London General Omnibus Co., Ltd., acquired all the holdings of the Underground Elec. Rys. Co. in the New Central Omnibus Co., Ltd., (see Manual for 1914, page 2727), and the affairs of the latter company were wound up. It also acquired all the assets of the Metropolitan Steam Omnibus Co., Ltd.; this Company's affairs likewise being wound up. In 1918 the assets of the Associated Omnibus Co., Ltd., were acquired and in 1922 the Gearless Motor Omnibus Co., Ltd., was acquired. Both of these companies have been wound up. The National Steam Car Co., Ltd., withdrew its fleet of omnibuses from the London streets in November, 1919, and the London General Omnibus Co., Ltd., took up the working of the routes formerly occupied by them. During 1926 and 1927 the Company acquired a controlling interest in a number of independent omnibus companies operating in London, the majority of which have been wound up and their vehicles incorporated in the fleet of the London General Company as from Jan. 1, 1928.

During 1921 the Ordinary capital was increased by the creation and issue of 60,000 Ordinary shares of £10 each. During 1922 the Company sold £500,000 of 4½% First Debenture stock; and issued £130,000 of 5% cumulative Income Debenture stock in exchange for £100,000 of 7% Preference shares of the Tramways M. E. T. Omnibus Co., Ltd. During 1923 the Company sold £620,000 of 5% cumulative Income Debenture stock. During 1924, £250,000 4½% First Debenture stock, £250,000 5% cumulative Income Debenture stock and 50,000 Ordinary shares of £10 each were issued. During 1926, £250,000 4½% First Debenture stock, £500,000 5% cumulative Income Debenture stock and 4,952 Ordinary shares of £10 each were issued. In March, 1928, the Company sold a further £750,000 4½% First Debenture stock, and £750,000 5% cumulative Income Debenture stock.

City & South London Ry. Co.—In Nov., 1912, the Underground Electric Rys. Co. of London invited holders of Ordinary stock of the City & South London Ry. Co. to exchange their holdings of such stock for London Electric Ry. 4% Preference stock and Ordinary £10 Shares (both fully paid) carrying dividend from Jan. 1, 1913, at the rate of £40 of the former and £25 of the latter for each £100 of City & South London stock and holders of 99% of such stock agreed to such exchange, which was completed after payment of the dividends for the second half of 1912 by the London Electric Ry. Co.

Central London Ry. Co.—In Dec., 1912, the Underground Electric Rys. Co. of London offered to holders of Ordinary, Preferred Ordinary and Deferred Ordinary stock of the Central London Ry. Co. in exchange for their stock, equal nominal amounts of new guaranteed stocks, constituted by trust deed dated Dec. 13, 1912 (with Glyn, Mills, Currie & Co. as trustee), carrying (a) a 4% dividend guaranteed by the Underground Electric Rys. of London, and (b) the right to 40% of the amount paid in dividend on the nominal amount of the deposited stocks in excess of 4% in any year after the dividend received by the trustees on the deposited stocks for three successive years shall have exceeded an average of 4% per annum. The guaranteed dividend ranks against the income of the Underground Electric Rys. of London immediately after the interest on the 4½% bonds of 1933, as from Jan. 1, 1913, and is payable at the expiration of two months after the end of each half year. The above offer was accepted by the requisite majority and became operative.

London & Suburban Traction Co., Ltd.,—In Nov., 1912, the directors of the London United Tramways, Ltd., the Metropolitan Electric Tramways, Ltd., and the Tramways (M. E. T.) Omnibus Co., Ltd., formulated a scheme for the consolidation of the interests of the shareholders of those companies. The scheme provided that the shareholders in the respective companies could exchange their holdings for fully paid shares in the London & Suburban Traction Co., Ltd., which was formed for the purpose of the scheme. The directors of the Underground Electric Rys. Co. of London, agreed to the scheme, and deposited the company's holdings of fully paid shares in the London United Tramways, Ltd., and received in exchange 5% cumulative preference and ordinary shares of the London & Suburban Traction Co., Ltd.

Inter-Company Agreement—On Dec. 21, 1915, an agreement was entered into between the City & South London Ry., the Central London Ry. Co., the London Electric Ry. Co., the Metropolitan District Ry. Co., and the London General Omnibus Co., Ltd. This agreement, which is perpetual, took effect from Jan. 1, 1915, and provides that the five companies are to afford each other all reasonable facilities for the

through booking and interchange of passengers without apportioning the through fares amongst the five companies. In lieu of the apportionment of through fares amongst the companies each of the five companies, after providing for its "Revenue Liabilities" which include working expenses, interest and dividends on prior stock and shares and reserve, pays the balance into a Common Fund. Should the gross revenue of any company be insufficient to meet its "Revenue Liabilities," the deficiency becomes a first charge on the Common Fund. The agreement therefore secures the payment of the working expenses, interest and dividends on all the Prior Stocks and Shares, and a sum for reserve for each of the companies out of the aggregate gross takings of the five companies. A supplemental Agreement was entered into on Dec. 8, 1921, between the above mentioned companies, which provides for certain alterations in minor points in the original Agreement, and for a variation of the percentages in which the Common Fund is divided as from July 1, 1921. From the same date the dividend on the Second Preference stock of the Metropolitan District Ry. Co. ranks as a "Revenue Liability" of that Company. These Agreements have been made pursuant to the London Electric Railway Companies' Facilities Act, 1915.

For 1927 the aggregate gross revenue of the five Companies parties to the Common Fund authorized by the above Act was £14,929,716, and the aggregate amount retained by them for "Revenue Liabilities," including Reserves, was £13,879,220, leaving £1,050,-496, which amount was credited to the Common Fund. This amount was apportioned amongst the five Companies as follows: City & South London Ry., £63,030; Central London Ry., £168,079; London Electric Ry., £430,703; Metropolitan District Ry., £126,060; and London General Omnibus Co., £262,624.

CAPITAL STOCK

Authorized, 11,300,000 Ordinary shares of £1 each; outstanding, Dec. 31, 1927, 5,068,878 shares.

In July, 1926, a Scheme for the reorganization of the Capital of the Company was approved at meetings of the shareholders and Contingent Certificate holders, and sanctioned by the High Court of Justice (Chancery Division) on Oct. 13, 1926.

The proposals of the Scheme, briefly stated were to alter and increase (by the sum of £8,929) the issued Share Capital from £5,059,949 (i.e. 500,000 fully paid £10 Ordinary Shares and 1,198,980 fully-paid "A" 1s. Ordinary shares) to £5,068,878 in 5,068,878 fully-paid £1 Ordinary shares ranking pari passu in all respects both as regards Capital and Income, and each carrying one vote on a poll.

These 5,068,878 fully paid £1 Ordinary Shares were allocated as follows:

a. 3,550,000 shares to the holders of the £10 Ordinary Shares in lieu of the 500,000 £10 shares now held by them, being at the rate of 7 1/10 shares for each existing £10 share.

b. 1,318,878 shares to the holders of the "A" shares in lieu of the 1,198,980 1s. shares now held by them, being at the rate of eleven shares for each existing ten "A" shares.

c. 200,000 shares to the Central Union Trust Company of New York or its nominees for distribution amongst the holders of the 5,000,000 Contingent Certificates against the cancellation of such Certificates, being at the rate of one share for each 25 Contingent Certificates.

(1) In connection with the right of the Income Bondholders to exchange their bonds for Ordinary shares (see under Income Bonds) the Capital of the Company was increased in 1927 from 5,068,878 Ordinary shares of £1 each to 11,300,000 Ordinary shares of £1 each.

History—Incorporated under Laws of California April 24, 1903, succeeding the Spring Valley Water Works which was organized in June, 1858. Franchise extends for fifty years and is renewable. The Company operates twenty-two pumping plants in San Francisco, San Mateo and Alameda Counties,

with a daily capacity of 187,000,000 gallons. The Company's four large catchment reservoirs in San Mateo County with a capacity of 32,000,000,000 gallons and the Calaveras Reservoir in Alameda County with a capacity of 32,800,000,000 gallons make the total storage capacity 64,800,000,000 gallons. The seven distributing reservoirs and fourteen tanks in San Francisco have an aggregate capacity of 129,605,000 gallons. The system consists of 852 miles of pipe lines and aqueducts and 104,475 active service connections. The Company owns 80,624 acres of land (and riparian rights on over 41,641 acres in San Francisco, San Mateo, Alameda and Santa Clara Counties). The system is at present developed to yield 66,000,000 gallons daily. The present consumption is about 48,443,000 gallons daily and serves a population of approximately 750,000 in the city and county of San Francisco.

The Calaveras Dam in Alameda County is completed to a height of 220 feet. The capacity of the reservoir is 32,800,000,000 gallons, having a daily productivity of 38,200,000 gallons.

Water rates were increased 20% by the Railroad Commission September 1921, and an agreement, which has been approved by the Railroad Commission, was entered into by the City and County of San Francisco and the Company. The term of this agreement is for twelve years and provides for the cooperation of the City and the Company in developing additional water supply of 24,000,000 gallons daily in accordance with the provisions stated in the agreement. This development has been completed. The agreement also provides that in the event the City shall purchase the property during the twelve year period the amount of the Amortization Fund shall become the property of the City. For further details of the agreement see below.

Decision on Valuation—Judge Frank C. Rudkin in the U. S. District Court at San Francisco in July, 1918, handed down a decision in the case of this Company against the Board of Supervisors, reducing the valuation of the properties for water supply purposes from $39,000,000 as fixed by Master-in-Chancery Wright to $34,000,000. The court also found that the water rates fixed by the City in ordinances passed yearly from 1907 to 1915 were confiscatory. The court ordered the ordinances declared void, and directed that $2,282,444 representing 15% excess over the ordinance rates and interest be given to the Company. On Sept. 3, 1918, the impounded funds were paid over to the Company.

Railroad Commission Order and Agreement with City of San Francisco—The property proposed to be acquired by the City and County of San Francisco, containing all structures, 62,534 acres of reservoir and watershed land, 33,343 acres riparian rights and other properties, was appraised by the Railroad Commission of California at $37,000,000 as of March 1, 1920. Capital expenditures have been added since the date of the appraisal.

The Railroad Commission of California in its order of August 12, 1921, and in its first supplemental order of April 12, 1922, authorized an increase in water rates of 20%, effective Sept. 1, 1921, subject to the following conditions, in brief:

(1) That if the City of San Francisco shall construct the Bay Division of the Hetch Hetchy conduit from Irvington to Crystal Springs Reservoir and is willing to enter into an agreement with the Company for its use, the Company shall increase the capacity of the Calaveras Dam and conduit facilities to Irvington, in order to develop an additional supply of 24,000,000 gallons of water daily.

(2) That the Company shall pay to the City, interest upon the construction cost of the Bay Division of the Hetch Hetchy aqueduct, during the period of construction (not to exceed three years); and thereafter, during the term of the agreement, shall pay the City annually for the use of said conduit.

(3) That the Company shall establish a fund (to be known as "Amortization Fund") from its surplus to amortize, in a period of twelve years, the capital expenditures on the Calaveras Dam and other structures and costs necessary for the delivery of the additional water supply of 24,000,000 gallons daily.

(4) After full provision has been made each year for the payment of operating expenses, taxes, use and operation of the City's conduit, depreciation, interest on bonds and notes, dividends of 5% per annum, and contribution to the "Amortization fund," the balance of the revenue shall be apportioned equally between the "Amortization Fund" and the Company's surplus.

(5) In accordance with the Commission's recommendation the Company has granted an option to the City to purchase the properties offered to the Electors in March, 1921, and at the same price, viz., $37,000,000 to which is to be added:

(a) Capital expenditures made between March 1, 1920 and July 1, 1921;

(b) Capital expenditures made, under the terms of the Commission's order, for the additional supply of water to be developed.

A tentative statement as of Dec. 31, 1927, subject to tax adjustments and credits for contributions of the amortization fund and for accruals of rentals for the use of the Bay Division of the Hetch Hetchy Aqueduct, follows:

Option price March 1, 1920		$37,000,000
Capital expenditures March 1, 1920, to June 30, 1921	$570,699	
Capital expenditures Sept. 1, 1921, to Dec. 31, 1927	5,797,226	
Net capital additions to Dec. 31, 1927		6,367,925
Total		$43,367,925
Deductions:		
Amortization fund including interest	$2,475,706	
Depreciation allowance	1,900,000	
Sale of lands and easements included in Option	7,651	
Total deductions		4,383,357
Total option price plus additions as of Dec. 31, 1927		$38,984,568
Less:		
First mortgage bonds	$22,000,000	
Current liabilities, etc.	1,163,723	
Total		23,163,723
Net amount for option properties as of Dec. 31, 1927		$15,820,845

NOTE—The city is further indebted to the Company for the balance of the $1,000,000 loan to the city for account of Hetch Hetchy capital expenditures, less accrued rental and less unearned account, as of Dec. 31, 1927, $581,864.

The Commission's order provides that in the event the City shall purchase the property during the twelve-year period covered by the agreement hereinafter referred to, the amount of the "Amortization Fund" shall become the property of the City. The option to purchase expires Dec. 31, 1933.

At a special election held June 14, 1927, the proposal to have City acquire the property of Company was rejected. The proposal will be submitted again to the voters on May 1, 1928.

Operating Statistics—The total draft of water from the sources of supply during 1927 was 17,703 million gallons, equivalent to an average daily use of 48,443,071 gallons. This is an increase of 2,222,069 gallons per day as compared to 1926. Storage March 1, 1928, amounted to 21,922,000,000 gallons and the rainy season was not yet finished.

NEW YORK TRANSPORTATION COMPANY

(Controlled by Fifth Avenue Bus Securities Corporation)

History—Incorporated Feb. 21, 1899, in N. J., as the New York Electric Vehicle Transportation Co.; name changed to present title in Jan., 1902. Certificate of incorporation provides that the duration of the corporation shall be unlimited. Owns the entire outstanding capital stock of the Fifth Avenue Coach Co.

On Oct. 4, 1916, the New York Transportation Co. purchased the properties and assets of the Metropolitan Express Co., consisting principally of real estate in the cities of New York and Mt. Vernon, for the sum of $110,000, payable by the assumption of the existing debts, liabilities and obligations of that company of approximately the same amount. The corporate existence of the Metropolitan Express Co. is still maintained, its capital stock of $1,000 being held by the New York Transportation Co.

An important phase of the business of the New York Transportation Co. and Fifth Avenue Coach Co. is the manufacture of busses used by the latter, and in addition the manufacture and sale to transportation companies operating in other cities of busses of the same general type as those used by the Fifth Avenue Coach Co.

In April, 1912, company sold its taximeter cab and electric vehicle business, together with the plant and equipment connected therewith, to the Connecticut Cab Co.

Plan for Unification, Recapitalization and Reorganization—See Manual for 1924, page 2704, or apply to our Information Department.

CAPITAL STOCK

Authorized, $2,500,000; outstanding, $2,350,000; par, $10. The Fifth Avenue Bus Securities Corp. at Dec. 31, 1927, owned 190,293 of the outstanding shares.

Transfer Agent—Guaranty Trust Co. of New York.

Registrar—Hanover National Bank, New York.

NEW YORK RAILWAYS CORPORATION

(Controlled by Fifth Avenue Coach Company)

History—Incorporated April 15, 1925, in New York (duration perpetual), as successor to certain properties, rights and franchises formerly of New York Railways Company (see 1923 Manual page 2315, or apply to our information department) in accordance with the Plan of Reorganization dated July 18, 1924 (for details of which see 1924 Manual, page 2317 or apply to our Information Department). It is the successor of a series of companies operating street surface railways. The system was built up in the past century by leases, mergers, consolidations and stock control. On Nov. 29, 1893, May 18, 1894, and Nov. 7, 1895, respectively, there were three consolidations, as a result of which Metropolitan Street Railway Company was formed, and this corporation operated the system directly and later through a lessee, New York City Railway Company, until the receivership of the Metropolitan Company and its lessee in 1907. The properties of those companies were sold in such receivership, and the New York Railways Company was formed to buy such properties and to succeed the Metropolitan Street Railway Company. The New York Railways Co. was itself forced into the hands of a receiver on March 20, 1919.

During such receivership, the receiver elected not to adopt the leases covering the properties of the Eighth Avenue Railroad Company, the Ninth Avenue Railroad Company, and the New York and Harlem Railroad Company, and those properties were returned to said lessors respectively and have not since been operated as a part of the New York Railways system. Other leases have been disaffirmed in said receivership, but the properties thereby covered are still operated as a part of the unitary system under temporary operating agreements, and it is intended that permanent operating agreements be made with respect to such properties providing for payments to the lessor companies based on net earnings rather than fixed rentals.

The purchasing Committee elected not to take the capital stock of the **Fort George** and **Eleventh Avenue Railroad Company** (see 1924 Manual, page 2329).

Reorganization—A final decree was made by the United States District Court for the Southern District of New York on May 21, 1924, foreclosing the New York Railways Company First Real Estate and Refunding Mortgage and the Lexington Avenue and Pavonia Ferry Railroad Company Mortgage; and at the Special Master's sale held on July 7, 1924, under said Final Decree, the properties were bought by Harry Bronner, Joseph P. Cotton and Harold Stanley, as a Purchasing Committee acting on behalf of the Reorganization Committee. Said sale was confirmed on July 8, 1924, by said Court. The Plan and Agreement of Reorganization was duly promulgated and approved by various protective committees, and, by order dated July 10, 1924, was duly approved by said United States District Court. The Plan of Reorganization was also submitted to the Transit Commission of the State of New York, which, on July 8, 1924, after extended public hearings and the receipt of evidence relating to the valuations of the property, approved both the reorganization as provided in the Plan of Reorganization and the capitalization of the new company. The Reorganization Committee declared the plan operative in the latter part of April, 1925, and operation by the new company commenced as of midnight, April 30, 1925.

Columbus and Ninth Avenue R.R. Co.—This company had outstanding $3,000,000 5% gold bonds, dated Aug. 24, 1893, due Sept. 1, 1993, which were assumed by the New York Railways Co. The Plan of Reorganization of said company did not provide for these bonds. A protective committee was formed consisting of George E. Warren (Chairman), C. Robert Adams, Frank Coenan, New York, with Frank D. Pavey, New York, as counsel, Arthur N. Hazeltine as Sec. and American Exchange Irving Trust Co., New York, Depositary. A Plan of Reorganization has been adopted by the committee whereby $1,250,000 6% Income Bonds and 7,500 shares of Pfd. stock of the New York Railways Corporation will be exchanged for the $3,000,000 outstanding bonds of the Columbus and Ninth Ave. Railroad Co. on the basis of $416.66 Income bonds and 2½ shares of Pfd. stock of the former for each principal amount of the latter. Holders of $2,893,000 of the outstanding bonds have consented to the Plan.

Lexington Avenue and Pavonia Ferry R. R. Co.—This company had outstanding $5,000,000 First Mortgage 5% Gold bonds, dated Aug. 24, 1893, due Sept. 1, 1993, which were assumed by New York Railways Co. Under the Plan of Reorganization of that company each $1,000 of these bonds received $660 6% Income bonds of New York Railways Corporation and voting trust certificates for $400 par value of stock of **Pavonia Building Corporation,** incorporated in New York to take title to the Lexington Building situated between 25th and 26th Streets, Lexington and Third Avenue, which was subject to the Lexington Avenue and Pavonia Ferry RR. Co. Mortgage. Holders of $4,564,000 of the outstanding bonds have consented to the Plan.

Change of Control—On August 25, 1926, the New York Transit Commission approved sale of all the 90,200 Common shares of New York Railways Corporation, by New York Railways Participation Corporation to Fifth Avenue Coach Company, for the price of $10 a share.
